CITY AND VICINITY

GOLD in New York at 3 o'clock 106½

ARRIVED.—U.S.S. "Prussian" arrived at 9.35 p.m., last night at Halifax.

LATE.—The express due here at midnight, did not arrive until this morning—about 10 hours late. The detention was caused, we believe, by a run off at Napanee.

RETURNED.—Last evening Rev. Mr. Carey, who was one of the mission deputation who visited Ottawa and the counties of Carleton and Russell, returned home last evening. He reports having a most successful tour.

A ROUGH WAY HOME.—On the first page of to-day's issue we print a true story, bearing the above title, and taken from the New York *Christian Weekly* The incident, narrated with much interest, is penned by Miss Machar, and will entertain every patron of the WHIG who may peruse it.

CONGREGATIONAL.—To-morrow, Mr. McGillivray will preach in the First Congregational Church in the morning, and Mr. Ferguson will occupy the pulpit in the evening.—Rev. Mr. Peacock, of the Johnson Street Congregational Church, will go to Belleville, and Rev. Mr. Cosser, of Belleville, will preach in the former's church.

METHODIST MISSIONS.—The missionary sermons will be preached to-morrow. Rev. E. R. Young from the Northwest will preach in the morning in Sydenham Street Church, and in the evening in the Queen Street Church; and Rev. Le Roy Hooker will fill the pulpit of Queen Street Church in the morning and that of the Sydenham Street Church in the evening. They are both eloquent preachers.

RE-OPENING.—The Sydenham M. E. Church (Loughboro Circuit) will be re-dedicated on Sunday, Feb. 11th, when sermons will be delivered by Revs. J. R. Aylsworth, A. D. Traveller and F. B. Stratton. Collections in aid of the repair fund.—On Monday there will be a tea-meeting in the Church basement. Addresses by Revs. Messrs. Aylsworth, Stratton, Amey, Dawson, Andrews, Mavety and Ferguson.

OBIT.—Yesterday Mr. Thomas Corbett, youngest son of the late Sheriff Corbett, died at the residence of the Hon. Lewis Wallbridge, Belleville, after a lingering illness of consumption. His remains will be brought to Kingston for burial, the funeral taking place on Monday from the Grand Trunk crossing, on the arrival of the Express from the west, to the Cataraqui Cemetery. Mr. Corbett's decease is very much regretted.

CONVICT LABOUR.—The *News* says:—A number of Penitentiary convicts have been employed at the Government works of the Dock Yard during the past week. They are not looked upon favourably by the unemployed workingmen, who, owing to the policy of our rulers, unfortunately form a large section of the community.' What has the policy of the Government to do with the corner loafers? Our contemporary is entitled to indulge in any amount of reasonable criticism, but it is silly to charge the Government with local vagrancy, for that's just about what its statement means. There are not many industrious men idle.

Y. M. C. A. LECTURE.—On Tuesday evening Captain Kensington, R.A., and one of the Professors of the Military College, will lecture under the Y.M.C.A., his subject being of a military character, and it promises to be very entertaining. Latterly the increased accommodation of the rooms has been insufficient to meet the demands of the public. Two weeks ago the new hall would not hold all who applied for admission. This we look upon as a healthful indication of the times, and the object of the Association is being fully realized. Capt. Kensington is competent to deal ably and intelligently with the theme of Tuesday evening.

INSURANCE POLICIES.—The *News* last evening did Mr. W. R. McRae a serious injustice in stating, that in consequence of the number of recent fires, the insurance companies had cancelled their policies on the Golden Lion Block. This was an untruth, but we are charitable enough to assume that the statement was made innocent of any desire to do Mr. McRae harm or mischief. The Golden Lion Block is insured for just as much to-day as it was at any time since its erection, and because a policy was changed in the natural order of business it must not be supposed that any risk had been incurred from which any Company had expressed a desire to be relieved.

UP-TOWN MARKET.—The Chief of Police is to-day restricting the size of the impromptu wood market on Clergy Street. Sleighs are only allowed to stand upon the east side of the Street, where there is scarce accommodation. The people upon both sides regard the market as a very great nuisance, and are petitioning against it as one body, which petition will be heard at the City Council on Monday evening. The residents of the upper wards will oppose most strenuously any effort to abolish the market altogether, and therefore a proposition will be made to purchase a large lot on Princess Street for the public convenience as a market place.

CURLING.—*Grip's* last has the prominent politicians sketched as a lot of curlers, whose stones represent the Free Trade and Protection arguments. On the side of Free Trade Messrs. Brown, Mackenzie and Cartwright are ranged; on that of Protection Sir John and Messrs. Patteson and Tom White. The last shot is Tom White's—his London speech. Across the rink Mr. Howland has placed the Dominion Board of Trade's plank of Protection, and Sir John jubilantly remarks "that they (his opponents) cannot get over that Board," while Cartwright and Mackenzie exclaim, "chop and lie" and "scoop her up more! scoop her up!!" respectively. Tom White and Patteson seem delighted with the situation, and Geo. Brown adds to White's glory by answering his arguments with a wipe over the head with his broom. Decked out in immense Scotch caps the artiy cut a most comical figure.

WIND WAFTS.

—This is Vennor's mill spell.

—The Council meet on Monday evening. Who'll be the martyr of the session?

—Spring is surely budding. It has become the thing for young married men with big sticks to take morning walks.

—Archbishop Cleary, Parnell and Rev. F. W. Kirkpatrick, of Kingston, preach the anniversary sermons in Picton to-morrow.

—The plot thickens. A couple of additional Conservative candidates are talked of. The whole caucus will be out soon.

—The *Globe* and *Mail* gives verdicts directly opposite to each other in the case of Ferguson vs. City of Kingston. Now which is which?

—It is all very well to fill up the pitch holes in the streets, but the job done up Brock street is carrying the business a little too far. The travelling is now worse than before.

—The Kingston Masonic Board of Relief has been re-organized, with V.W. Bro. Oldrieve as President; Bro. Clement as Treasurer, and W. Bro. Ponse as Secretary. It will show a return of over $800 in benevolent payments in Kingston during the past six months.

—The Belleville *Intelligencer* thinks the division of the Province into districts for exhibition purposes is a suggestion worth considering, but our contemporary names Belleville as the headquarters of the Midland district, as it is more central than Kingston, and is situated in a better agricultural district than that which lies about the limestone city. Of course. Kingston is nowhere when contrasted with Belleville which has all the advantages and vanity of a country town. If Belleville wants the show all to itself it had better run it alone.

Kingston Prohibitory Union.

The meeting, to hear the report of the Special Committee on the basis of action, was held last evening. The Committee recommended that they unite to see that the present license laws are enforced, and that they work to create a public sentiment in favor of prohibition, and in the meantime do all that they can to reclaim those that have become the victims of drink, which recommendation was carried by the meeting. A pledge is to be drawn out, to be ready by next Friday evening, for all to sign who are willing to become active members of this society. It was also agreed not to enforce the total abstinence pledge as a condition of membership, except from those who should be eligible for office, or members of Committee, so as to allow those who are favorable to prohibition to unite for action, but who are as yet not total abstainers. A Committee was appointed to draw up a petition to the Council, to have the number of taverns reduced to the lowest possible number, and to charge the highest amount for licenses, and that saloons be done away with altogether if possible; and that the selling of liquor in groceries be curtailed and regulated so that a separation may exist between the liquor and grocery departments. These petitions are to be ready by next meeting for signature. The meeting then adjourned to meet next Friday evening in the same place.

Our Institutions.

The Ontario Government has settled upon the amount to be voted to the charitable Institutions of Kingston. These are as follows:

House of Providence	$1,024 37
Hospital	4,418 93
Orphans' Home	379 48
Hotel Dieu	1,841 77
House of Industry	1,042 27
Total	$8,724 72

HIGH SCHOOL PAPER.—Kingston is not behind other places by way of publications. It issues a college journal equal to anything of the kind published for typographical appearance and merit, and now its Collegiate Institute will follow in the footsteps of similar institutions and print a paper. It will be issued quarterly, and will contain matter interesting to the pupils and friends of the High School. The boys will edit and supervise it themselves, but they will, of course, have the assistance of the masters just so far as youthful journalists are expected to be guided by their more experienced superiors. The arrangements are complete for the work, and we believe the first number will appear shortly. We wish our contemporary a successful career.

PRESS FAVORS.—Reporters discover the singular fact that nearly every person locked up in the station house is extremely anxious to have it understood that it is "the first time they were in such a fix." We are frequently asked to suppress names because their publication would injure their friends and relatives. We do comply occasionally, but we find that the more these people are petted the less they appreciate the kindness. If we did right we would exempt none. We should not be asked to suppress news any more than the police magistrate be asked to refund fines.

MISSIONARY MEETING.—The annual meeting in behalf of the Ontario Diocesan Missions will be held in St. Paul's Church to-morrow (Sunday) evening at 6:30. In addition to the speeches by the deputation, (Revs. Messrs. Bogert and Muckleston) addresses will be delivered by Messrs. Walkem and Burns. The meeting, for such a very worthy object, will as usual be large, and it is to be hoped that the collection will be fully up to what the best wishers of missionary work could desire.

CHALMERS'.—To-morrow morning and evening the Rev. J. Elliott, of Nazareth Street Church, Montreal, will preach in Chalmers'—he being one of the number of clergymen who are candidates subject to a call to the vacant pastorate. On Monday evening there will be a church meeting, at which a call to one of the preachers will be discussed.

ELOCUTION.—Last evening there was a good audience at the entertainment given in St. Andrew's Hall by the Elocution Association of Queen's College. The programme was very much appreciated. It was admirably carried out, and gave the utmost satisfaction to all concerned.

And Who is Cock Robin?

Mr. Edditur, sure its meself I declare,
Is in Haythenish darkness about this affair;
Betune yees foine gents that do be a bobbobbin,
Your glasses o' punch to the health o' Cock Robin.

But who's this Cock Robin is fwhat I don't know,
He's surely a Fanian to trouble yees so;
For none but a Fanian I'm free to confess,
Would be takin' such liberty, sure wid the press.

Its a mighty foine thing to be a Parliament man,
And have Edditurs soundin' yer praises all they can;
And fwhen they come axin' "Some pay if ye plaze."
Just to tell them "me bonies, its past thirty days."

And sure its meself will be runnin' next year,
For among the big roosters I'd like till appear;
And be cock of the walk without foiner or delf—
Do you ax' who'll elect me? I answer "meself."

—PADDY.

PRESENTATION.

Last evening a very pleasant affair took place at the G.T.R. Station. Mr. W. G. Burnett, Yard Master, was presented with a complimentary address and gold ring, by his fellow employees, on the occasion of his removal to a higher position in the Company's service at Brockville. An excellent supper was also provided by the Committee in the refreshment room, Mr. John Treniman occupying the chair. After supper was served, the Chairman called the meeting to order, and explained the cause of Mr. Burnett's removal. For his part, he was sorry to lose so able an assistant as Mr. Burnett, who had by his obliging conduct for the past 5 years, made himself universally liked and respected. He would now call on the Committee to make the presentation. Mr. Alfred Harmer, on behalf of the employees, presented Mr. Burnett with an address, expressing their regret at losing him, but consoling themselves with the thought that their loss was his gain. They also hoped he would have no 'run offs' from the path of duty, and have no 'pitch ins' or collisions with his employers. The welfare of Mrs. Burnett was also mentioned. The address was accompanied by a gold ring as a slight token of their esteem. Mr. Burnett briefly returned thanks for the expression of goodwill manifested towards himself and Mrs. Burnett by his fellow employees, and assured them that he would always remember with pleasure the years he had spent in Kingston. After the usual loyal toasts had been drunk the Chairman proposed the healths of Mr. and Mrs. Burnett. Mr. Burnett again thanked the meeting for the hearty manner in which the toast was drank. The various departments of the staff were toasted and responses made by the members present. The health of the Chairman, Mr. John Treniman was next proposed by Mr. Burnett. Mr. Treniman thanked the employees of the G.T.R., at Kingston Station for the enthusiastic compliment. This was the third time that he had come to reside in Kingston and he had often hoped that he might be allowed to end his days here. There was plenty of other stations on the line that offered larger pay than Kingston, but give him Kingston and small pay rather than any other station with big pay. He could not but contrast the present efficiency of the road to the time when he first went on the service. Then if a train passed every two hours it was thought good work. He was sorry that in consequence of the depression of traffic, it had been found necessary to reduce the staff, but he was glad to say that that was passing away and the whole staff would be reinstated again. There was some talk of bringing the works back again to Kingston. He hoped that would be the case. The present condition of the track was second to none on the continent, and he knew that the difficulty of running between Montreal and Kingston, and Toronto and Kingston, is not as great, nor nearly as great as it used to be to run on the old iron rails between Belleville and Brockville. He thought that the city of Kingston would liberally grant a good round bonus for the purpose. In conversing with the officers of the road, many of them expressed their desire of residing in Kingston rather than either Montreal or Toronto. He concluded by wishing that the same good feeling would prevail among them in the future as had in the past.

"The Ladies" were proposed, and responded to by Mr. W. Perry. "The Press" and "The Committee" were also drunk and duly responded to. After the conclusion of the affair about forty couples remained to "trip the light fantastic toe" under the direction of Mr. W. Perry.

The Warden's Supper.

Last evening Mr. George Dennison, of Portland, the newly-elected Warden of the County, entertained the Council and its officials, as well as a number of his friends, at a supper in the "Albion," in the best style of that most popular hotel. He was sustained in the Vice chair by Mr. McRory, ex-Warden, and upon the right and left by prominent gentlemen. The gathering, besides being productive of many compliments to the Warden, was very sociable and agreeable. Our report of it is crowded off, by press of other matters, but will appear on Monday.

FURIOUS DRIVING.—The police have been personally cautioning the owners of "fast nags" against driving fiercely through the streets, and the losses of the four pacers which went in flying procession down Barrie and King streets the other day will have to patronize some other and less convenient race course. But, law, if the police think that they could hold those horses in when they get near one another in the street, they are full of fresh courage.

FIRE ON WOLFE ISLAND.—On Sunday evening last, a Mr. Daniel McCarthy's barn, sheds and contents, were burned. The house caught fire, but by tearing part of it down, and applying water in pails, it was saved in a damaged condition. Mr. McCarthy was insured in the Agricultural Company for $300. Incendiarism is suspected.

—The exports of sugar from France will have to be greatly reduced unless the French refiners manage to secure a lot of foreign cane sugar. Hardly one-third of the refiners are at work.

County Council.

FRIDAY MORNING.—The members were all present. Several accounts were read and referred.

A notice was reported as served upon the Warden, giving notice of an application respecting the K. & P. Road to be made to the County Judge on February first.

CONDOLENCE.

Moved by Mr. McRory, seconded by Mr. Toland, that whereas it has pleased Almighty God to remove from amongst us our much respected friend, Peter Graham, M.P.P., and ex-Warden of the county, this Council desires to express to his widow and family their deep sympathy with them in their great affliction, and fervently hope that He who in His wisdom has dealt thus heavily with them, will in his infinite goodness so order things that their sorrow may be mercifully tempered with resignation and hope. By the death of Mr. Graham the members of this Council lose a sincere friend, and the County one who ever had its interests largely at heart. Carried unanimously.

Moved by Mr. Atcheson, and seconded, that the sum of $100 be granted to each of the municipalities in the county except Garden Island and Portsmouth (to which latter two $50 each) to be laid out on the leading roads and bridges, and paid to the order of the Reeves at the June session.

Moved by Mr. Anglin, in amendment, that $50 be granted to each municipality north of Portland to be spent on roads and bridges therein. The original motion was carried and notice of by-law given to confirm it.

Mr. Clyde moved, seconded by Mr Spooner, that whereas the services of the County Solicitor are not now required by this Council, there being no questions of law pending with this county, that Mr. Snook's services be dispensed with, the office abolished and a by-law passed to repeal the by-law of appointment.

The Council adjourned till 3 p.m.

AFTERNOON.—The report of the Committee on County Property, recommending the purchase of a water meter for the Court House and the making of any alteration in the heating apparatus found really necessary, was adopted.

The report of the Committee of Education was adopted.

The report of the Finance Committee recommended a host of payments, but withholding others not duly certified; that the city corporation account for rent be not paid, not being owed; that Mrs. Garratt receive $25 for bedding destroyed because of contact with small-pox patients; that articles for the County be ordered through the Chairman on County Property only.

Letters being read from Sheriff Ferguson and Mr. Fuller, C.C., Mr. Toland moved that the Council make no further provision than that already arranged for the Clerk of the Court's office in Court House.—Carried.

On motion of Mr. Anglin, the Council resolved to take no notice of Mr. W. H. Reid's service upon the Warden U.K. & N. Road.

Mr. Dawson moved that a requisition book be kept for the entering of all requests for articles required for County purposes or the Court House.—Carried.

SATURDAY.—Members were all present.

By-law 146, for confining the road grants of yesterday, was passed through all stages.

By-law 147, abolishing the office of County Solicitor, was read once. Mr. Toland moved an amendment, that the second and third reading be laid over till June next.—Carried.—Yeas: Atcheson, Chambers, J. R. Dawson, Hughes, McRory, Macdonald, Paul, Sexton, Tapping, Toland, Watson, sr., Watson, jr.—12. Nays: Anglin, Calvin, Coxe, Clyde, T. Dawson, Flynn, McRae, Strachan, Spooner.—9.

Mr. McRory moved that the chairman of the Committee on County Property have the brick partition vault of office of Clerk of County Court removed, and also provide such fittings as are necessary, that Messrs Kirkpatrick & Rogers be notified of the County Council's vacancy on their part of Mr. Fuller's present office.—Carried.

Mr. J. R. Dawson moved, seconded by Mr. McConnell, that the County Clerk do return all assessment rolls sent him for filing if they are not in accordance with the Assessment Act, and that he notify the Assessors of this resolution.

It was resolved that the Warden and Treasurer raise by loan or discount a sum not exceeding $15,000, for retiring notes under previous by-laws, of say $13,000, and to meet current expenses until June

The Council adjourned till the second Tuesday in June at 2 p.m., the Equalization Committee to meet upon the Friday previous.

Ontario Building and Savings Society.

We observe, from an advertisement in another column, that this comparatively young Society has at present a large amount of surplus funds to lend on real estate. We are informed that the total amount of these loans upon mortgages had increased from $50,000 up to $100,000, or just doubled itself, during the ten months of last year, and their subscribed capital stock in the same period had risen from $95,000 to $140,000, a large portion of which has been paid up. In the Savings Bank department of their business a similar increase has taken place, not only in the amounts therein deposited, but also in the steadily enlarging number of depositors, to whom the Institution appears to have supplied a want much felt, there being no delay (as in the Government Savings Banks) in paying out money when required. Additional stock has been taken up during the present month to the amount of $26,000, and the Directors anticipate that the total sum of the capital stock subscribed will soon reach $200,000, which will give them ample means to extend their operations in the future.

PROBABILITIES for the next twenty-four hours for lower lake region and St. Lawrence rising barometer moderate south westerly to westerly winds and fair mild weather.

WORMS IN CHILDREN.—Worms in children, if neglected, lead to fatal results. If a child does not sleep well, is restless and uneasy, keeps picking its nose, or does not seem well, though it may be positively sick it has worms, and nothing will relieve it, so speedily, and effectually, as WINGATE'S WORM LOZENGES.

THE Grand Central Hotel, New York, offers its guests the privilege of choosing the location of their rooms and floors, and have made a reduction of rates on all.

THE Colonnade Hotel, Philadelphia, Pa., endorsed by eminent and distinguished visitors as a model establishment, will be an exception hereafter to the general complaint of high prices.

THE commendations of those who have been its guests, is the best advertisement for the American House of Boston. This great hotel is centrally and most conveniently located, is supplied with all modern improvements, and is a most desirable home for the visitor to Boston.

EPPS'S COCOA.—Some time since, in a series of articles in these columns upon food, we spoke in terms of unqualified praise of Messrs Epps & Co's "Prepared Cocoa." The opinion we then expressed as to its purity and nutritious qualities has been fully endorsed by the public, as has its increased and steadily increasing consumption. We believe that Messrs Epps's manufactories are now the largest of the kind in the three kingdoms, and the total quantity of "Prepared Cocoa" consumed at the present time approaches four millions of pounds annually. This result is not surprising. The dietetic properties of native cocoa are well known, but in the form prepared by Messrs. Epps they are rendered additionally valuable, both on account of their increased nutritive power and digestible character. We rejoice to see the high opinion we originally held to have been so generally confirmed, and we again congratulate Messrs. Epps on the sound and valuable addition they have made to our not over lengthy list of dietetic foods.—*Civil Service Gazette*

A CARD.—To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, *Station D, Bible House, New York City.*
