THE TURKISH TROUBLES.

How The Russian Press Regard

The Events.

Paris, Aug. 29.—The Echo De Paris says it learns that if the sultan does not satisfy the French demands within twenty-four hours, surveillance over the young Turkish party in France will no longer be enforced. St. Petersburg, Aug. 29.-The Russian press does not regard the Franco-Turkish incident seriously, but the papers suggests that British intrigues and German influence are behind the attitude of the sultan.

Rich In Gold.

Stockholm, Aug. 29.-Much excitement prevails here over the discovery of gold in Lapland, where are also the country's famous iron deposits. Experts who have been in the Klondyke district lately pronounce the discoveries in Lapland as rick as those along the Yukon. Catches a \$1,000,000 Match.

Chicago, Aug. 29.—Hearing that the woman who married Henry Hamlin, of Rock Falls, would share a fortune \$50,000 by the terms of a will made by an eccentric rich woman, Mrs. Mary C. Platt, of Dixon, courted Mr. Hamlin. He was a stranger to her, but she captured him and found that he had become heir to \$1,000,000. Forty years ago Hamlin saved the life of Mrs. Fairfax in England and reward so impressed her that she made a provision in her will leaving him \$1,000,000 on condition that he would marry again. She said \$50,000 should go to the woman he married.
