Portland, 13th March, 1859. PHONOGRAPI

WRITING BY SOFT BHONOGRAPHY was invente ISAAC PITMAN, of Bath, E in the year 1837. It is the most most materal, most rapid, and most a learned agatem of Writing which has been, or exer can be invented Duit past fifteen wears, hundreds of thouse persons, in England and America, in public and private life, have learned write Phonography, and thousands of some is equally as legible, can be hearned in or twentieth the time, and can be written itmes as fast! In other words, the labor of six days can be performed in one no man can do the work of six! So simple is 40 | the system, too, that a person may learn to write it slowly, in a couple of hours. Am hour's daily practice for a few weeks wilenable any person to write Phonography. with certainty, and with some degree of have proved hardy and suitable for this freedom. The same amount of practice. continued for six months will enable a pera large assortment of the Newest | son to take reports of speeches, lectures, with accuracy. Dr. J. W. Stone, of Boam ton, says: 'I deem Phonography an invaluable adjunct to education, and one which,

> ed with in manhood for thousands of dollars.' The late Hon, Thos. H. Beuton, upon being presented with a verbatim noport of one of his masterly speeches, taken by a little boy only twelve years of age, said : 'Had this art been known 40 years ago it would have saved me 20 years hard labor.' The learned senator spoke but a portion of the truth. What long-hand rev. quires six years to accomplish. Phonography will perform in one. To Glergymen, Editora, Physicians, Lawyers, Secretaries, Conveyancers, Law

and Medical Students, Lecturers, Prints School Teachers. Merchants, School L and Girls, a knowledge of Phonograph is of vast utility. In fact there is no profession or calling in which it is not useful. and no young man's education can be considered complete without it. During the past nine months hundreds of persons in Canada, of every pursuit in life, have anquired the Art, from many of whom the
