Down In The Depths. The deepest oil well sunk in America is in the valley of the Monongah h river, about twenty-five miles from l'ittsburg. It is over a mile deep (5. 532 feet), and is not yet completed. It is intended to sink it to 6.(NW) fort. This depth will be surpassed by only two at Schladebach, near Leiprig, where the drill was sent down to 6,265 feet. Many thousands of wells have been saink in America chiefly in the search for petroleum or natural gas, but most of I them are not over 2,000 feet deep. T greater part of the artesian wells, vary from 200 to 1,000 feet.
