A Day's Talk.

Few of us probably ever think seriously about the amount of talking we do in a day, and how large a factor mere talk is in the life of the world for both good and evil. It has been estimated that a public speaker utters in one hour, on an average, what, if printed, would occupy 15 octavo pages. Or dinary conversation is even more pro-

Let us suppose, says The Winoniam, that all the talk of one day be estimated as equivalent to four hours' consecutive speaking. In a single week the amount would make what, if printed, would be for statesmanship; it would be the signal looked up to them that at first it seemed her daughter, Mrs. George Ackert.
