TUESDAY EVENING, MARCH 2.
A GREAT YEAR PROPOSAL.
Frail girls being, give me heart,
With laughter loudly I plead,
That I'm not a laughing bride,
I long—widely long to you.
That to my heart you stand as a
I'll print a fond and wild mistake,
Upon my cheek and fragile little thing.

There's mamma, mamma, didn't you
ask Uncle Herbert to marry you? He
wants to know.
I had come in, looking for the child,
and that was the speech I heard. I felt
ready to sink with mortification.
"Katie, darling, can't I hope you'll let
me ask you once more, then? I have
I hoped these (touching my heart and
dread) were put aside that I
could ask you to let me care for
you, and at once, come, darling,
I'll be as good as married; you
and I must share the day, and I say now
at once, let's give them a good, thorough
surprise. I can guess how you're treated
you. Come, now get ready, this fairy,
this blessed little darling that has brought
me my happiness, and will go to your
own minister."
I tried to refuse, but I was so weary
of living with my mother-in-law, that
last week I slipped out of the house,
and down Dr. S. saw me, then, I had
me, married me to Frank, and here
Herbert will, married us.

CONSUMPTION CAN BE CURED
IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.
A careful observation of the laws of health, and the systematic and persistent use of Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the most perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results, and endorsed and prescribed by more physicians for Consumption, and all diseases leading to it, such as Chronic Coughs, Bronchitis, Scrophulous, Anæmia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet is truly marvellous.

See What Physicians and the People Say about it.
Messrs. Scott & Bowne—*By Letter*—Within the past year I have used in my own family and in my private practice your Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the most perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results, and endorsed and prescribed by more physicians for Consumption, and all diseases leading to it, such as Chronic Coughs, Bronchitis, Scrophulous, Anæmia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. My husband heard and answered:
"No, Miss Julia, she did not ask me. Through other means than God, I learned the one I loved was unhappy, and I hoped for more than a year past to soon ask her to be my wife. I persuaded her to marry me at once. Less year privileges are still open for those who choose to use them."
We were quite an old married couple now, for three years have passed; but Herbert and I still often laugh over Nellie's leap-year proposal.

Irigated Nor Fumigated.
(Harper's Magazine.)
An old gentleman from the East, of a clerical aspect, took the stage from Denver South in late-rain days. The journey was not altogether a safe one, and he was not reassured by the sight of a number of rickety denizens in the coach, and nervously asked for what they were.
"Perhaps you'll find out before you get to the Divide," was the cheery reply. Among other remarks, he particularly (it seemed to him) three-looking man, girded with a belt full of revolvers and cartridges, and clearly a road agent or assassin. Some miles out, this person, taking out a large flask, asked, "Stranger, do you mean drink, or I do not?"
"Do you object, stranger, to our irrigating?"
"No, sir." And they drank accordingly.
