IMPORTANT LETTER

From a Distinguished Physician.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of eight, of hearing, the human voice, the mind, one or more and sometimes all yield to its destructive influence. and sometimes all vield to its destructive influence. The poison it distributes throughout the system stacks every vital force, and breaks up the most robust of constitutions. Ignored because but little understood by most physicians, impotently assalled by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radiolal Curs has wen my hearty at roval. I believe it likely to succeed when all the sual remedies fall, because it strikes at the root of the disease, viz., the addicted blood, while it beals the ulcerated membrane by direct application to the massi passages. Its action is based on certain fixed rules, and unless the vital forces are too far exhausted, must, in the great majority of cases, effect a cure. GEO. BEARD, M. D. NOBSCOTT BLOCK, Sp. FRAMINGHAM, Oct. 1, 1874.

SANFORD'S RADICAL CURE

MAY safely claim to be one of the few popular remedies receiving the approval of medical gentlemen, who, in private, not only freely recommend it but use it in their families in preference to say of the preparations usually prescribed by checkless. to say of the preparations usually prescribed by physicians.

"You are aware," said a distinguished city physician, "that my obligations to the Mass. Medical Society are such that I cannot publicly recommend or prescribe the Radical Cure; but since I received so much relief from the usa of it myself, after a thorough trial of the usual remedies, I have privately advised its use, and presume I have sent to your store no less than one hundred of my patients for it."

UNIVERSAL SATISFACTION. ENTLEMEN. - We have sold SANFORD'S RADI-CAL CURE for nearly one year, and can say candidly that we never sold a similar preparation that gave such universal satisfaction. We have earn the first complaint yet. We are not in the babit of recommending patent medicines, but your preparation meets the wants of thousands, and we think those afflicted should be convinced of its great merit so that their suffering will be relieved. We have been in the drug business for the past twelve years constantly, and sold everything for Catarrh, but yours leads all the rest. If you see proper you can use this letter or any part of it that you wish.

SCENE IN A CHURCH. DISGRACEFUL PROCEEDINGS AT THE PARE-WKLL SERVICE OF A ENANTFORD

CLERCYMAN.

On Sanday evening the Congregational chorch at Brantford was thrown into a state of excitement by some personal allusions in the Rev. S. P. Barker's fare . well sormon. A large number of peoplewere present, and not the best of order was maintained. The ray: gentleman,in living his reasons for his departure. barged a portion of the choir with having faced obstacles in his way, saying that be had never had an hour's peace on account of the actions of some of then, This aroused the ire of a gentleman in the choir, who promptly arose, and from the choir gallery directly opposite the pulpit, he called upon the speaker to desist, as he was insulting every member of the choir. This, as may be surmised created a great commotion. The preacher instantly or-

dered the interrupter to, sit down. The latter retorted that if any further insults were offered he would turn on the organ and drown the parson's voice. During this controvery several ladies fainted. The preache continued his discourse, giving certai nembers of the church a severe drubl g for what he denounced as their unc! stian and uncharitable conduct towards him. Cries of "Give it to em, Barker," were heard in the front seats, as the minister laid on the last. ome of the members, those more direct ly pointed at, rose to leave the church, but as a heavy shower was coming down at the time they had to remain in the Libby, who they had the satisfaction of hearing all that was said. Of the difference between the paster and his flock little is known. Mr. Part has occupied the pulpit for over three years, and has always been a very out-spoken man. From street conversation, it appears that. the church is divided in its opinions, one pertion holding that Mr. Barker did wrong, the other, evidently the larger number, assert that his provecation was great, and that his castigation of a few of the members was well merited, though a mowhat severe. Mr. Barker has held the opinion for some time that there was a clique in the church conspiring against Bids us hope, when life's bright morning | him, and on Sunday, a week ago, he read his resignation, which took the bulk of the congregation by surprise.
