#### FELLOWS' Compound Syrup of Hypophosphites.

S ALL LIFE-ENDOWED BODIES, whether they be beasts, birds, reptiles, insects, or even zoophytes and subjects of the vegetable kingdom, are governed by vital force, which binds all the springs of existence; and as nothing can save them from destruction, when this principle leaves them, the discovery of means whereby vitality may be sustained in the living body is indeed aboon to the world.

Modern chemistry has ventilated the questich and discovered the ingredients constituting the brain, muscles and nerves, and finds that by introducing these ingredients in proper proportions the brain and nervous system are This, then, is substantially the basis on

which Fellows' Hypophosphites is built; its direct action is upon the blood, the brain and nervous system, and the muscles. Strengthening the nerves, it causes the rapid distribution of vitalized blood in the muscular organs of the body. Rousing the sluggish heart and liver,

flated with oxygen. It is adapted for all cases of weakness and emaciation, whether arising from a sedentary life, a tropical climate, from fever or debility, from any cause, and is efficacious in pulmonary consumption, many confirmed cases having been cured, and all benefited, where its use has been continued over a fortnight.

strengthening the action of the stomach and

bowels, and enabling the lungs to be fully in-

In bronchitis it is a specific, and in asthma gives relief where every other remedy For nervous debility it stands unrivalled and may be used with confidence n all cases' As this is entirely distinct and different from every other preparation of Hypophosphites, be careful to ask for Fellews Syrup,
