DYSPEPSIA OF WOM Treatment Which Acts in Harmony

the Female System. Letter from Mrs. Wright, President of Brock N.Y., Round Table, Proves this Claim.

A great many women suffer with a form of indigestion or dyspepsia does not seem to yield to ordinary medical treatment. While the syn seem to be similar to those of ordinary indigestion, yet the medicines w

ally prescribed do not seem to restore the patient's normal condition. Mrs. Pinkham claims that there is a kind of dyspepsia that is car derangement of the female organism, and which while it causes distur similar to ordinary indigestion cannot be relieved without a medicine not only acts as a stomach tonic, but has peculiar utero-tonic effe well; in other words, a derangement of the female organs may have disturbing effect upon a woman's whole system as to cause serious is tion and dyspepsia, and it cannot be relieved without curing the o cause of the trouble, which seems to find its source in the pelvic organs As proof of this theory we beg to call attention to the letter from

Wright, of Brooklyn, N. Y., herewith published:

"DEAR MRS. PINKHAM: - For two years I suffered more or less dyspepsia which so degenerated my entire system that I was ret properly attend to my daily duties. I felt weak and nervous and i ing I ate tasted good and felt like a stone in my stomach. I tried eral dyspepsia cures, but nothing seemed to help me permanenth decided to give Lydia E. Pinkham's Vegetable Compound a trial was happily surprised to find that it acted like a fine tonic, and in a days I began to enjoy and properly digest my food. My recovery rapid, and in five weeks I was a different woman. Seven bottles of pletely cured me, and a dozen or more of my friends have used it six - Mrs. Maggie Wright, 12 Van Voorhis St., Brooklyn, N. Y.

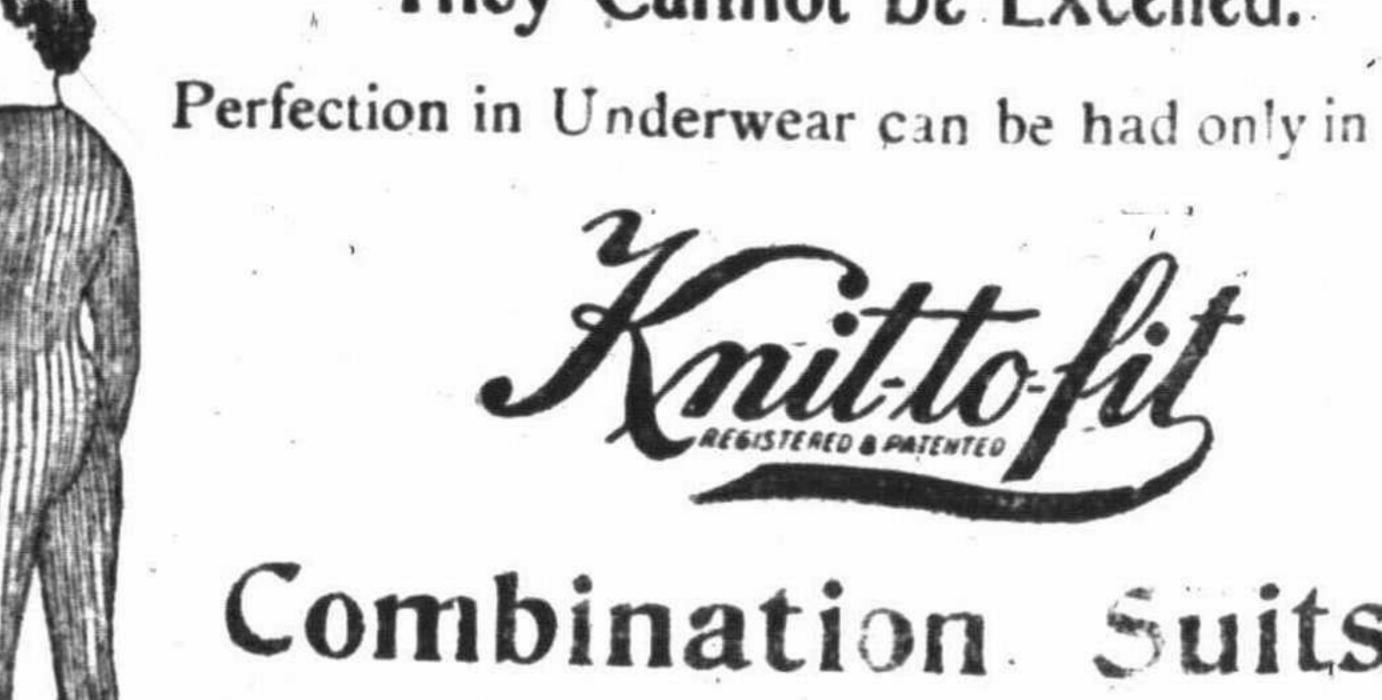

How a Serious Tumor Case Was Cured.

"DEAR MRS. PINKHAM: - Some time ago I wrote you that my reg physician had made an examination and told me I was afflicted with a tu in my womb. I had backache, headache, bearing down pains and very fuse menstruation. My limbs would ache so I could not sleep and I was a weak and nervous. I was bloated from my head to my feet. After receive your letter I took Lydia E. Pinkham's Vegetable Compound a Blood Purifier, and followed all the rest of your advice as near as I co and the tumor was expelled in pieces, and I regained my natural size. I tinued taking your Vegetable Compound for a while longer and felt lil new woman. I cannot thank you enough for your kind advice and what y medicine did for me. It certainly saved my life." - MRS. PERLEY S. WII Vershire, Vt. (March 11, 1901.)

It would seem by these statements that women would save to and much sickness if they would write to Mrs. Pinkham for vice as soon as any incipient illness appears. Her advice is for and has put thousands of women on the right road to recovery.
