FRIDAY EVENING, APRIL 5.

One of the items in the thirty millions dollars claimed by the Americans for con-Many years ago the British commercial marine was almost transferred to the American flag, but this occurred without any war or hoped to die. Under monarchial institu bloodshed, and was brought about by the simplest and most convincing reasons possi- to-day. We might differ from the members ble. The fact of the matter was, the Ame- of the Government of the day; but we

ricans at that period of their palmiest days ought all to assist the men who composed built better ships than the British (i. e.) in for promoting the general prosperity. He Thomas Workman," and "the Hon. John the "ships of British oak." The American | Smith who under Mr Mitchell, carried on liners built upon a peculiar model were celebrated all over the world for their swiftness, and the celerity with which they made their voyages; this was the secret of their success, and this was why passengers and shippers patronized them, because brought quick returns for their cargoes comparison with British merchant ships. The Great Republic, the creation of the celebrated Donald McKay of Boston, destroyed lately by fire, was the last of these winged yessels of the ocean. They were chiefly of pine, and copper bottomed, but many a British ship that cut "the deep waters of the dark blue sea"-when

"Long ago, In the deer-haunted forests of Maine, When upon mountain and plain; Lay the snow-They fell-these lordly pines ! These grand majestic pines !"-

is now sound and hearty, whilst their once great and successful rivals are only things of the past. And so, having the precedence as losers with very good grace, might the British put in their counter-claims for the once loss of their mercantile marine. English paper places the matter in a very plain light, and thus disposes of that one item at least :--

foreign merchant tonnage of the United States had fallen from 2,546,237 to 1,492, 223 tons, while that of Great Britain had risen by an almost equal amount. the first blush this might seem conclusiv but a different colouring is given to the facts upon investigation being made. Clarendon, who answered Mr Fish's despatches, showed that the loss was really at | ed to Manitoba and British Columbia. A gentributable to the American tariff "which | tleman was present from the latter Province makes the construction of vessels in Ameri- from whom he hoped presently to hear; can ports more expensive than shipbuilding | who would be assured them thaton the Pacif in England, and has thereby thrown so as well as on the Atlantic every British subtributable to England is established by the fact that the American shipping did not recover its position after the war, but continued to fall off. But we have American testimony to disprove the American allegaping interest to "the highly protective poliev which has characterised the fiscal legislation of the United States since 1860 cam pared with the use of an irredeemable and fluctuating paper currency. 'It was shown by Mr M'Culloch so far back as 1859, that "ship-building had been completely overdone on both sides of the Atlantic.' 1867, "as to deprive more than forty thouyear in connection with the single industry of the building, equipment, and sailing seagoing vessels, to say nothing of the construction of vessels for use upon our inland notable fact, that it had been found cheapemployed nearly half its registered and li-2,657,292 tons, it amounted in 1869-70 to ty which would induce people to settle, and ers, yarns, &c., will likely be no more than 2,595,328 tons. The decline capitalists to invest their money in this councilose for a few mont at least say that they had tried to do their clared by Mr Wells, and not to the depr
