DEATH OF ISAAC SIMPSON. Was One of Kingston's Oldest and Wealthiest Residents.

oldest and wealthicst residents, died at his home, King street west. Monday morning at half past o'clock. Since. January last Simpson was unable to attend destroys germ life and prevents the disorders they usually business, being confined to the house the greater part of the time.

Deceased was born in Ireland about aighty years ago, and emigrated Canada with his parents when he was about twenty years of age, settling in Kingston. For many years Mr. Simpson was in the wholesale grocery business on Brock street, in partnership with his brother, W. B. Simpson. Then he retired from that business, and went to Australia, where he remained for about ten years, and amassed a large amount of money. Returning to Kingston about 1860, he became a private banker, with office on Clarence street, where he remained ever since. Deceased married Miss Beamish,

Hot Weather Ailment The remarkable Recovery from Chronic Dysentery of

Dysentery is an ailment most commonly suffered in the summer. It is a form of catarrh due to the food you eat and Isaac Simpson, one of Kingston's impure drinking water. Powley's Liquified Ozone rectifies your stomach and bowel action. It is good for any form of disease that attacks the mucous membrane lining of the stomach and bowels. Used in drinking water it effectually

Wm. Francis, of Toronto.

For dysentry take Powley's Liquid Ozone in dessertspoonful dose, use every fifteen minutes This stops the fermentation quickly, stimulates the membranous lining of the stomach and bowels, and prevents recurrence of the disorder by making digestion com-

The following remarkable case of Wm. Francis is worthy of your attention:

I have the pleasure in testifying to the wonderful curing powers of your Ozone and what it has done for me. For eighteen years I have been troubled with tropical dysentery, also a complication of other diseases. I attended St. George's Hospital, London, England. They told me my disease was incurable. I then went to West London Hospital, at Hammersmith, England-I was told the same thing. For the last eight years I have been treated by the General Hospital, Grace Hospital, and also Simcoe Street Dispensary; they all did their best but all said I was incurable. One of the hospitals asked me for my body when I died. This showed how bad my case was. I had also a lump in my stomach about the size of a hen's egg, which was thought to be a cancer. It burned like fire all the time. Finally I could keep nothing on my stomach and I also lost my appetite. Mr. A. Cunningham advised me to try Ozone as he thought it would cure me. After taking Ozone for a few days my appetite came back and the lump in my stomach went away and in a week's time I could get out of bed. I have taken about four bottles of Ozone and all my complaints have been completely cured. never felt better in my life. It is certainly a miracle to cure my diseased body after all I have gone through.

(Signed) WM. FRANCIS, 8 Elliott St., Toronto.

The best way to take Powley's Liquified Ozone during the summer is in the form of a drink. It makes a most refreshing beverage. In taste it is very much like a superior quality of lime fruit juice, and its use prevents nearly all the disorders so commonly suffered in hot weather.

Consult our physician about your case. Write full details and you will get a specialist's advice free. Your letters are absolutely confidential. Address the Consulting Department, The Liquid Ozone Co., 229 Kinzie St., Chicago, U.S.A.
