New York, Sept. 11. Police commissioner Murphy issued a general order to all the commanding officers, in the police department, directing them, to take a census of all anarchists living in their district and to forward a list to headquarters, where the detective departments are to conduct a general surveillance upon the anarchists of the city. The purpose of this, the commissioners say, is to make life disagreeable for anarchists in York city, that they will move out of

Watching Anarchists.

London, Sept. 11.-The English cor respondents at the European capitals continue to report activity on the part of the police in watching anar chists.
