would be some consolation in the

Hamilton is having trouble with the socialists, who are not generally the people who have schemes for a level house, is spending his vacation ling up of the masses, but for levelling down of the aristocracy. These preachers of discontent have been couple of weeks. wont to congregate on Saturday evenings at the Gore and vent their opinions on passing events, and one them having a week ago expressed sympathy with McKinley's assassin avenue, for a few days. public disapproval. So when the usual meeting was organized and crowd, last Saturday evening, began to assemble the police interfered. Two or three men had to be arrested before they could be suppressed; and then a mob raced ahead of the police and at the city hall manifested riotous disposition.

Fortunately no harm was done, but Hamilton has been taught a lesson. has been guilty of the imprudence of the American people, and tolerated these socialistic demonstrations until they have come to be recognized as necessary proceedings. Had the public meetings for idle talk been stopped when they were projected less feeling would have been excited, and the ed ucation of some men in destructive doctrines would have been prevented. Herbert Sproule, of Harrowsmith, out 11,200. The men who do the mischief are not has taken charge of Inverary school,

dramatic features which surrounded the murder of Lincoln. War antagonardly ever perpetrated. Guiteau was

sprung up between him and the Conkling-Platt factions of his party, which resulted in the resignation the New York senators, occasioned first by the elevation of James Blaine to the office of secretary of state, and then by the appointment of William H. Robertson to the collectorship of the port of New York, president Garfield on the morning of July 2nd, started, amid the cheers of an assembled crowd upon a first brief vacation. Cheering crowds lined the avenue on the way from the White house to the station. Arrived at the station, the president alighted from his carriage, and arm in arm with secretary of state Blaine started through the ladies' room toward the gateway to the waiting train.

Midway in this room Guiteau suddenly stepped in front of the two and holding a revolver close to the president shot the latter through the body, Secretary Blaine caught the president as he was falling.
