Fact 2.-The actual work of installation was arranged in the interest of the contractor instead of the farmer. Although the contract provided that "the contractor shall and will, at his own charges and expenses, provide all and every kind of labor," etc., he was this installation, and was charged for J. S. HENDERSON, wholesale selling | the same twenty per cent. less than the standard rates then in vogue at the penitentiary, viz., 4 cents per hour instead of five cents per hour.

> Fact 3.—Certificate of efficiency, upon which payment issued, was accepted from the contractor's brother. The work of installation was supervised for the contractor by his brother, T. P. Conner. As soon as it was finished, T. P. Connor was engaged by the government, asbinder twine superintendent. He was then called upon to issue a certificate department, to make it easy for him, that the machinery installed and the quality of the work of installation were in accordance with the terms of the contract. Copy of certificate is annexed, by means of which he certified to the excellence of his own workmanship, upon which payment issued. Another certificate of efficiency was issued by Graham Bell, the foreman of Central prison binder twine department, but if certificates were necessary Connor's was useless. The general policy is manifest
