CURES CHRONIC COUCHS

Angier's Petroleum Emulsion is the most effective remedy for Stubborn Coughs and Colds. It is equally good for the Cough of Chronic Bronchitis, with profuse expectoration, the Dry, Harsh Throat Cough, the Irritating Cough of Influenza, and for Whooping Cough and Croupy Coughs of Children. The cough is stopped and the breathing made easier almost immediately; the irritation in the throat and bronchial tubes is soothed; the character of the expectoration is altered, and a general improvement effected in all the symptoms.

Promotes appetite and stimulates the digestive organs to greater activity. Nature is, therefore, assisted to assimilate a greater amount of nourishment, and a gain in health, weight and strength is a quick result.

BRONCHITIS AND HARSH HACKING COUGH:-My little girl has been troubled with Bronchitis, and a harsh hacking cough almost since birth, and though I tried almost everything, she derived no benefit, whatever. My druggist gave me a bottle of Angier's Emulsion to try, which I did, and as a result my child was in a marvellously short time free from all coughing, and almost immediately began to gain flesh and a healthy color. Today she is as strong and robust as can be. You will appreciate what the above means to a parent, and I feel constrained to write and thank you. A. PUDSEY, Toronto, Ontario.

CAUTION :-- The phenomenal success of ANGIER'S PETROLEUM EMULSION has been the means of producing many untried and worthless imitations. Always be sure you get the genuine ANGIER'S Petroleum Emulsion, as imitations made with the ordinary Petroleum do not have the same effect. Angier's Petroleum Emulsion is made from oil obtained from particular wells and refined by a peculiar process, which is known only to the manufacturers of Angler's Petroleum Emulsion. All druggists sell it. Two sizes, 50 cents and \$1.00 a bottle,
