The Daily Mews.

WEDDESDAY EVENING, SEPT. 18.

Speech of Mr Kirkpatrick, M.P., John.) The Grits are like an old criticel the last at the Great Pic-Nic.

Mr Kirkpatrick was received with great thing in every new play was his idea, and cheering and enthusiasm. After it had sub- stelen from his writings. One night at the sided, he said that he felt proud of the honour | theatre, when in order to give effect to some done to him and his worthy colleague in the parts of a new play, a thunder storm was in Local House by the large and respectable body | troduced, the old man cried out, "that's my of ladies and gentlemen who had turned out | thunder." So whenever a good measure is from all parts of the county to do them taken up, George Brown and the Grits are honour. He was especially glad to see so mure to cry out, "that's my thunder." many of the fair sex present, because when he (Cheers.) These so-called Reformers consider had the ladies on his side, he was certain of | themselves the authors of every good and getting the mon. (Cheers.) There was no real pleasure or amusement without ladies speaker) thought from recent events that their society, and he would quote as an authority great profession of reform were always crown-

for this the lines of Moore : " Oh woman, whose form and whose soul Are the spell and the light of each path we fessions by fwbich they climbed into power.

(Laughter.) Look at the Outario government. Whether sunned at the tropics or chilled at What a how! was Imade through the country the poles : Where woman is, there pleasure is too." for the last five years about the immerality of coalitions. What was their first act to form Cheers) In such an assembly he thought i would not be out of place to refer to the posi- a coalition government. Nohonest man could tion of political parties at the present time, stand up and say it was not as much a coali-It was well known that he was not an extreme | tion government as the previous one. Who party man, in fact it was made a matter of re- | talked so much about purity of election, and proach against him that he was not more of a | the prevention of undue influence? The preparty man, but he felt it impossible to vote | sent Ontario Government had not been in one way or another merely because it was a power one week before a paid land valuator party question. He would endeavour to exer- was telegraphed for, and held a midnight concise his own min I and judgment in advocating | sultation with a Cabinet Minister, and or opposing measures in Parliament. He was received his orders to go into the Township of classed as a Ministerialist, and he would tell Proton, and assist the Government candidate, them why he preferred the party now in and he obeyed those orders by coercing and power to these in opposition. He observed forcing the poor settler to vote for the Governupon the placards announcing this pic-nic, the ment, or his land would not be so favourably words "Union and Progress." He did not valued. These facts have been proved before know who had given this name to the party, a committee of the House. It was a gross at. but in his opinion, it was singularly appro- tempt to corrupt, to influence unduly a whole priate. They were in favour of union of the constituency. Nothing so gress, so bareface parties who were divided on old questions be- had ever been laid to the charge of John A. fore Confederation, lof union of all the Prov. | who perhaps had lenough to answer for but inces of British North America, teritorially nothing so bad as the Proton scandal. We and politically; that the people should feel must remember that John A. had occupied a that there was no longer the distinction of foremost position in this country for 17 years, Canucks and Blue noses, but that all were that every word, every action, every move-Canadians, and owed allegiance to the Domin- | ment of his was watched, and viewed "in that ion flag, new floating over the platform; of bright light which beats upon a throne and union of the people of all classes, of all relig- blackens every blot." If his opponents should ions, of the Grange and Green for the common ever occupy positions of public trust for so good and advancement and prosperity of their long a period it will be well for the country common country. (Applause.) They were in | if at the end of it they can show a record so favour of putting down sectionalism, arraying | clean, if they prove so self-denying and resist one Province against another by such cries as temptations to enrich themselves at the public "Loyalty to Ontario," loyalty to Quebec, or expense as Sir John has done, (Great Ap-New Brunswick, as the case might be. His plause.)

works, in enlarging the canals, in opening up voice - What about the Washington Treaty.] the great North-West by means of a railway. Mr Kirkpatrick said he was glad that he that great modern colonizer. We must, if we | had been reminded of this subject, and he wish to prosper and advance, imitate the would endeavour briefly to give his reasons for Yankees, and build railways. A great cry voting for that Treaty. It was a great thing had been made about the Canada Pacific Rail; to settle matters in dispute between England way, but he considered it must either be built and the United States by peaceful arbitration. by Covernment or by private enterprise by a In the event of war between these two councompany, and he had no hesitation in saying tries no part of the British Empire would be that the Covernment ought not to be engaged affected to much -se vitally as Canada; while in a work of this kind; they had enough to he did not shrink from the horrors of attend to without undertaking a work of such | war incurred for good and sufficient reasons, magnitude, opening the way to all kinds of yet he felt the awful responsibility of voting jobbery and corruption by reason of the vast in any way which might lead to the scenes of amount of patronage which it would carry with | desolation and misery and bloodshed which it. Now, in order to get a body of capitalists | lately befell poor France. When England was to undertake this work it was necessary to trying to settle by peaceful arbitration all state what assistance the Government of the causes of difference-when the consummation country would give. Just in the same way as of that settlement hung, as it were, by a was done with The Kingston and Pembroke thread, if Canada had thwarted the Imperial Railway, before men would take stock in it and | wishes - had refused to ratify her part of the contractors could be found to build it, the bargain, and thus caused the whole treaty to municipalities and the Government had to fall through, would not every portion of state what assistance they would give by way British Empire every dependency of of bonus. In like manner the Dominion Gov. British Crown have pointed the finger ernment had to promise what assistance they scorn at us ? (Cheers.) But the opposition would give the Pacific Railway Company, not | was not to the treaty itself, but to what was give the money now, but promise to pay it not in the treaty. Should we have rejected when the road was built in sections, that is what we did get because we did not get all when we got value for the money. Mr Alex- we wanted? Through whom did we get the ander Mackenzie admitted that the bonus was fisheries? Were not the Maritime Previnces not too large. His fear was that it was not almost unanimous in favour of it? And why large enough, and the company would be ask. should they not be, when it brought trade to ing for more when that was spent; but we their sea-port towns when they get \$2 a barmust remember that the money will not be all rel for fish when they only get \$1 before. (Ap spent until the road is finished. No company plause.) He was as much in favour of getting would take hold of the scheme if they were to our barley and other grains admitted depend on annual grants from Parliament; free into the United States as anybody, they must know beforehand how much they but he did not believe that the rejection of the are to get. The real secret of the Opposition | treaty by us would bring about that results was to kill the scheme altogether. There are but on the centrary, he believed that our remore ways of killing a dog than choking him pudiation of the treaty would have caused a with melted butter, and there were more ways bad feeling between the two countries, and of preventing the building of the Pacific Rail- postponed indefinitely our chances of Reciproway than voting against it directly, which the city. As to the St. Lawrence, the Americana Opposition dare not do, because they knew the were welcome to the use of it for ever. Any country was in favour of that scheme, as the vessel that went down would never come back only means of opening up the great North without our consent, without using our canals West Territories. (Loud cheers.) When

Canada went into Confederation she virtually

agreed to build that railway; without it Con.

federation was not complete; the vast fertile

valleys of the North West awaiting cultiva.

tion and affording means of living for millions
