CREDIT QUESTION.

A Wife's Authority and a Husband's Legal Liability Fixed, Decided.

The question of a wife's credit has recently been before the Courts in England, and an important judgment has been rendered. Husbands and wives are equally interested in the decision, and we commend the short extract we take from the London *Examiner* of the 4th to all concerned:

"We called attention at the time to a decision of the Court of Appeal to the effect that when a husband has withdrawn his wife's authority to pledge his credit, he is not liable for goods supplied to her while she is living with him, although he has given no public notice of such withdrawal. This judgment has now been affirmed by the House of Lords. Their lordships have held that the mere fact of marriage does not imply a mandate by the husband to the wife to enable her to pledge his credit and bind him, nor is such a mandate to be implied from the fact of co-habitation. When the husband has supplied the wife with sufficient means to provide herself with suitable necessaries he will not be liable for any debts she may incur, even although he may not have distinctly forbidden her to pledge his credit. It will now be necessary, therefore, for all retail tradesmen dealing with married women, if they wish to protect themselves, to see that their customers are acting with proper authority. In many cases this may be difficult, if not possible, and it cannot be denied that the law as now finally laid down may be productive of considerable hardship alike to innocent wives and innocent shopkeepers. Yet, on the whole, it is difficult to feel assured that an alteration of the law would be likely to prove of much benefit. There can be no doubt that much mischief has been done by the too great readiness with which credit has been given by tradesmen, and even an incidental restraint upon a vicious practice may be of service in checking it."

Syndicate Meetings.

The Hon. Mr. Blake will speak at London on Monday next, and will also speak at Hamilton and Montreal, the latter about the 5th or 6th of January. Sir Richard Cartwright will address meetings at Peterboro, Brooklyn, Port Hope, Kingston and Lindsay. Mr. G. W. Ross will speak at Glencoe, Park Hill and St. Mary's. Mr. Charlton will address meetings at Waterford, Simcoe and Windsor, and will also be present at Mr. Blake's meeting at London. Mr. Glen will address a meeting at Brooklyn. Mr. M. Cameron will hold meetings at Clinton, Seaforth and Wingham. Messrs. Bain and Rymal will address a joint meeting at Dundas. Mr. Cockburn will hold a meeting at Gravenhurst. Mr. Gillis will speak at Paisley, Underwood and Port Elgin. Mr. Trow will speak at St. Mary's and Mitchell. The only meeting to be held in the Province of Quebec, besides that in Montreal, so far as known, will be held in the city of Quebec next week by the Hon. Mr. Laurier. It is understood to be the intention of the Conservatives to have speakers at these meetings, and it is likely that Sir Charles Tupper will speak at the same meetings as Mr. Blake. Some meetings will likely be held in the Maritime Provinces.

WHEAT MARKET.

The Milwaukee *Daily Commercial* prints the following table of wheat in sight December 4th:

	Bushels.
In U.S. east of the Rocky Mountains	26,931,000
In California and Oregon	40,530,000
Harrowsmith	16,390,000
A float for U K. including flour	
A float for the continent of Europe	2,800,000
Total	86,651,000

The extraordinary item in the table is the California and Oregon accummulations, which we suppose cannot be accurately ascertained, and which we also suppose the statem ent enormously exaggerates.

A Chicago writer in the "Tribune," under the pressure of the usual Chicago spirit, says: "Chicago causes New York to go down—New York then causes depression Liverpool," but in the same article says, their "wheat market especially was demoralized, declining about 2c because of a further downward turn in the Liverpool and New York." Our object in refering to it is to enquire which is the end th at "wags?

An Immoral Play.

His Lordship, the Roman Catholic Bishop of Montreal, has had *Adrienne Lecouvreur*, the piece to be played by Sara Bernhardt, reviewed by a critic, and this critic reports that in this piece there are at least two adulterous *liaisons* and many transparent allusions tending to justify such and making such excusable in high society. The critic condemns the drama as immoral from beginning to end, and one likely to leave permanent bad effects upon society. His lordship has caused this opinion to be published, and calls upon his people not to patronize the performances, especially during Advent. This play he considers a dangerous attack on the morality of the people. *La Minerve*, however, in which the clerical denunciations appear, has a long and flattering notice of Sara, and a number of prominent French citizens waited on her last night upon her arrival. It is thought the fulminations of the clergy will have little effect. Sara is prostrated by fatigue, being quite worn out.

CHEESE MARKET.

Little Falls, N. Y., Dec. 20.—Factory, 10c. to 11¼c.; bulk, at 11c.; dairy, 10c. to 11½c.; bulk, at 11c.

Utica, N. Y., Dec. 20.—The closing of the interior markets last week seems to have had a stimulrting effect upon cheese. The reports were larger than for some time previous, and in connection with the home trade, took up fully as much stock as arrived upon the market. First grade September advanced 1½c and October's felt the increase correspondingly. The seasons make is practically gathered in so that dealers and shippers are now able to form some judgment as to the yield and the prospects for the season.

The Secret of Happiness.

How often have we longed for perfect enjoyment and how seldom found it. Misfortune has come, or ill health overtakes us. Perhaps a cough has come upon us which threatens that dreaded of all diseases, consumption, and we feel that death is near. With what joy should we be filled then, when such a remedy as Dr. KING'S NEW DISCOVERY for Consumption is placed within our reach. It has cured thousands who were nearer the grave than ourselves and made their lives peaceful and happy. Asthma, bronchitis, hoarseness, loss of voice, difficulty of breathing, or any affection of the throat and lungs are *positively cured* by this wonderful discovery. Now to give you satisfactory proof that DR. KING'S NEW DISCOVERY *will cure*, if you call at your Drug Store you can get a trial bottle for ten cents, or a regular size for $1.00. Sold by all druggists.

ASTONISHING THE WORLD.—

For a perfect renovation of exhausted and enfeebled constitutions, female weakness and general decline, nothing so surely and speedily produces a permanent cure as does Electric. Their wonderful cures are astonishing the world. For kidney and urinary complaints they are a perfect specific. Do not give up in despair, for Electric Bitters will positively cure, and that where everything else fails. Sold by all druggists, at fifty cents a bottle.

The Death-Rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year, especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late that a fever or lung trouble has already set in. Everywhere this way every-where, while *Hoarhe's* German Syrup has been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the throat and lungs, Hoarhe's German Syrup has proven itself to be the greatest discovery of its kind in medicine. Every druggist in this country will tell you of its wonderful effect. Over 100,000 bottles sold last year, without a single failure known. For sale by J. G. King, Kingston, and all first class drug gists.

"A Drowning Man will Catch at a Straw."

If he catch it, it will do him no good. Thousands of people, who have neglected colds and coughs until they have become dangerous will rush to almost every nostrum for relief. This is why so many experiments are tried by the sufferers. Go to your druggist, buy a bottle of WISTAR'S BALSAM OF WILD CHERRY, and use it with confidence. It will benefit at once and ultimately cure. It is no straw, it is a cable well-tried, hold on to it and be saved.

50 cents and $1 a bottle. Sold by all druggists.

PERFECTLY SAFE IN ALL CASES.—For diseases of the Throat, Lungs, Croup, Whooping Cough Colds, etc., **Down's Elixir** is a safe, reliable, and effectual remedy.

Pain and Suffering.

Is the common lot for all. Our earliest days give manifest proof of this, and we are never long permitted to forget it. If corns should in your case be the thorn in the flesh go at once and buy a bottle of PUTNAM'S PAINLESS CORN EXTRACTOR, and be surprised at the rapidity the freedom from pain and the success that marks its work. Sold by all druggists everywhere by J. G. King, Heath & Gunn, and by N. C. Polson, agents for Ontario.

Zopess.

Zopess, from Brazil, has now come into Canada. It is a mild purgative, acting as a wonder, and giving strength and energy to the digestive apparatus of the human stomach, correcting and increasing the acids. It is strongly anti-bilious and carries off all surplus bile, tones up the liver, gives sound digestion and speedy health to the dyspeptic and bilious. Ask Heath & Gunn or Henry Wade for a ten cent sample bottle and test Zopess, the new compound. Large eight ounce bottles 75 cents.

TRADE MARK:—"Elixir Vitæ."

By an unerring all the essential properties extracted the blood and invigorating Glands and the developing with the powers and functions of the system to the highest degree.

IT IS AGREEABLE TO THE PALATE AND INNOCENT in its action, while containing all the extraordinary properties, and, as a specific, surpassing all the known therapeutic agents of the day for the speedy and

Permanent Cure of

Nervous prostration, Lower Complaints, Palpitation of the Heart, Dizziness, Noises in the Head and Ears, Loss of Energy and Appetite, Hypochondria, General Debility, Insomnia, Incapacity for the Study or Business, Loss of Memory, Premature Old Age, Indigestion, Dyspepsia, Biliousness, Mental and Physical Depression, Consumption in its first stages, Impaired Nutrition and Memory, Nervous Paroxysm, Impoverished Blood, Nervous Debility in all its various forms, Female Weakness, Spermatorrhœa, Impotency, and all wearing conditions of the system arising from whatever cause.

THE ACTION OF THE VITAL RESTORATIVE IS THOROUGH,

on the one hand increasing the principle which constitutes nervous energy, and on the other the most powerful blood and flesh generating agent known; and in all cases where a restorative is required it quickly improves the function of assimilation to such a degree that, where for years no nourishment, sustenance and repose could be retained, it soon, if not entirely, will rapidly increase in quantity and firmness, and the whole system return to a natural state of health.

The Vital Restorative

acts electrically upon the organization, for instance, it assists nature to generate that human electricity which renews and feeds the nervous system. It acts upon the nerves of digestive organs. It operates on the system without exciting pain or thought upon the individual as to the process. It carries the tonic, lime, heart, kidneys, stomach and intestines with a harmony, vigour, and quickness unparalleled in medicine.

The Vital Restorative

gives back to the human structure, on a suitable form, the lost energy, the interesting element of life which has been wasted, and exerts an important influence directly on the spinal marrow and nervous cords, of a restorative tone and invigorating character, sometimes that too much energy of the brain and nervous system which renders the most cheerful, brilliant and energetic, effectively overwhelming that dull, sluggish depression which many persons experience in all their actions.

Finally, the Vital Restorative

exercises a certain degree of activity on the previously dormant functions of the system, so that enables all debilitated organs to restore to their sound state and perform their natural functions. Persons suffering from Nervous Debility, or any of the hundred symptoms which this distressing disease is attended with, cannot be too emphatic in their assertions of its effectual and even speedy cure by the judicious use of this most invaluable remedy.

THIS MEDICINE IS EXTENSIVELY USED IN THE ARMY, and is also in very general use in Hospitals and Public Sanitary Institutions throughout the world, as well as in private practice, and is considered as an invaluable remedy.
