THE COLONIAL BANK.

[illegible] Post of Wednesday even- [illegible] the following in reference to [illegible] Bank of Canada :—

[illegible] understand that an extensive fran- [illegible] issue of notes of the Colonial Bank [illegible] has just been discovered. It [illegible] that the bank was projected about [illegible] ears ago; but after all arrangements [illegible] made for commencing operations, [illegible] interfered, and suspended it un- [illegible] ascertain [illegible] (made about a year [illegible] believe,) when new parties took [illegible]. The notes issued by the bank [illegible] struck from the plates obtained [illegible] instance, and it seems that old [illegible] these genuine plates have been [illegible] some way by dishonest parties, [illegible] used and put in circulation. [illegible] notes are mostly, we believe, of [illegible] denominations. Caution must [illegible] observed with regard to all the [illegible] Colonial Bank, until the facts of [illegible] affair are fully known.'

[illegible] facts upon which the above story is [illegible] are curious. It appears that the bills [illegible] Colonial Bank were printed long [illegible] the charter was first granted. [illegible] York engravers sold a set of them [illegible] Orleans as a specimen of their [illegible] with, of course, no names to them. [illegible] the indigenment, it is added, of [illegible] notes poured through them, near [illegible] signature ought to be. These [illegible] into the hands of some remarkably [illegible] rogues in New York, and one of the [illegible] connected with the bank received [illegible] warning letter from one of them, which [illegible] set as it was written.

New York, Oct. 7, 1858.

[illegible] There are individuals [illegible] city who care in their possession quan- [illegible] the genuine bills of your bank (Colo- [illegible]), none of which have as yet been [illegible]. I have seen 1-2-3-4-5-10-20-100. I [illegible] this to the manager of the institu- [illegible] in view of the fact, so as to give [illegible] opportunity to save its credit. If they [illegible] not into circulation, the bank [illegible] have to redeem them or the public [illegible] the power to discriminate be- [illegible] genuine and forged signatures must [illegible] alike no good and the bad. I [illegible] to the engraver of the bills about [illegible] and me to communicate to you [illegible] impressions can be got out of [illegible] for a considerable and I have pre- [illegible] them to hold until I receive an an- [illegible] you. $1,000 will get possession of [illegible] sheets, and if quickly done will save the [illegible] bank and the public from loss. [illegible] think it advisable to attend to the [illegible] can either appoint some friend to [illegible] money, or if you desire to keep it quiet [illegible] better, send some one interested from [illegible].

Respectfully yours,

JOHN S. DYE.

Of the Wall street Broker.

[illegible] Dye, if we are not misinformed, [illegible] a bank note list. If it is the same [illegible] and this letter is a fair specimen of [illegible] mode of doing business, it is evident [illegible] the public cannot place much confi- [illegible] in his reports. The managers of the [illegible] have, it is supposed, taken steps to [illegible] this attempt to extort money from [illegible], in the meantime, the rogues [illegible] have set a shaving report which got into the [illegible] Pilot, [illegible] bank notes to redeem all their [illegible] in circulation.—[Globe.

FLIGHT OF WILD DUCKS.—Immense [illegible] ducks of wild ducks were seen wending [illegible] their way to the south, in various figures [illegible] at a great height over this city on Mon- [illegible]. The course followed by the ducks [illegible] a little east of south, and their destina- [illegible] is doubtless the swamps of the Caroli- [illegible] or Florida. Their departure foretells [illegible] cold weather will be soon at hand, and [illegible] it is possible that the winter this year [illegible] commence somewhat early.

It is not too much to say

SINCE ALL

OLD AND YOUNG,

AFFIRM IT'S TRUTH,

That Professor Wood's Hair Restorative

Will preserve infallibly the growth and color of the hair, if used two or three times a week, to any imaginable age. Perfectly restore the gray, cover the bald with nature's own ornament, the hair; make it more soft and beautiful than any oil, and preserve the scalp free from all disease to the greatest age. Statesmen, Judges, Attorneys, Doctors, Clergymen, Professional men and Gentlemen and Ladies of all classes, all over the world, bear testimony that words are not too much in its favor. Read the following and judge.

HARMONY GROVE, St. Charles Co., Mo., Nov. 19, 1857.

PROF. O. J. WOOD. Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence. When a friend, seeing his sufferings, advised us to use your Restorative we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can, therefore and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are yours respectfully,

GEO. W. HIGGINBOTHAM, SARAH A. HIGGINBOTHAM.

PROF. WOOD.—Dear Sir: My hair had, for several years, been becoming prematurely gray, accompanied by a harshness which rendered the constant application of oil necessary in dressing it. When I commenced using your Hair Restorative about two months ago it was in that condition; and having continued its use till within the last three weeks, it has turned to its natural color, and assumed a softness and lustre greatly to be preferred to those produced by the application of oils, or any other preparation I have ever used. I regard it as an indispensable article for every lady's toilet, whether to be used as a Hair Restorative or for the simple purpose of dressing or beautifying the hair. You have permission to refer to me all who entertain any doubt of its performing all that is claimed for it.

MRS. C. SYMONDS,
Cincinnati, O., Feb. 10, 18-7, 114 Third st.

WILLIAMSTON, Mo., Dec 3, 1857.

PROF. WOOD—Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it. I had the fever, some time in last May, and nearly every hair in my head came out. Now my hair has come in a great deal thicker than ever it was. Nothing but a duty, and sympathy that I feel to communicate to others who are afflicted as I have been, would induce me to give the public [illegible] of the benefit I may receive from your Hair Restorative.

Yours respectfully,

A. B. JACOBS.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

ROXBURY, MASS.

DEAR MADAM.—The reputation of the Medical Discovery in curing all kind of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

Is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and quiet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

CURE.

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases, the

PILES.

How many thousands of poor women are suffering from this disease, and pining away a miserable life, and their next door neighbor does not know what is the cause. I wish to impress on your mind that good old proberb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any injury.

No change of diet ever necessary—eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, teaspoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Yours truly,

DONALD KENNEDY.

CANCERS CAN BE CURED!

W. FORWARD, M. D.,

WILL be at the ANGLO-AMERICAN HOTEL, Kingston, every Monday and Tuesday; and Napanee, Shaw's Hotel, every Wednesday and Thursday; and Belleville, every Friday and Saturday, until further notice, for the purpose of treating such cases of Cancers as he may think curable, after an examination as he will warrant cures in all Cases that he treats. Those who are afflicted, will do well to give him a call. Seven years have been devoted solely to the treatment of Cancers, and the unparalelled success that has attended his efforts in this department of practice, has, together with the solicitation of friends, induced him to give his entire attention the coming year to the treatment of Cancers.

Those having Cancers or Tumors of any kind, are warned against having them cut, as those surgeons who practice cutting Cancers, must positively know that it only aggravates the Disease; the testimony of the best Authors is against it. Dr. F. has been called in numerous cases where the patient had suffered an operation, and does not know of one cure thus effected, and the individuals thus treated, never fail to give their testimony against.

From long practical observation of the treatment pursued in the various Institutions of London and Paris for those diseases referred to in the above work, the Author has had somewhat unusual facilities for acquiring that accuracy of diagnosis, and uniform success, which has characterised his practice for so many years in this country, in which the lamentable neglect of these diseases by medical men generally, and their futile attempts to cure by mercury, copaiba, sarsaparilla, &c., have produced most distressing results. Lasting benefit in such cases can only be reasonably expected at the hands of the legally qualified medical man who devotes his chief attention to their removal, and to him only who can show his possession of the necessary qualifications, can confidence be safely extended. Dr. D'R. refers with pride to the numbers he has been instrumental in restoring to health and happiness, and to those who may be in need of such aid he offers every assurance of speedy restoration.

Persons residing abroad can be successfully treated by correspondence, on sending a full detail of their case, with a Bank note, or Bill on a London house for £5, in order to have a packet of medicine sufficient to meet the exigencies of the case, sent out by next mail, thus avoiding unnecessary loss of valuable time, and much suffering which might otherwise occur.

The Great European Remedy for Nervousness, Relaxation and Exhaustion.

Protected by Royal Letters Patent of England, and sanctioned by all the great Continental Colleges of Medicine.

DR. DE ROSS' GUTTÆVITÆ; or LIFE DROPS, are the great remedy for Spermatorrhœa, Exhaustion, Nervousness, Debility, Aversion to and Incapacity for Society, Study or Business, Shaking of the Hands and Limbs, Indigestion, Flatulence Shortness of Breath, Asthma, Consumptive Habits, Dimness of Sight, Dizziness, Pains in the Head, Eruptions, Sore Throat, Pains in the Bones, and all those diseases for which mercury, sarsaparilla &c., are too often employed to the utter destruction of health. Their almost marvellous powers must be felt to be believed. Hundreds of apparently hopeless cases have been cured and thousands almost miraculously relieved, when everything else had failed; and they must sooner or later supersede all those questionable remedies which have hitherto been the sole reliance of English medical men.

Price 11s., and four times the quantity at 33s. per bottle of the Agents below. The £5 packages containing twelve 11s quantities, (by which £1 19s. are saved) will be sent from the Establishment only, on receipt of the amount, per draft on a London house or otherwise.

CAUTION.—Sufferers must guard against the recommendation of spurious or other medicines by unprincipled vendors, who thereby obtain a larger profit. The words "Walter De Ross, London, are printed in white letters on the Stamp affixed to the above, by order of Her Majesty's Honorable Commissioners, to protect the public against fraud, as without this none can be genuine, and to imitate which is felony.

Pains in the Back, Gravel, Lumbago, Rheumatism, Gout, Disease of the Kidneys and Bladder, Stricture, &c.

DR. DE ROOS' COMPOUND RENAL PILLS are a well known safe and speedy remedy for the above dangerous complaints, Discharges, and Diseases of the Kidneys and Urinary Organs generally. The superiority of these celebrated Pills over every thing of the kind is universally acknowledged and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence, or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above Pills, the sufferer may, without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense.

Yes, all over the world—wherever Diseases exist; by whatever name called, or peculiarities distinguished; whether special to soil or climate, or common to all regions; epidemic or casual; acute or chronic; contagious or non contagious—RADWAY'S REMEDIES are as necessary to the sick as food to the hungry or garments to the naked.

This broad, unqualified statement is based upon a series of, hitherto, well facts, extending through many years, and verified in detail by the voluntary testimony of thousands of living witnesses, whose veracity cannot be impeached, so that no principle of Science, no portion of authentic history, no rule of experience, no process result of any well known cause, rests upon more sure and unassailable foundations than those which now cite the world wide reputation of Radway's Ready Relief, Regulating Pills and Renovator.

How they ever fail? Affords a thought on the civilized world, and by millions, their names familiar as household words in every city, town, and village of the United States and Canadas—if the Remedies had, in any instance fallen short of their object, would not the fact have become known? But not a whisper against their infallibility has been heard; not a murmur of disapprobation or of doubt qualifies the general enthusiasm with which they are indorsed and recommended by all who have experienced their effects.

THE HOME VERDICT.

There is no disease, place or pestilence, pain or ache, however malignant, violent or destructive it may be to human life, but that one or the other of these remedies will arrest, cure, and exterminate. Every family should be armed with Ready Relief & Regulating Pills—for with these sovereign specifics to assist us, on the visitation of either plague or pestilence, either in the form of Fevers, Cholera, Influenza, or Small Pox, in their most aggravated degrees of violence, no danger need be apprehended.

FOR FAMILY USE.

All diseases or complaints incidental to the human race; all Pains, Aches, Inflammations, Burns, Sores, Scalds, Bruises; all Rheumatic, Neuralgic, or Nervous complaints; all diseases of the Liver, Heart, Kidneys, Stomach, are quickly relieved and effectually cured by a few doses of the Ready Relief and Regulating Pills.

SKIN DISEASES.

All eruptions of the Skin, Sores, Ulcers, Tumors, Tetters, Cancers, Humors, Venereal Sores, Syphilis, Rackette, Catarrh, Diseases of the Chest and Lungs, Constitutional Diseases, are quickly and permanently exterminated from the system by the use of RADWAY'S RENOVATING RESOLVENT.

There is a large class of horrible maladies among them Scrofula, Hereditary Syphilis, and Consumption—known as Constitutional, and which the faculty say cannot be cured, but may, sometimes, be rendered less intense and violent. Away with such compromises with Disease! Away with the idea that because a complaint is interwoven in the constitution, it cannot be mitigated or assuaged. We assert, and will prove, to the confusion of whoever may question the fact, that Radway's Resolvent disposes of all constitutional disorders as certainly and effectually as a cool breeze from the mountains freshens and purifies the hot summer air.

Complaints which interfere with the regular action of the digestive and excretive organs are a great trial to multitudes of both sexes, and a source of vast revenue to the physicians whose drastic and mercurial treatment weakens the patient and strengthens the disease.

And yet it is a truth and palpable as the sun, to all who have witnessed the operation of our Remedies, that Radway's Regulating Pills and Ready Relief are absolutely irresistible in dyspepsia, and all obstructions and irritations of the Liver, Stomach, the bowels and the secretive organs.

CHEERING NEWS FROM THE CONTINENT.

From various parts of the continent which have been visited by epidemics, we have received accounts of cures effected by these Remedies, which are as wonderful as they are cheering. During the Fall of last year a most distressing and fatal species of influenza, accompanied by eruptive fever and pulmonary congestion, swept through a large portion of British America and New England, carrying off numbers of children and adults of both sexes. It raged unchecked wherever recourse was not had to the Ready Relief and the Regulating Pills, but wherever these medicines were administered, its progress was promptly arrested. Of these facts we have authoritive proof from Canada, Nova Scotia, Newfoundland, and the Eastern States. It may be said that this testimony is nothing new but simply confirmatory of what was known before in relation to the absolute control exercised by these remedies over epidemic and contagious distempers. It was the same in the Asiatic Cholera of 1849-1851-1855. Wherever this terrible plague made its appearance, it resisted all methods of medication of physicians, and was only successfully arrested and subdued by RADWAY'S READY RELIEF AND REGULATING PILLS.

PESTILENCES AND PLAGUES.

In the terrible Yellow Fever visitation of 1853-7, and 8—by which the population of several Southern cities and towns were decimated, and some districts almost depopulated—Radway's Ready Relief and Regulating Pills were proved to be positive curatives and preventatives. Letters from Physicians, Statesmen, eminent Jurists from the infected districts, certifying to the miraculous efficacy of these remedies, as preventatives and curatives of Yellow Fever and other malignant Fevers, incidental to the Southern climate, have been published.

Wherever and when ever Radway's Ready Relief and Pills have been pitted against any infectious or contagious malady, the lives of the patients have universally been saved. An exception to this rule cannot be found—not one. On the other hand, of the Yellow Fever patients treated in the usual way, when we were last scourged with the disease almost one-third, and in some localities, two-thirds died.

SMALL PAX.

Small pox, which always proves a terrible scourge, in spite of vaccination and Quarantine laws, is quelled with amazing rapidity by Radway's Ready Relief and the Regulating Pills. We have on record over a thousand locally authenticated cases of Small Pox cured, without disfigurement by these preparations. Even the disorders of brutes yield to the Remedies, as was shown by the effect of the Relief on the Black Tongue, the destructive cattle plague, which swept off whole herds of our most valuable stock in the summer and fall of 1858. In short, every disease which affects or can affect, the animal physique, may be set down as within the hygienic range of these mighty antidotes, which penetrate to the very core of every ailment, and restore the body to health, giving the disturbed fluids their regular and equal flow.

EPIDEMIC IN THE EIGHTH REGIMENT WHILE QUARTERED AT QUARANTINE.

The Eighth Regiment of New York State Militia, commanded by Col. Lyon, has given unequivocal testimony in favor of Radway's Remedies. An epidemic dysentery attacked this fine corps while quartered at States Island, for the protection of the Quarantine buildings; and we have it over the signatures of the officers and 270 privates that Radway's Ready Relief proved in all cases an immediate specific. Supplies of the medicine were looked for with more anxiety by the soldiers than ever champagne. It proved equally valuable as a preventative and a curative; and the soldiers felt themselves invulnerable alike to imported and epidemic diseases, while this talisman was within their reach.

IRRESISTIBLE CONCLUSIONS.

Unimpeachable testimony from all parts of the globe establish these axiomatic facts: That Radways Remedies are equally efficacious in all climates and under all circumstances; that they cure the most virulent and dangerous types of all known maladies, with as much facility as the most ordinary forms; that they prevent sickness and diseases; that they remove decayed matter; that they restore the blood to purity; that they promote digestion; that they regulate the functions of every [illegible] organ, and that the changes in form [illegible]

NEWLY INVENTED,

PLUMB AND LEVEL.

A. N. COLE has lately invented and obtained Letters Patent for an Instrument, named

COLE'S GRAVITATING PLUMB AND LEVEL,

which is far superior to Spirit and all other Levels. The advantages the Inventor claims over all other Levels are these, viz:

1st. It can be settled sooner than all other instruments for plumbing and levelling.

2nd. It indicates where any piece or part is out of plumb or out of level, and how much.

3rd. It gives correct angles and grades both vertical and horizontal.

4th. An Architect or Mechanic in laying out work, finds the number of feet and inches to the angle, according to the number of feet on the base.

5th. In laying out work it gives mitres and bevels at different angles.

RADWAY'S REGULATING PILLS.

—Dr. Radway & Co. have recently discovered a method for extracting from roots, herbs, plants and gums, a nutritious extract of such wonderful nourishing power—which they have combined with RADWAY'S REGULATING PILLS—that six of these Pills will supply the blood with the same amount of nutrition as one ounce of ordinary food; so that, while the system is undergoing a thorough physicking and regulating process, it daily becomes strengthened.

Persons afflicted with Liver Complaint, Dyspepsia, Heart Diseases, Fullness of Blood, and all Females who are subject to Irregularities, Hysterics, &c., are particularly recommended to use these Pills. They are pleasant to take—elegantly coated with gum—free from taste, and will not gripe, sicken or weaken the system, or leave the bowels costive. Mothers nursing should likewise take one or two of these Pills once or twice per week. They will not only keep your system healthy and regular, but will protect your infants against Cramp and Pains in the stomach, but impart not only a healthy child, but will invest every child, thus suckled, with a sweet disposition.
