We observe that the Fire Insurance Managers and Agents have determined to send deputations representing their interests, or more properly speaking, the prevented their proceeding with the from the interior come in slowly. They interests of the Companies they act for, to such towns and cities as they may choose, to examine into the susceptibilities to fire and facilities for defending the as lees against its ravages. This is only a precaution that recent experience has shown to be imperatively necessary, and a judicious exercise of the, right to make such an examination may lead to enterprises which they were the means a more rigid enforcement of corporation laws as affecting fire limits and the erection of wooden buildings. While it would be inconvenient and perhaps impossible have now long bills of costs to liquidate. to have every old tinder box removed from the locality where it was built a half century ago, the authorities can guard against an increase of danger from such a source. The Insurance Companies are only adopting a strictly business principle when making a thorough inspection of the capabilities of a Corporation to protect policy holders from fire, before entering into an agreement which makes them liable for heavy amounts.

equally well-informed (on Canadian af- | way Company with an offer of settlement fairs) English journals, having expressed and peace. the opinion that Mr. Mackenzie should have resigned when defeated in the Senate on his Nanaimo and Esquimalt Railway Bill, our Conservative confreres sprang to their feet with a shout of appromal at once terrifying to nervous folks. The following extract from Lord Dufferin's Victoria speech will show what he The English Education Act, which came candidate for the vacancy in the House White is one of the oldest papers in the think of Mr. Mackenzie's conduct :

"When the Bill passed the House of Commons by a large majority with the assent of the leader of the Opposition, in assent of the Opposition, in assent of the leader of the Opposition, in assent of the leader of the Opposition, in assent of the Opposition, in assent of the leader of the Opposition, in assent of the Opposition as a second as a s common with everyone else, I concluded Compulsion is now adopted and success- Peterboro' last spring, was yesterday fluential than ever before.
