Great is OIII Did you ever think what an important thing oil is in this world? It is the oil in paint that prevents decay of woodwork. It is the oil the bootblack puts on your shoes that preserves the leather. It is oil that keeps iron and steel from rust-

ing. It is oil that makes machinery run easily and smoothly. But the greatest oil of all is Omega Oil, the popular green-colored liniment that everybody is talking about. . It keeps the human body from decaying and getting rusty. It softens, relaxes, soothes and preserves the flesh of old people. It lubricates stift joints, and makes them work easily and smoothly. And the little Swiss green herb in Omega Oil is the most amazing thing for stopping pains and aches that ever grew out of Old Mother Earth. If you have a place on your body that hurts, you are mighty foolish if you don't rub that place with Omega Oil, and get cured right away. It is good for everything a liniment ought to be good for.

Tell your druggist you must have Omega Oil will give it to you or get it for you. The Omega Chemical Co., 237 Broadway, New York, will mail you a bottle, prepaid,any-where in the United States for soc. in cash, money
