CITY AND VICINITY

☞ GOLD in New York at 3 o'clock 104⅛

REMEMBER Mrs. Kent Clayton's lecture at the Y.M.C.A. Rooms this evening. Subject—"Responsibility and victory."

PROBABILITIES for the next twenty four hours for lower lakes and St. Lawrence are rising barometer, high but diminishing north westerly winds with clearing and colder weather.

HAIR WORK.—There are very few people who have any regard for personal appearances who do not feel intsrested more or less in hair dressing. The country may pay tribute to a man—a very grown may be laid at his feet—but baldness will make him unhappy. Prof. Lavoie should be consulted. He can deck off the head in the handsomest and most artistic style.

WEATHERY.—This snow storm of today was not in the contract—not in the predictions of Vennor, or that other old fraud, "Old Probs," who never goes beyond a day for his calculations, and even then makes mistakes most unpardonable. This old gent yesterday said the weather would be clearer and cooler to-day, and in proof thereof, we are smothered in a soft snow storm.

THE BAND.—This evening the band of "A" Battery will play in the City Hall the following programme:

1—Quickstep—Put my little shoes away [Weigaud.
2—Quadrille—Flotte Bursche—Suppe.
3—Selection—Rigoletto—Verdi.
4—Valse—The Wayward Beauty—Smith.
5—Concert—Medley—Keller.
6—Galop, (vocal)—Skating Rink—Lusch- [witz.

God Save the Queen.

A. H. RACKETT, Bandmaster.

THAT HAND.—And so it appears some Ann Arbour College man's right hand has not lost its cunning. The *Evening News* has an article (evidently from the pen of Dr. McLean) on the course of a comet, and the speculations as to its pedigree and speed—the first comet of 1877 is no longer within the range of vision of mortals, and except the mathematical path which the astronomer has figured out has left no "track or trace behind."

CHANCERY COURT.—Owing to the illness of Chancellor Spragge, the Court did not open this morning at 10 o'clock, as arranged. He telegraphed that he would arrive this afternoon, and three o'clock was appointed for the opening. But a telegram received by Sheriff Ferguson early this afternoon, stated that Vice-Chancellor Blake had to take the Court here instead and would arrive down tonight. The Court will open at 10 o'clock to-morrow.

DESERVED ITS SUCCESS.—The Chicago *Inter Ocean* has celebrated its fifth anniversary by a splendid double number, full of interesting notes of the advance and recuperation of the city, and other interesting matter. It feels especially jubilant over its success, and indeed it may be proud, because its rise to a position alongside of the wealthy *Tribune* and sensational *Times* has been secured by as high toned and creditable a course of journalism as this continent has yet produced. It is an eminently respectable journal, fit for any decent family at all times, and a daily wonder, coming from Chicago.

SABREVOIS MISSION.—The newly elected officers of the Kingston Ladies' Branch Association for the current year are:—

President—Mrs. Macaulay.
Vice-President—Mrs. Cartwright.
Treasurer—Mrs. R.V. Rogers.
Secretary—Rev. F.W. Dobbs.
Committee—Mrs. Dobbs, Mrs. Allen, Mrs. Yates, Mrs. F. W. Kirkpatrick, Mrs. R.J. Cartwright, Miss Watkins, Miss C. Dupuy, Miss Fowler, Miss F. Dupuy, Mrs. Rogers, Mrs. Diana Clark and the Misses Rogers.

It is noted that only a small proportion of the ministers of the Church of England in Kingston were present at the recent annual meeting. One of the ladies forming the above committee has given $80 to found two scholarships for the Sabrevois College.

HOLY WEEK OBSERVANCE.—On Wednesday, Thursday and Friday evenings the office of *Tenebrae* (darkness from the darkening of the churches) will be chanted. It consists of nations and lands for the following mornings, which it is customary to unite over night. During the office a large candlestick is placed near the altar, bearing twelve tapers, disposed in the shape of a triangle, and representing the light of Christ and of the apostles who had announced his coming. As the psalms are sung the tapers are extinguished until only the topmost remains. This, as it represents Christ, is taken down and carried behind the altar during the *Miserere*, after which it is put back in its place, to signify the temporary extinction of the light of Christ between His death and resurrection.

WIND WAFTS.

—March is not going out without a vigorous reminder of the fact.

—The Masons of Oswego had a two days great jollification.

—How do you intend to spend your holiday—Friday?

—The country roads are in a fearful state at present.

—Everybody was delighted with the Odd-Fellows' concert and dedication.

—The latest—bologna sausages under blue 'glass fully develop a full fledged cat.

—It was a common occurrence to-day to see a man half buried in snow avalanches from the house tops.

—Lemon juice and glycerine will remove tan and freckles. A wart on the nose can be removed with lunar caustic.

—Two umbrellas are to-day reported to us as having been appropriated at the Oddfellows' Hall last evening.

—Visiting military men will insist upon saluting the Russian Duke who keeps sentry at the door of S. P. White's cigar store.

—"What is the plural of penny?" asked a school mistress in one of our rural schools. "Tuppence!" shouted the smartest boy in the class.

—The London *Advertiser* has some flippant references to cats and their midnight howling. Our contemporary should not be so personal.

—Joe Levicque assailed Alphonse Laudry on a Canada Central train. Joe has just been tried at the Ottawa Assizes and sentenced to two years in the Kingston Penitentiary.

Mr. Mackenzie's Present.

On Monday evening Hon. A. Mackenzie was presented with a beautiful gold headed cane, which had been awarded to him as the successful candidate in a bazaar election in the R. C. Church, Lindsay, in which election he had Sir John Macdonald for an opponent. In replying Mr. Mackenzie said:

"I am certainly obliged, in the first instance, to the Roman Catholic ladies of Lindsay for their kindness in presenting me with this handsome gift, and to you for the kind words you have used in making the presentation. I especially feel your kindness in speaking of the position I have taken in the past in advocating civil rights and the perfect equality of all classes and creeds in the country. I have been brought up in a school in which religious equality, perfect equality in every way, is the predominant principle, and nothing has given me greater pleasure than to have assisted to some extent during bygone years in giving effect to that principle. This testimony from the town of Lindsay to the predominant feeling of my mind in favour of civil rights and the perfect equality of all religious creeds I receive with very great gratification, though I am fully aware that any preference that may be exhibited in a local gathering, such as the one at Lindsay, may not be regarded as one of a very extensive nature. Still, I think I may regard this handsome present as an indication of a favourable feeling on behalf of the party I lead, more than as a recognition of any personal efforts I may have made on behalf of that particular place. I can only say that nothing will give me greater pleasure so long as I remain in public life than to aid in promoting that feeling of harmony among the various Christian denominations which have been for many years the peculiar characteristic of the Canadian people. I happen to know the Rev. Father Stafford, in whose congregation the bazaar was held, and I have looked upon him as one of the most advanced advocates of the principles of religious equality. I know him to be a gentleman who has distinguished himself in moral reform, and in Christian liberality, and in the generous recognition of other denominations as co-labourers with himself in building up our common country." (Hear, hear). Mr. Mackenzie concluded by asking the deputation to convey to Father Stafford and the ladies of Lindsay his hearty appreciation of their kindness. The party then withdrew. The cane is beautifully mounted with chased gold, and bears the following inscription: "Voted to Hon. A. Mackenzie at the Roman Catholic bazaar, Lindsay, February 10th, 1877, and presented to him by the ladies."

REFORM ASSOCIATION.—A meeting of the Reformers of the Country of Frontenac was held in the Golden Lion Block on Saturday last, for the purpose of forming a Reform Association for said County. Mr. Thomas Clyde was called to the chair, and Mr. John McGrath acted as Secretary. The following appointments were made, subject to the approval of the next meeting:

President—Mr. Samuel Campbell, of Storrington.
First Vice-President—Mr. Thomas Clyde, Township of Kingston.
Second Vice-President—Mr. Martin Strachan, Township of Pittsburg.
Messrs. James McRae, John Claxton, J.A. Allen and James M. Fair were also elected Vice-Presidents of the Association.

The following committee was appointed to frame by-laws for the Association, namely: Messrs. Bawden, Allen, P.W. Day, McGrath, Fair and Clyde, said by-laws to be laid before the Association at its next meeting.

The meeting adjourned for two weeks, to meet at the same place at two p.m.

HOT CROSS BUNS.—The usual hot cross bun announcements are made. We are reminded of this thing periodically, but in the light of Quin's philosophy and the doctrines of modern thinkers we are beginning to question the sense of stuffing ourselves on Good Friday morning with a baking of the commonest dough, the only attractive feature of which is confined to a badly made but expressive cross on the top. We still revere the cross as much as ever, but our estimation of the buns is on the decline.

POLICE.—Edward Sharpe, who has a beautiful eye and a more beautiful nose, should not be charged with drunkenness and vagrancy. He was dismissed. Jas. Thompson, held for the same offence, was dismissed. Three young men, who had more than three finger lengths of the intoxicating fluid, and then wanted to occupy the whole street last night, were fined $5 and costs each.

THE CHURCHES.—The service for Good Friday at St. George's Cathedral will be held at 11 a.m., with sermon and offertory for the poor. To-morrow, like on the preceding days of this week, there will be two services. At St. James' Church there will be two services on Friday—at 11 a.m. and 7:30 p.m., the latter being another of the interesting annual services held in St. James' on this day.

Belford's Monthly.

The April number of Belford's monthly magazine presents a rare collection of interesting reading, romance and reality. We have a continuation of "Nicholas Minturn," the illustrated story, by Dr. Holland, which leads one from page to page, and delights with the language and the thoughts presented. John Reade gives a pithy sketch of "Canada one hundred years ago," and we of the third and fourth generations can find much in it of an edifying nature. Of the short and descriptive articles "Forest Rangers and Voyageurs" (by Bourinot), "Artificial fish Breeding in Canada" (by Sumchrast), "Evenings in the Library (by Geo. Stewart, jr.,) "A London Green Room," illustrated, (by Knight), and the "Cruise of H. M. S. Challenger," are very meritorious. Poyer continues his tale, "What it cost her," each succeeding chapter being even better appreciated than those which have gone before. Of poetry, the production of Charles Sangster, "Walter Munroe," and "Death," by an unknown author, are the only pieces, but they are of the highest standard—each line has the genuine poetical ring. Current Literature, the musical and the humorous departments, each have their attractive features, and all combine to place the magazine amongst the foremost for the home circle. The monthly does not aim to be a leader of scientific enquiry—there are enough of such publications now—but it proposes to be a fireside companion, and so far it has admirably filled its mission. Published by Belford Bros., Toronto.

Church Service.

The service in St. Mary's Cathedral to-morrow will be of a very impressive nature. In Cathedral Churches this service can properly be divided into four parts: 1st, the mass proper, with communion of priests and laity; 2nd, the blessing of the oils with its two accompanying processions; 3rd, the procession of the Blessed Sacrament from the main altar around the church and to the repository, or place prepared for its reception; 4th, the denuding of the grand altar. The blessing of the oils take place as prescribed after the communion of the faithful and before the last Gospel. The twelve priests, with deacons and minors, represent the Sacred College at the time it was composed of twelve priests with deacons and minors. The procession of the Blessed Sacrament takes place immediately after mass. The Blessed Sacrament will be at the repository or chapel of the tomb, where it will remain until Saturday morning. The faithful are accustomed to pray before it during its exposition.

The Sewing Society.

The Belleville *Ontario* reports that at a late meeting of the Women's Sewing Society; (at which all the family affairs of the day were discussed) the following resolutions were carried:

1. *Resolved*,—That it shall furthermore be the aim of this Society to assist one another, by every means possible, in keeping fully posted on all matters of detail respecting family affairs not published in the papers, and during any extra passtime we may have, do what we can towards helping to clothe the beridden children of Ham in Ethiopia, Zanguebar, Mozambique and other countries of Africa, and to this end each member shall try and make one little flannel shirt every three months, and that Sally Sniveller shall tell the size.

2. *Resolved*,—That each sister invite some man to go home with her on occasions when meetings are likely to last until night. (*This resolution was moved by one old maid and seconded by another*).

3. *Resolved*,—That all officers not fulfiling the ends for which appointed shall be fined one hour's labor without a hearing on any subject.

A GOSSIP SOCIETY.—We believe a number of ladies, married and single, in the upper wards, are moving in the interest of a gossip society, which they are desirous of forming. The object of such an association can be easily explained. There is a deal to talk about these times, and the ladies think it would be desirable to meet a couple of times a week, and relieve each other of the little secrets which may spoil if kept too long.

LICENSED.—People are now licensed to talk, to administer physic, to preach and to marry, and 'tis well, since a young couple in Newburg felt the protection such a permit afforded last week. They were joined in wedlock, but she, the bride, was a teacher in the school, and her abrupt ending of the engagement was likely to end in trouble, when kind friends interposed and counselled the trustees to "love and let love." And they did.

From a Well-Known Writer.

From Mrs. Mary Francis, well known as "Margaret Blount."

Brightbank, Woodstock, Vt., Oct. 6th, 1877. Seth W. Fowle & Sons:

Gentlemen—Two years ago I began to take the PERUVIAN SYRUP. I was in a languid, half alive state, through incipient dyspepsia and defective circulation of the blood. Three bottles of the PERUVIAN SYRUP changed this to glowing, bounding health. I have a fine appetite, sleep soundly, and can walk five miles easily, without resting, or busy myself out of doors all day long without fatigue.

A lady cousin, who resides with me, took the Syrup during her recovery from a serious illness of some weeks. She has been an invalid for years. Five bottles of the Syrup have so built up her system that she now eats quite heartily, sleeps well, and can walk three miles (in fine weather) without fatigue. I consider the medicine so invaluable to persons of sedentary pursuits, or to those who suffer from languor or low spirits, that I relate this personal experience of its effect to you, leaving you to make what use you please of my letter.

Yours very respectfully,
MARY FRANCIS.

Sold by dealers generally.

EPPS'S COCOA.—Some time since, in a series of articles in these columns upon food, we spoke in terms of unqualified praise of Messrs. Epps & Co's "Prepared Cocoa." The opinion we then expressed as to its purity and nutritious qualities has been fully endorsed by the public, as shown in its increased and steadily increasing consumption. We believe that Messrs. Epps's manufactories are now the largest of the kind in the three kingdoms, and the total quantity of "Prepared Cocoa" consumed at the present time approaches four millions of pounds annually. This result is not surprising. The dietetic properties of native cocoa are well known, but in the form prepared by Messrs. Epps they are rendered additionally valuable, both on account of their increased nutritive power and digestible character. We rejoice to see the high opinion we originally held to have been so generally confirmed, and we again congratulate Messrs. Epps on the sound and valuable addition they have made to our not over lengthy list of dietetic foods.—*Civil Service Gazette*

Dr. J. Collis' Brown's Chlorodyne

THE ORIGINAL AND ONLY GENUINE.

CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered.
CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma
CHLORODYNE effectually checks and arrests those too often fatal diseases, Diptheria, Fever and Croup, Ague.
CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.
CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.
CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache Meningitis, &c.

From Lord Francis Conyngham, Mount Charles, Donegal, 11th Dec., 1868.

"Lord Francis Conyngham, who this time last year bought some of Dr. J. Collis Browne's Chlorodyne from Mr. Davenport, and has found it a most wonderful medicine, will be glad to have half a dozen bottles sent at once to the above address."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Consul at Manilla, to the effect that Cholera has been raging fearfully, and that the only remedy of any service was Chlorodyne.—See *Lancet*, 1st Dec., 1864.

CAUTION.—Beware of Piracy and Imitation.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne, that the story of the defendant, Freeman, was deliberately untrue, which, he regretted to say, had been sworn to.—See *Times*, 19th July, 1864.

The public are further cautioned; a forgery of the Government Stamp having come to the knowledge of the Board of Inland Revenue.

Sold in Bottles at 1s 1½, 2s 9d., 4s 6d and 11s each. None is genuine without the word "Dr. Collis Browne's Chlorodyne" on the Government Stamp. Overwhelming medical testimony accompanies each Bottle.

WONDER OF THE AGE!!

ELIXIR OF LIFE!

Who has not wondered, would it ever be discovered! The new discovery called PHOSPHOZONE prolongs life by supplying the body with its necessary elements. What then are the active elements of our bodies? They are few:—Soda and Potash, Iron, Carbon and Lime Plarine. Phosphorous and Ozone; but the two last are the most important. For further information apply to EVANS, MERCER & CO., Montreal. For sale by all Druggists.
