proposed the "Army and Navy." He was delighted that the college had a volunteer corps in connection with was more important that they should recognize the army and navy of the British Empire, of which he was proud to acknowledge that Canada formed a part .- "Red, White and Blue."

Mr. H. M. Mowat briefly responded, candidly confessing that he was not volunteer but that his knowledge the navy was confined to what he knew as an amsteur yachtsman. He was anxious that Queen's College shor become fations in aquatics, and to that end he suggested the formation of boating club, representatives of which could compete with the skilled cursmen of the Military and other colleges.

Mr. Snook, a volunteer, compliment ed those forming the college company upon their progress in drill. If the company kept on improving as it w apable of doing the speaker was satis fied that in the spring it would be an efficient wing of the 14th P.W.O. Rifles The marching of the students at present

HUNORING ALMA MATTE. Mr. Mowat gave the Alma Mater

ciety, coupled with the name of Mr. D. McIntyre, R.A., in replying eferred to the intelligence displayed by the assembly and made mention of the fact that it was an honor to respon! for Queen's, particularly so when it embered that it had representatives all over the world. They had no rea tory. It had been one of struggle and difficulty, but these things had only served to develop the vigor and strongth of those who had succeeded in outab. and successful basis. The future of

which they felt proud. They would the Persian Ambassador, when he ask ed, "where are the walls of Sparta," and when the former, pointing to an army drilling outside the city, had replied "there are the walls of Sparta, every man is a brick." A fine building was great consideration, but the professorie staff was of infinitely more consequence that the students were above the aver the vein appeared to become thicker and richer in quality. The past and present of the college were satisfactory;

the future was very promising. Mr. D. McTavish referred to the changes in the internal economy of the institution during the past two years Were they calculated to be improving? He thought they were. Formerly the for the position of specialists, i.e., they were not able to teach special branches them to pass ten subjects instead of sixspecial subjects is greater than usual and there will be a still greater influx plause.) Queen's had excellent teachers.
