

For Sale to Close Estate.

TENDERS will be received for the purchase of the whole of the property in the City of Kingston, laid out in lots, belonging to the estate of the late Richard Ellerbeck.

The Daily British Whig SATURDAY EVENING, AUGUST 14.

REMEMBER. THE BAND in the City Park at 7:30 p.m.

Those who are agitating for the removal of the early buildings to Toronto or Montreal need not expect to succeed in effecting that object.

The other in wheat, engineered by Keene and other shrewd and wealthy Americans, has proven a great failure.

The Irish peasantry should not, it seems to us, countenance or encourage any violence for legal legislation for the amelioration of their condition.

The Globe announces that Mr. Ald. Ryan has been selected by a convention of Reformers in West Toronto as candidate at the approaching election.

There is an idea mooted in some quarters that the provincial exhibition should be merged in four great central fairs—at Ottawa, Kingston, Toronto and London.

The idea is not original. It was suggested long ago. It gains in popularity, however, with each year's experience.

The provincial exhibition has become a sort of jobbing institution, the managers of it being actuated, apparently, by personal motives rather than the impulse to do good in the interests of the province.

The Montreal Star has been informed that the proceeds of the first half of the loan have been placed to the credit of the Province of Quebec and that the exact amount of it is 9,898,828 francs.

The following is the list of those who successfully passed the examination for entrance to the Bydenham High School. We take it from the News: Alice Barker, private tuition, 463 marks; Edwin M. Walker, No. 2 Storrington, 408; Thomas Waugh, private tuition, 403; Henry McConnell, No. 5 Loughboro', 373; Esther Bottin, No. 2 Bedford, 366; Annie Reid, Tamworth, 360; Maggie Smith, No. 5 Kingston, 363; Annie Waggoner, No. 14 Kingston, 362; Ella Wells, No. 12 Portland, 347; Wm. M. Davison, private tuition, 342; John Duff, No. 2 Storrington, 326; Mary Donovan, No. 13 Kingston, 322; Hannah Burley, No. 3 Loughboro', 321; Nellie Caldwell, No. 15 Kingston, 297; Maggie Shannon, No. 12 Storrington, 294; Allice H. Wood, No. 3 Loughboro', 283; Michael D. Ryan, No. 6 Loughboro', 284; Jessie Frase, No. 3 Loughboro', 282; Minnie Caldwell, No. 3 Loughboro', 281.

THE MODEL SCHOOLS.

The wisdom of establishing Model Schools, for the training of young teachers in the art of communicating their knowledge to others, and in the management of classes of which they have had up to the period of their entrance to such institutions no practical experience, has never been questioned; but the system is not without its defects.

A young man, who held a loaded pistol to his breast and threatened to blow his brains out unless the girl who had refused him would consent to have him, was coolly told by her that he would have to blow his brains into his head first.

A piece of silk worth \$100, stolen two years ago from the store of Thos. May & Co., Montreal, was found in possession of a tavern keeper on the 12th, he having advanced \$10 upon it. A leading Ottawa temperance man has been caught paying attention to other women than his wife, and the result has been a scene in which all parties played a conspicuous part in a conspicuous street in broad daylight.

FENIAN SCARE.

Chicago, Aug. 13.—The police have arrested the individual who was one of the robbers of the 'Juno,' and who fell down the hatchway into the hold, in a jumping case, and it is supposed causing a more speedy retreat of his comrades from the ship. Several of the robes stolen from the 'Juno' have been recovered. They were dug up in a potato field near Rochester. The party which attacked the 'Juno,' upon leaving the vessel, rowed up the Oak side of the river and passing through Thomaston, the crew of Sub-inspector Wayne has recovered twenty of the missing guns in the neighborhood of West Passage. They proved to be of old fashioned, smooth bore arms, of no particular use, except at short range.

London, Aug. 13.—Cork advises state of affairs in the county. The 'Juno' was taken from the 'Juno' and carried to the 'Juno'. There were seven small boats, each carrying seven men. The crew of the 'Juno' were battened down in the fore-cabin and armed sentries placed over them. The captain and his crew were taken from the 'Juno' and carried to the 'Juno'. LOSING SPECULATION.

Chicago, Aug. 14.—The Times publishes today a very interesting article on the 'Juno' case, which has been closed out with a loss to the syndicate and the participants of several millions of dollars. The deal originated in the spring of 1875, when J. R. Keene and Jesse Hoyt, who had associated with them Perry H. Smith, Geo. L. Dunlop, Nathan C. Smith, J. R. Keene and Judge Howe. The last named five were allowed a quarter interest in the syndicate. Hoyt had a quarter and Keene a half. The New York and assumed the entire direction of the deal. Angus Smith, of Milwaukee, gauged his speculations by theirs and the amount finally arrived at whereby though he was not to share in the profit, he was to be guided by its directors. At one time the syndicate had bought 16,000,000 bushels of wheat. They proposed to close out the deal last May, but the attempt did not realize expectations, and they were forced to renew their operations. They were guided by their directors, and they were forced to renew their operations. They were guided by their directors, and they were forced to renew their operations.
