The potato and other vegetable exhibits were also very fine, and gave good indications of improved cultivation in that department.

MURPHY'S HOME.

The Temperance Lecturer started from a Temperance Society in the city.

An interesting case has just come to light. Francis Murphy, the temperance lecturer, was a few days ago presented with a house on Eighth street, near Jefferson, by the Young Men's Christian Association.

It was supposed that a large amount, amply sufficient to pay for the property, had been raised. The fact soon transpired, however, that the money had not been paid.

With a high sense of honour the committee have returned the money to Mr. Murphy, since the exhibition, \$1,300 in cash and a note of hand for the balance.
