ern Times.

Twenty Million Pounds In Gold

Appalling Disaster at the Treasury

In Vienna. Four Men Killed and Sixteen Othern

More or Less Seriously Injured.

"Dear me," the princess cried, in looking over Jennie's shoulder at these amazing headings, "how like home tha looks! The Bagle doesn't seem at all like a London journal. It reminds me of a Chicago paper's account of a base ball match, a baseball match when Chicago was winning, of course, when Anson had lined out the ball from the plate to the lake front and brought

ical point in the game." "Good gracious!" cried Jennie What language are you speaking? it slang or some foreign tongue?"

three men in on a home run at a crit

"It is pure Chicagoese, Jennie, into which I occasionally lapse even here i prim Vienna. I would like to see a good baseball match, with the Chicago nine going strong. Let us abandon this effete monarchy, Jennie, and pay a visit to

"I'll go with pleasure if you will tell me first who looted the war chest. you can place your dainty forefinger on the spot that conceals 200,000,000 florins in gold. I'll go anywhere with you.

"Oh, yes, that reminds me. I spoke to my husband this morning and asked him if he could get you enrolled as a special detective, and he said there might be some difficulty in obtaining such an appointment for a woman. Would you have any objection to dressing up as a nice young man. Jennie?'

"I'd very much rather not. I hope you didn't suggest that to the prince. The princess laughed merrily and shook

"No: I told him I believed that you could solve the mystery if any one could, and, remembering what you had done in that affair of the diamonds, my husband has the greatest faith in your powers as an investigator, but he fears the authorities here will be reluctant to allow a woman to have any part in th search. They have very old fashioned

The headings were startling enough. ideas about woman in Austria and pen to chance upon." think her proper place is presiding over a tea table."

Jennie, archly, "some things have been own memories.

"That is quite true," replied the princess, "but we can hardly give the incident as a recommendation to the Austrian authorities. By the way, have | the police put in appearance at the beavy militia overcoats, heavy, stiff and you noticed that no paper in Vienna said a single word about the robbery of the war chest? It must have been tele-WUIADI graphed here very promptly from Lon- form, and he could hardly conceal his often to more than \$1 for a week's don, and yet they do not even deny it. surprise on learning that the lady de work of six days, ten hours a day, or which is the usual way of meeting the | tective was a woman so young and so [('Shame.")

apartment and bowed courtly deference

"I have succeeded," he said, "beyond my expectations. It seems that a of what had already been accomplished newspaper in London has published an by the police. account of the whole affair, and the pofore, are even more flustered now that

"Jennie has just received a paper florins, but there is nothing about it in | the chief passed them.

the Vienna press." "No," replied the prince, "nor is the explosion took place?" asked Jennie. there likely to be. The robbery is now snown to all the world except Austria, and I imagine nothing will be said

about it here." "Is there, then, any truth in the report?" asked the princess innocently. "Truth! It's all truth; that is just

Vienna, for a time at least. Of course | four men were killed instantly. Of the nothing can be done openly, because guards inside the room not a vestige Englishmen make such a fuss when Irregular Pulse, Smothering was once more installed in her luxurious | their liberties are encroached upon. long. Of course we could expel him. but if we did it would be thought that we had done so because he had found out the truth about the explosion.'

> "How did you learn about the explosion?" asked the princess. "Oh, I have known all there was to

know ever since it happened!" The princess gave Jennie a quick look, which said as plainly as words. Here was the news we wanted in our own household and we never suspected

"Why didn't you tell me about it?" cried the princess indignantly.

"Well, you see, my dear, you never took any interest in politics, and I did not think the affair would have any attraction for you. Besides," be added. with a smile, "we were all cantioned to keep the matter as secret as possi-

'And wonderfully well you have managed it!" exclaimed the princess. "That shows what comes of trusting a secret to a lot of men. Here it is published to all the world."

"Not quite all the world, my dear. As I have said. Austria will know pothing about it.

"The princess tells me," said Jennie, that you were kind enough to endeavor to get me permission to make some investigation into this mystery Have you succeeded?"

"Yes, Miss Baxter, as I have said, I have succeeded quite beyond my expectations, for the lady detective is comparatively a new thing in Vienna. However, the truth is the police are completely in a fog, and they are ready to welcome help from whatever quarter it comes. Here is a written permit from the very highest authority, which you emergency. Here is also an order from here is a badge which you can pin on have some idea of the force of the exsome not too conspicuous portion of plosion." your clothing. This badge, I understand, is rarely given out. It is partly civil and partly military. You can show It to any guard, who will, on seeing it, give you the right of way. In case he does not, appeal to his superior officer. and allow him to read your police permit. Should that fail then play your trump card, which is this highly important document.
