KINOSTON

STOVE, RANGE AND RADIATOR MANUFACTURER.

Vincent O'leill of Toronto.

He Was Treated in St. Michael's Hospital Without Improvement.

Vincent O'Neill, 108 Mitchell Ave., Toronto, Canada, a lad aged sixteen years, first came to the attention of our Toronto office about February 28, 1901. He was then suffering from an aggravated case of Eczema, (Lupus Erythematosis), involving the entire right side of the face, both eyes and lips. The affected parts were a mass of incrusted matter, discharging profusely, the appearance

being so offensive that it was difficult to remain in the

No. 1. Taken February 28, 1901, room with him. He reported No. 2. Taken June 12, 1901, cured as follows: The discharge began about the spring of 1899, and steadily became worse. He entered St. Michael's Hospital early in October, 1900, and remained there under treatment three months and a half, until January 27, 1901, without improvement, and was then discharged from the

Powley's Liquified Ozone was administered internally and as a local dressing in hospital. A month later he came to us. strength 1-4, gradually increasing to equal parts. The improvement was observed almost at once; the discharge gradually ceased the general health improved, and at the end of twelve weeks, his face was perfectly clear. He is now entirely well. The above photographs tell the tale better than mere words. We refer you to him.

THE PHOTOGRAPHER'S STATEMENT.

That there may be no question that the photos numbered I and 2 are genuine and reproduce faithfully O'Neill's features before and after taking Powlcy's Liquified Ozone we present herewith the solemn declaration of Mr. Fred Micklethwaite, Photographer, 11 King Street, W., Toronto, that they are absolutely as he made them. They have not been retouched in any way and represent one and the same person, namely Vincent O'Neill. DOMINION OF CANADA, PROVINCE OF TO Wit:

In the matter of the cure of VINCENT ONEILL

ONTARIO, COUNTY OF YORK.

In the matter of the cure of VINCENT ONEILL

108 Mitchell Ave., Toronto.

I, FRED MICKLETHWAITE, of the City of Toronto, in the county of York, Photographer, do solemply declare that on or about the 28th day of February, 1901, the boy Vincent O'Neill was brought to my studio, and that photograph No. 1 is a correct portrait of the condition of his face, that photograph No. 2 was taken June 12th, 1901, and is a correct representation of the condition of his face at that time. That both the photos, Nos. 1 and 2 Pills, represent the same boy, and are not retouched in any way. I understand that his recovery is due solely to the use of Powley's Liquified Ozone, and I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force an effect as if made under oath and by virtue of the Canada Evidence Act, 1898. JAMES J. WARREN,

Declared before me at the City of Toronto, in the County of York, this 27th day of Aug. in the year of our Lord, 1901.

WHAT HIS FOREMAN SAYS:

Vincent O'Neill is in my employ and is the young man that was cured by Powley's Liquified Ozone. He rks every day, and is free from his former serious face trouble. W. D. VARRY, Foreman Tin Department, Gurney Foundry Co., Toronto. is well and works every day, and is free from his former serious face trouble.

Powley's Liquified Ozone is stable oxygen. It supplies the body with this element. It is blood food-purifying and healthening that function. It cures all forms of skin trouble, makes a pure clear complexion. Its life-giving and invigorating action is simply marvelous. The uses of Ozone are as varied as those Nature makes of it. It is the greatest discovery of the age Ozone is life.
