It was resolved to report the time honoured programme of an anniversary service on Sunday following and a public dinner on the evening of St. George's

THE PRESIDENT'S ADDRESS

Brethren,-It is with great pleasure

that I meet you here again this evening

at our annual meeting, and I am glad to see such a fall attendance of members present, as it is an indication that your interest in the Society is not abating. The year 1879-'80 has been marked with prosperity and harmony within the Society. I am happy to be able to look back and say that not one angry word has been uttered by any member at our several monthly and other meetings, but on the contrary our meetings have been conducted with that spirit of good will and brotherly love which should characterize all such assemblies as ours. I take this opportunity of thanking you my brethren, for your kind and cordial support, given to me during my occupancy of the chair, and I assure you that I will never forget nor fail to appreciate the proud and enviable position which you

placed me in when you elected me President of our noble S ciety. The Society is to be congratulated upon the condition of its affairs, financially and otherwise.

The anniversary service was held in St. George's Cathedral on the afternoon of Sunday, 20th April, '79. It was a very hearty one and well attended. The sermon, which was most eloquent, was preached by the Rev. Mr. Prime, one of our Chaplains. The music was grand and impressive, and the collection amounted to the sum of \$28.23, which was placed to the credit of the Benevolent Fund.

The annual dinner, as usual, was a successful and most enjoyable affair. Seventy-eight gentlemen sat down to it, which, considering the counter attraction of a military ball on the same evening, must be considered a good attendance. After paying all expenses there was balance left of \$7.51, which was also added to the Benevolent Fund. It is a matter of regret, however, that a few members absented themselves from the dinner, and met elsewhere as Englishmen, but I trust that in future all members will remain loyal to the Society and do nothing that will tend to weaken | Stock of Groceries we have made amongst us, and without which our So-
