receive nominations. Conley, that B. M. Britton, Esq., be Chairman of this Board for 1872. Carried without a dis-

ly for this renewed expression of their confidence and esteem. He had adverse feelings to the continuance of the position by any member beyond one year rather he approved of what may be termed a rotation of office, which he interests of the schools generally, and give satisfaction to all. But for various reasons was persuaded to accept the chairmanship again, one and the principal of which was the early establishment of an industrial schoolan institution where the so-called "street arabs" would be forced to attend to receive a liberal education, and be taught such branches of scientific employment as may be useful to them in subsequent and more mature years. Toronto had instituted an inquiry into the advisability of establishing an industrial school, and on the result of that investigation would of course, depend in a large measure the pros-
