In his speech at Goderich on Monday Mr Cartwright said that his appearance in the Riding was signalized by the advent of a band of political adventurers. Truly crocodile tears flow when the Globe cries on the subject of Irish Catholic representation in the Cabinet. It says Messrs. Costigan, M. P. Some of the organs of the late Government are engaged in the mischievous work of endeavouring to stir up denominational strife in connection with the personnel of the new Administration as far as the Irish Catholic representative is concerned.
