For Railroad and Steamboat Time Tables see Fourth Page.

The Daily British Whig.

FRIDAY EVENING, JULY 16.

CITY AND VICINITY.

REMEMBER to pay your water account and save the discount.

PROG.—Briak south westerly to north westerly winds, fine and cooler weather.

THE ENGLISHMAN IN CANADA.—The newest and spiciest book yet published—"A Satire by Mac." Price 25c. Don't fail to secure a copy at Stacey & Walpole's.

THE "Maud" makes the trip to Cape Vincent to-morrow afternoon, returning by way of the head of the island. Passengers from Kingston are carried at excursion rates.

CITY PARK.—To-morrow evening "B" Battery band will play in the Park. The public feel gratified to the officers for permitting the band to play as often for their amusement.

IT IS WORTHY OF THE immense business the Golden Lion Grocery is doing, but we understand that they are selling cheaper and better groceries than at any other house. Everything families require can be got at it, in fact everything retails at wholesale prices.

CHEAP EXCURSION.—To-morrow afternoon the "Maud" will make her cheap excursion to Cape Vincent. Such means of recreation should be appreciated by the people, and the people do appreciate them as shown by the manner in which the excursions are patronized.

A SEVERE FALL.—Yesterday afternoon a girl named Reddy, living near Cataract, climbed a hutternet tree. She fell from a limb to the ground, a distance of eighteen feet. She received an oblique fracture of the thigh. Dr. J. K. Oliver, who was telegraphed for, set the limb.

A SUCCESSFUL WORK.—Mr. George Crammond has visited the city in the interests of The Shorthand Writer. Mr. Crammond states that the success of the journal has been most complete, that the number of subscribers is up, especially in Montreal and Ottawa, has been very numerous. Messrs. Bengough have our sympathy in their work.

SCHOOL GRANT.—The Secretary of the School Board, by direction, has sent a communication to the Mayor asking that the City Council be requested to give a vote, pro or con, upon the requisition for \$4,000 without further delay. To dodge a vote it is believed two or three Aldermen last evening biased themselves to prevent a meeting of the Council.

ST. PAUL'S PICNIC.—There was a large attendance at St. Paul's Sunday school picnic which took place at Channel Grove yesterday. The usual amusements were indulged in, the recreation being exhilarating, healthful, and enjoyable. The return to the city was made about 8 o'clock, the band of "B" Battery, which performed delightfully during the afternoon, dismissing the company with the National Anthem.

A HAPPY RELEASE.—The city has lost the Gough family. For two or three misadventures Thomas Gough had to seek a shelter elsewhere. More recently the head of the house was wanted for offending the liquor law, and residence here having become most embarrassing a complete removal was decided upon. Oswego is now favored by the Goughs. Long may they continue to flourish abroad.

ART OF QUESTIONING.—At the recent intermediate examination candidates were required to write a paper on one of four subjects, including "the art of questioning." A young lady selected this as her theme, and so wrote a serio-comic dissertation on the best and most effective way of popping the question in a matrimonial sense. The Central Board must be intensely amused when they come to examine it.

THIRD CLASS CERTIFICATES.—The examination for Third Class certificates closed this afternoon. The attendance was quite large. All the papers presented were quite reasonable, with the exception of the arithmetic papers which were considered to be not only difficult but in one or two respects rather outside of the prescribed matter. It is a significant fact that this is the last year for Third Class examinations.

FIRE IN SYDENHAM.—The outbuildings of Mr. Peter W. Freeman were consumed by fire on Thursday evening. By almost superhuman exertion on the part of some of the villagers the residence was saved. Mr. Freeman was absent from home at the time. Loss about \$1,000. No insurance. The buildings destroyed were drive house, stables, woodhouse, and barn. The large brick dwelling house near by had a narrow escape.

A COOL ACT.—For some days the police kept in front of the station the waggons, the shafts of which had been run through the window of Capt. Sankey's residence. The idea was to keep it until claimed by someone who would be required to explain how the vehicle got in the place where it was found. But it was hooked off in broad day light, and in full view of the police station. Who says this is not drowsy weather!

WIND WAFFIN.

FROM VARIOUS SOURCES AND ON VARIOUS THEMES.

During the past five years Clayton has lost 133 citizens and Cape Vincent 54.

Doing nothing is the easiest way to keep cool; it is also the most expensive.

Prof. Vennor's predicted change is not due until the latter part of the month.

The "Maud's" excursion to Cape Vincent will take place to-morrow. Bear it in mind.

St. George's Sunday School picnic took a large number of children out of the city this afternoon.

The Ottawa Free Press suggests the appointment of a thistle boss at \$1,000 per annum on the Rideau Canal.

A very highly finished locomotive was shipped to-day from the Ontario foundry for the L. C. & St. L. J. RR.

The excursion of the Primitive Methodist church down the river was a success, judging from the large attendance.

Twenty-two wagon loads of dead fish have been gathered up and carted away from the Bay shore near the Sandbanks.

The Kingston Lacrosse Club will meet for practice this evening, and will be pleased if joined by the members of the other clubs.

The Grand Masonic Lodge has transferred another \$5,000 to the Benevolent Fund. The appropriation this year amounts to \$7,510.

Two thousand three hundred dogs were drowned at the New York dog pound in the first week of the dog days. When will the good work begin in Kingston!

The Canadian Military Review, published by "B" Battery, was issued to-day. Its appearance has been delayed somewhat in consequence of the removal of the printing office from Quebec to Kingston.

A citizen has purchased 1,000,000 feet of lumber, now piled on the Mississippi River. Previously he had to ship lumber via Ottawa, but this year he will have it delivered in Kingston by the K. & P. RR.

William Murray, a sailor, and J. Sands, tobacco-merchant, of Hamilton, were registered at the police station last evening. They were booked for a five years' visit to the Kingston Penitentiary. They burglarized a house in Hamilton, and this is their reward.

Personal Items.

Dr. I. K. Ross, of Odessa, has been reappointed D.D.M.G. for Prince Edward District.

The Lord Bishop of Ontario intends visiting Marmora for the purpose of holding confirmation.

Mr. George Burden, recently editor of the Ottawa Free Press, is to receive a provincial appointment.

Bishop Haven lectures for Rev. J. N. Tait, at Alexandria Bay, on Tuesday next. A number of Kingstonians will be present.

Mr. Powers, President of the Chicago Sailors' Union, is now visiting the Union along the line. He will reach Kingston in a few days.

Mr. G. M. Kingston was one of the Montreal deputation which passed yesterday to examine the route of the proposed Trent Valley Canal.

Mr. Bayne, Professor of Chemistry, and Mr. F. Day, Professor of Freehand Drawing, Royal Military College, are visiting friends at Halifax.

Rev. Henry Ward Beecher will lecture on the "New Profession," at the Thousand Island Park, on the 23rd inst. It is a new profession of religion!

Mr. P. Ryan, who had a prize fight not long since with Goss, is visiting the city. He purposes giving boxing exhibitions. He is lionized in sporting circles.

Dr. Henderson, Grand Master of the Grand Lodge of Canadian Masons, was presented with an address by the Masons of Ganong. He made an agreeable reply.

Rev. Father Morrison, Pottsdam; Rev. Father O'Driscoll, Canton; and Rev. Father O'Mahony, Watertown, were in the city yesterday arranging for a union excursion to and picnic at Channel Grove.

St. Swithin's Day.

Yesterday was the anniversary of the birth of St. Swithin, a Bishop of the Church of England, in the time of King Egbert, whose remains were interred at his wish in the churchyard of the Cathedral.

A hundred years after feeling desirous of giving him greater honor, began the work of translating his remains into the interior of the cathedral. This was on the 15th July. They were stopped in their work by a heavy fall of rain which lasted for forty days, by which time they became convinced that it was designed to stop them in their work, and they gave it up. Ever since then it has been held as a maxim that if there be rain on St. Swithin's Day, there will be rain for the forty ensuing days.

DINING ROOM CARS.—Not long since we gave a lengthy description of the dining room cars introduced into Canada on the Grand Trunk Railway from the Western United States lines. We have now to record their success, both as a paying project and as pleasing the public. The bill of fare is first-class, the waterage good, and the comfort and convenience far ahead of the experiences of the old wayside dining rooms. They have placed the G. T. R. much further in popular favor.

CARRIED BY BY-LAW.—The editorial in last week's Express about the Napane, Tamworth and Quebec Railway, is said to have done the business. Thirteen of the ratepayers, with emity towards Kingston, read the paragraph in which it was stated that if Napane did not tap the back country Kingston would, and without thought voted for the by-law giving an additional grant of \$10,000 to the railway. Before Napane gets through with its railway it will pay dearly for its whistle, and Kingston will continue to draw largely from the rear of the country as the only natural outlet.

POISONING DOGS.—Within the last few days several valuable dogs, owned in Williamsville, have been poisoned. The party guilty of such work is unknown.

REMEMBER to pay your water account and save the discount.

MARINE NEWS.

HASTINGS ACCIDENT.—YACHTS CRUISING VESSEL IMPROVEDS.—THAT BLOCK-RADE—SAILORS' UNION.

The tug Active, with eight barges, came in this morning.

The scho. Maize, from Toledo, with 18,320 bush. of corn, arrived this morning.

The schooner William Elgin is having some slight repairs made to her at the foot of Clarence Street.

The T. C. Street came in at noon from Toronto with 22,000 bush. corn. She had a fine run down.

Mr. Commodore Wilson will have his steam yacht ready for launching in about a week. She is a beauty.

The yachts Countess of Dufferin and Coquette are lying in the harbor. They are on a cruise among the islands.

The steam yacht Rawson, of Ogdensburg, arrived last evening with a party of six, including Judge W. S. Sawyer.

Freights at the present time are quite remunerative. Detroit offers 6c, Toledo 6c, and Chicago 6c, on wheat to Kingston.

Messrs. Richardson & Sons have shipped over 200 tons of phosphate to Europe. To-morrow evening 300 tons more will be despatched.

Passed through the Welland Canal Barges F. Russell, H. Benson, Geo. Manley and tug Metamora, Collinby, Elk Rapids, light.

The steam barge Lothar has been hauled out and is undergoing repairs. The barge Beausire is also getting repaired. They are both at the ship yard.

The steam barge Anglin, with 221 tons of iron ore, arrived this morning from Ironides. The schr. Nellie Hunter carries the ore to Fairport at 65c per ton.

Called at Swift's—Dromedary, from Hamilton; Cornishian, from Montreal; Arceutha, from Toronto; Algerian, from Hamilton; and Cuba from Ogdensburg.

There is quite a demand for labour in the wharves and at the shipyard. A few months ago the exodus of a large number of carpenters occurred. Now their departure is much regretted.

The schooner Forest Queen has had upwards of \$500 expended in improvements upon her. She has been repaired. The owners have offered the Sailors' Union the use of her for an excursion to-morrow afternoon.

Oswego is preparing for the enlargement of the Welland Canal, and hopes to benefit by it. The Kingston harbor could be made the best on the lake by an expenditure of \$2,000 or \$3,000. Will the Government make the appropriation?

Yesterday the steamer Hastings, which backing out of Pictou harbour, ran upon a sunken pier and broke her rudder pier. When she arrived here she had a new pin put in. This necessitated her remaining overnight. The Pierpont took her trip up the Bay.

The barge Danville, which has been partly rebuilt at the Montreal Transportation Company's wharf, was launched this morning. She had been in the slip so long that she was deeply imbedded in the mud. The tug Active was employed upwards of two hours in hauling her out. She was towed below the bridge where she will receive a new cabin.

There has been much enjoyment at the expense of a gullible Toronto Mail reporter, who stated that there was a regular "blockade" here, and that no barges could be secured. As we stated yesterday no delay has been caused at all. In fact Kingston takes the belt for having forwarding companies that are not afraid of work, night or day. In other places an extra charge is made when vessels have to be loaded or unloaded at night, but here such a difference is not made. At no time during the season has there been a stoppage, the companies having every facility for transhipping the grain. When a blockade occurs we will report it.

A Progressive Kingstonian.

The July number of the Canadian Herald and Shorthand Writer contains a sketch of Mr. Albert Horton, appointed one of the House of Commons.

Mr. Horton was born on Wolfe Island in 1853. When he was ten years of age his family removed to Kingston where the subject of the notice received his early schooling. At the age of 12 he began the battle of life as a farm boy, mill boy at a saw mill, and message boy in a dry goods store, and later he undertook to learn printing in the office of our contemporary Egbert, whose remains were interred at his wish in the churchyard of the Cathedral.

A hundred years after feeling desirous of giving him greater honor, began the work of translating his remains into the interior of the cathedral. This was on the 15th July. They were stopped in their work by a heavy fall of rain which lasted for forty days, by which time they became convinced that it was designed to stop them in their work, and they gave it up. Ever since then it has been held as a maxim that if there be rain on St. Swithin's Day, there will be rain for the forty ensuing days.

DINING ROOM CARS.—Not long since we gave a lengthy description of the dining room cars introduced into Canada on the Grand Trunk Railway from the Western United States lines. We have now to record their success, both as a paying project and as pleasing the public. The bill of fare is first-class, the waterage good, and the comfort and convenience far ahead of the experiences of the old wayside dining rooms. They have placed the G. T. R. much further in popular favor.

KINGSTON PRESBYTERY.

TRANSFER OF STATIONS—HOME MISSION COMMITTEE—RECONSIDERING MR. FRASER'S CASE—DIVISION OF LABOUR, &c.

We recently announced that Rev. Mr. McLean, of Belleville, had been appointed Moderator of the Kingston Presbytery for the ensuing six months, and that Messrs. G. C. Patterson and J. Cumberland had been licensed to preach. Through the Canadian Presbyteries we now learn that the name of Rev. J. Cornsack, ordained missionary, has been added to the roll.

The tender of resignation made by the Clerk of his official position was withdrawn at the request of the Presbytery.

Sanction from the Assembly having been obtained, the stations of Morton, City, and Brookville, and the station of Blairton transferred to the Presbytery of Pelee.

Professor Morat and Dr. T. G. Smith were appointed a committee to draft a suitable minute in relation to the late Rev. Alexander MacLennan, of Amherst Island.

The matter affecting Mr. Joshua Fraser being taken up, notice of motion for reconsideration of sentence was given to be disposed of at the next meeting.

The Home Mission Committee was re-elected with the addition of the Rev. D. Kelso.

The field formerly known as Camden and Sheffield has been divided into two parts, to be known as First Newburgh and Clark's Mills, and Second Eighth Concession Church, Camden and Sheffield. Rev. A. Young was authorized to attend to the ordination of elders in the former of these fields, and assessors were associated with him for the purpose.

Mr. William S. Smith, student in Arts of Queen's College, asked to be certified to the Divinity Hall of said College. Messrs. McCaughey and Chambers were appointed to confer with him, and examine his College certificates.

Taxing Pleasure Grounds.

The City Solicitor has placed in the hands of the City Clerk a number of papers for submission to and consideration by the City Council. One of these will interest many of our readers. It is stated "Under the Act, passed at the last session of the Ontario Legislature, 43 Vic., Chap. 27, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th, 101st, 102nd, 103rd, 104th, 105th, 106th, 107th, 108th, 109th, 110th, 111th, 112th, 113th, 114th, 115th, 116th, 117th, 118th, 119th, 120th, 121st, 122nd, 123rd, 124th, 125th, 126th, 127th, 128th, 129th, 130th, 131st, 132nd, 133rd, 134th, 135th, 136th, 137th, 138th, 139th, 140th, 141st, 142nd, 143rd, 144th, 145th, 146th, 147th, 148th, 149th, 150th, 151st, 152nd, 153rd, 154th, 155th, 156th, 157th, 158th, 159th, 160th, 161st, 162nd, 163rd, 164th, 165th, 166th, 167th, 168th, 169th, 170th, 171st, 172nd, 173rd, 174th, 175th, 176th, 177th, 178th, 179th, 180th, 181st, 182nd, 183rd, 184th, 185th, 186th, 187th, 188th, 189th, 190th, 191st, 192nd, 193rd, 194th, 195th, 196th, 197th, 198th, 199th, 200th, 201st, 202nd, 203rd, 204th, 205th, 206th, 207th, 208th, 209th, 210th, 211st, 212th, 213th, 214th, 215th, 216th, 217th, 218th, 219th, 220th, 221st, 222nd, 223rd, 224th, 225th, 226th, 227th, 228th, 229th, 230th, 231st, 232nd, 233rd, 234th, 235th, 236th, 237th, 238th, 239th, 240th, 241st, 242nd, 243rd, 244th, 245th, 246th, 247th, 248th, 249th, 250th, 251st, 252nd, 253rd, 254th, 255th, 256th, 257th, 258th, 259th, 260th, 261st, 262nd, 263rd, 264th, 265th, 266th, 267th, 268th, 269th, 270th, 271st, 272nd, 273rd, 274th, 275th, 276th, 277th, 278th, 279th, 280th, 281st, 282nd, 283rd, 284th, 285th, 286th, 287th, 288th, 289th, 290th, 291st, 292nd, 293rd, 294th, 295th, 296th, 297th, 298th, 299th, 300th, 301st, 302nd, 303rd, 304th, 305th, 306th, 307th, 308th, 309th, 310th, 311st, 312th, 313th, 314th, 315th, 316th, 317th, 318th, 319th, 320th, 321st, 322nd, 323rd, 324th, 325th, 326th, 327th, 328th, 329th, 330th, 331st, 332nd, 333rd, 334th, 335th, 336th, 337th, 338th, 339th, 340th, 341st, 342nd, 343rd, 344th, 345th, 346th, 347th, 348th, 349th, 350th, 351st, 352nd, 353rd, 354th, 355th, 356th, 357th, 358th, 359th, 360th, 361st, 362nd, 363rd, 364th, 365th, 366th, 367th, 368th, 369th, 370th, 371st, 372nd, 373rd, 374th, 375th
