Defence Of Christian Science. bronto, Nov. 20. - (To the Editor) In the interests of justice, kindly allow few remarks regarding the report in your issue of 8th inst., giving the verdict of the coroner's pury on the Peterboro case of Frances Dunlop. It is stated that the coroner, Ir. Grev, strongdenounced the doctrines of Christian Scientists. I fail to see what right h has to do so in his public capacity a coroner. I have made a careful search through judge Boys' treatise on the of fice and duties of coroners and camp find therein any warrant but action of coroner, or making the adverse criticism they regarding Christian Scientists, as re I ported in your paper. The law distinctly recognizes the rights of all in matters pertaining to religion and conscience for on page 221, of "Boys" on Coroners, it is stated 'a dew is sworn upon the Pentateuch, a Turk upon the Koran, people may prefer for themselves or their friends in the case of sickness, does not o far as I have Jearned, discountenance and taught his disciples, nor that practised by Christian Scientists, but regard to the different schools of med cine, on page 266 of "Boys' on Coroners." it is stated, "all rivalry between individual medical experts when giving

testimony should be laid aside, and also

all medical esprit de corps." The foot-
