EXPERIENCE OF A SENATOR'S PRIVATE SECRETARY.

An Incident In His Career That Scared Him Out of Several Tears' Growth and Made Him Ever After

Balk at Women Callers, "Ordinarily the office of private secretary to a United States senator does not bring with it any exciting adventures or thrilling hairbreadth escapes," said an ob, "but there was an exception in my ease right at the beginning of my senathat I wanted to quit right then and

"It happened at the senator's house one morning while he was at breakfast. He lived in a large house with a big lobthe available space in it was occupied by all kinds of people wanting senatorial assistance of one kind or amther.

"On this particular morning there must have been 50 people of both sexes sitting . around waiting when a very handsome young woman, beautifully dressed, came ing after applicants, and, noticing that house on almost every corner with larshe was not of the common run of callers. politely escorted her to a small alcove down the hall, where she would be out | crowding every inch of room in every

"She told me she wanted to see the senator on particular business, and I in- next century it will not be because formed her that she could not see him loutside war or dangers from other m that morning there, but she might see I tions, but because she has drank herself him during the day at the capital. She into destruction. insisted on seeing him then, and I told her that as her business would be referred to me in any event she might as well state it to me thece, and I would attend ther, somewhat after the manner follow-

to it if possible. "She declined, and I insisted, assuring her that I was the senator's private secretary and personal representative and as such was entitled to her respectful conrattling of the chips and the betting sideration. You see, she was a rattling which was going on in the adjoining pretty girl, and a man will go out of his way to render that kind service.

"Finally she became less insistent on seeing the senator and asked something more about my authority in the premises. Of course I made myself out to be just as important as I could, and then she came directly at me.

"I want some money,' she said should be made of a few attempts to nervously, and I must have it. Do you | cool theatres and other amusement halls understand? I must have it." "If that's what you want," said I, been massed over ice racks. But cool then you will have to see the senator | ing dwelling houses has been an an
