WOULD TAKE AN EARTHQUAKE To Move Some, But Others May

Do the Right Thing. Orillia Packet. The nineteenth century is rapidly drawing to a close. The expiration of the one century and the birth of another, so much more epochal in its transition than the going and coming of the years because a hundred times more uncommon, should be marked in some striking manner, by a general movement which would serve as a landmark in the memories of all. We can think of nothing better than for each and every individual to pay as many as possible of his debts, and especially his small Prince Labourd farmers who have large orchards are not getting rich, through the sales of their apples this year. Some farmers around Rednersville have, during the past few awars, made a practice of barrelling their apples and sending the first the most substantially built, suffered the greatest.
