BEAU BRUMMEL

This Mirror of Fushion.

An admirable pen picture of George Bryan Brummel, better known as "Beau Brummet," is given in an interesting sketch in the London Argosy entit "The Reign of the Dandies." Brummel came upon the scene," the writer, "the prince regent, thong not remarkable for his taste, had; thanks to his rank, been constituted the 'muster of the elegancies,' or leader of the dandies, but be was at once dethrough the superior genius of Brummel, who retained the sovereignty till the year 1817. During this period he became the model of all men who wished to dress idea he would smile at its gradual progress downward from the highest to the lowest classes. To the last of his stay in England he continued to wear powder, rather priding himself upon preserving this remnant of the vieille cour.

coat was generally of blue cloth and its collar raised against the back of the head, like the hood of a monk-a style familiar to us in pictures and miniatures of the period. The buckskin or nankeen breeches were so incredibly tight that they could only be got on with immease labor and could only be taken off of its skin. Then came a waistcoat about four inches long, open on the chest, dis playing a stiff white muslin cravat. Hesthese the Beau paid particular attention "Was there"- the voices took on a They were commonly reported as being hopeful tone, "was there any scandul-a I blackened an vin de champagne. At any past, you know? These Italian counts"- I rate, two shoemakers were supposed to "Bless your hearts, no. He's an angel | insure the perfectness of their fit. One cugaged to dress his hair.
