A DOLLAR NEWSPAPER.

The present may not inaptly be styled the "Newspaper Age." A well conducted cheap newspaper is a desideratum with the masses. It is the "Schoolmaster abroad" Before the New Year, preferring to do and is almost a necessity in every household. To enable the Chronicle and News, to maintain the high position which it and its lineal predecessors have held for upwards of seventy years in Canada, and to | - 5 enable it to keep pace with the times, the Publisher begs to announce that, on and after the 1st of January next (1872), the folowing reduction will be made in the rates of annual subscription for the Chronicle and

every household. SUBSCRIPTION CLUBS. There is scarcely a village in Central Canada where Subscription Clubs may not be formed for this Journal by a trifling exertion on the part of its friends. The inducement of cheapness is great, and the Publisher promises that nothing shall be left | tended. undone to keep up the high standard of excellence which has earned for the Chronicle 7:30 o'clock, while around him on the platand News the popularity which it enjoys with all classes, as a family newspaper, even with those who do not coincide with it in politics. Upon this general ground alone, then, the Publisher of the Chronicle and News feels that he can ask his friends, irrespective of party, to promote its circula tion by the formation of Subscription Clubs.

POLITICS OF THE "CHRONICLE AND NEWS" Not a few of the subscribers to the Chronicle and News take the paper on account its recommendations as a family newspaper irrespective of its politics, but there are o. course a large majority who support the newspaper as well on account of its political as its intrinsic merits. To those and all others it is needless to say that it is, as it has been for upwards of 70 years, a Conservative newspaper. A Liberal Conservative newspaper keeping pace with the times, and one that on looking over its fyles it will be found has in all instances, when the interests of the country called for improvements in the laws or constitution, lent its aid earnestly and heartily towards carrying out necessary reforms. The Chronicle and News is now what it always has been since responsible Government was estab. lished, a consistent Liberal Conservative Journal, and as such supports the presen Ministry and the eminent Statesmen who have contributed so essentially to the establishment of the Dominion Government and who now guide its destinies. This policy will be maintained in the future as in the past, and should any party, reckless of the best interests of our country, attempt to subvert or undermine our new political edifice, the fruit of long and earnest thought of the ablest statesmen of Great Britain found in the van sustaining, on every legitimate occasion, a Ministry so thoroughly de-North American Provinces as that of Sir John A. Macdonald and his colleagues.

On local questions, affecting the welfare will support all measures for the prosperity of the locality, which is indeed one of the chief duties of a local journal.

The general features of the Chr. News will be preserved, and full attention will be paid to the various departments of general and local intelligence, market reports, entertaining literature &c. December, 6, 1871.
