CURIOUS PHENOMENON.

Disappearance of a Band-Box Remarkable Occurrence.

A curious phenomenon has occurred in the dropping out of a piece of road near Havana, Ohio.

Then, like a grand panoramic scene, it was slowly carried across to the north fence.

The most astonishing feature was, however, the presence of a large number of fish-shiners, sunfish and rock bass.

In all about 4,500 loads of gravel were thrown in.

All friends of the Club will rejoice over the success which crowned their efforts at the State Fair.

MARRIAGES IN BOSTON.

Statement as Edited by the Registrar of Marriages.

It is always a pleasure to travel in the Capital's dominions, and one connected with the Boston Registrar's office has found some interesting facts.

It is found that marriages are not so much affected by hard times after all.

In fact, a very large part of the marriages of the State are performed over by Catholic clergymen.

Last year one gentleman under 21 married a lady over thirty; one over 20 married a bride over 50.

A little over half of the brides and grooms were natives of the State.
