Kingston, October 1, 1862. Bir,-I have used one of your Grover & Baker Sewing Machines for about three months. At your request, I write to say what I think of its qualities. I am greatly pleased with its performance. I had been told that the stitch would not wear or stand washing, but have found that such is not the case, work done for me by Mrs. Thompson several months ago remains as good as at first, although subjected to many washings, and since I have purchased the Machine from you, I have done all the work of my family, and have found

June 24th, 1857.

"In October, 1877, my wife, giving birth to a child, left her bed too early and caught a severe cold, which promised to terminate her life. The best physicians in this neighborbood and Kingston were in attendance on her, but all to no avail-the Doctors had given her up to die. For seven consecutive weeks I sat at her bedside, momentarily watching to see her breathe her last. I happened to see a copy of your paper, called the Moving World, and there read of your Medicines. I resulved to test them as a last resort. I gave her the Resolvent with the Regulators-and Relief-according to directions, and in three days I observed a wonderful improvement. From this she daily re-

covered, and is now, thank God, better than ever she was in her life.
