LETTERS TO THE EDITOR.

Men The Church Needs.

Kingston, Dec. 18.—(To the Editor.)—Evangelist Ranton used very strong language when he said, in Toronto, that every newspaper man he knew but one "was a whiskey soak." That exception was, of course, a relative of his. One can expect more of the virtues that adorn the human character from an evangelist who gets $30 and $40 a week, as one did in this locality not long ago, than from a newspaper man who gets the ordinary rate of wage. There are just as good men among members of the fourth estate as there are among the clergy. The "men of the cloth" do not practice all they preach, not by a good deal. Examples are not wanting, even in Kingston.

The clergy have long been losing their hold on the people, and the fact was never more apparent than it is now, in the dawn of the twentieth century. We want men in the pulpit M-E-N, not puppets, nor tailor's models nor champions of bun-eating contests. Men who will come down among their fellows to labor and live; men who will not be afraid to speak out for fear of offending a rich church-goer; men who do not get excited, cleave the air with their arms and make libellious charges as Ranton has done; men who follow the meek and lowly Nazarene as well as preach His inspired Word; men whose life and deeds and words will be an example to emulate with pride,—not to turn away from in disdain. These are the men the church wants; these are the men the world wants. When we get them the world will be a better place to dwell in, and wholesale charges will not be made against any one particular class of men. There will be no Rantons then; no Bob Ingersolls then, and—perhaps—no drunken newspaper men.—FOSSIE CARL.

CITY COUNCIL IN SESSION.

BUSINESS BROUGHT BEFORE THE CITY FATHERS.

Reports of the Different Committees Acted Upon—Refusing Permission to a Citizen to Sell on the Market Wares of His Own Manufacture.

Ald. Campbell was the only member of the city council absent when the city clerk called the roll at last night's meeting. The session was an interesting one, many important questions coming up for consideration. The gallery was packed to overflowing, and frequent applause interrupted the proceedings.

The minutes of the last regular and special meetings were adopted on motion of Alds. Donnelly and White.

Communications Considered.

Miss H. E. Barney, reminding the council that the Kingston teachers' institute is entitled to a grant of $25 under the terms of 54 Victoria, chapter 55, section 147 (1-2). On motion of Alds. Donnelly and White the sum of $25 was granted the teachers' institute.

Trades and labor council, endorsing the petition of laborers' union, that none but union laborers be employed on corporation work. Board of works.

W. Armstrong, asking permission to sell articles of his own manufacture at the corner of Bagot and Princess streets. Will pay $1 a day for the privilege. Board of works.

G. M. Macdonnell, for Lord's day alliance, asking for usual remission of the rent of city hall on the occasions of the meetings addressed by Dr. Crafts, Mr. Patterson and Mr. Shearer. City property committee.

S. R. Armstrong, clerk, Peterboro, suggesting that united action be taken by various cities and towns of Ontario to secure an amendment of the law abolishing actions for damages for accidents arising from persons falling owing to snow or ice on sidewalks, where the structure of the walk is not defective. Board of works and city solicitor.

Aberdroth & Root, New York, asking permission to figure on the boilers for the proposed power house here. Fire and light committee.

Mrs. A. E. Duff, for Dr. Duff, asking for remission of income tax owing to absence in South Africa. Court of revision.

R. S. Dobbs, urging increased grant to the public library. Finance committee.

M. F. McDermott, asking that statute labor tax for 1899 be remitted. Finance committee.

D. Hendry, Stephen street, complaining of overcharge for snow shovelling. Board of works.

J. B. M. Britton, Q.C., M.P., making enquiries as to title to malt house property, and asking for a letter from the mayor stating in substance: (1) That there is no unopened street to the water front through this property; (2) that the city has no claim upon this property except for assessment purposes and taxes, and (3) that the city has no objection to a patent issuing to the McMillan executors or heirs for the water lots in front of this property.

In explanation Mr. Britton stated that the executors of the McMillon estate proposed selling the land on which the malt house stands to Clarke Bros. A patent has never been issued for the water lots fronting the McMillon estate, and it only lacks the assurance of the city council that the city has no claim on the water front in question, in order to wind up the McMillon estate.

Alds. Donnelly and Farrell moved that Mr. Britton's request be referred to the city solicitor, with power to act.

City solicitor McIntyre pressed the council to act at once; it was not a question of law; the council had power to act at once, and there was nothing to prevent the council dealing with the matter forthwith.

Ald. Walkem could not see that the city's interest would suffer by granting the request.

Ald. Farrell suggested that the limits of the water lots in question be defined. This was included in the resolution.

Ald. McLeod suggested allowing the matter to stand with the city solicitor; it might save confusion later on.

The city solicitor pointed out that he thought the city had no proprietory rights to the water lots in question, but if the city had, the value of these would be trifling and would be a small matter to surrender to Clarke Bros., who would put them to good use and help build up an industry in the western part of the city.

Ald. Craig asked the solicitor to say whether or not the city had title to the lots in question.

The solicitor entered into a long explanation, defining the limits of the harbor, and showing that the city had no claim upon the lots in question.

Ald. Farrell also pointed out the precautions being taken by the Ontario government in looking to the city's rights before granting a patent to these water lots.

Ald. Donnelly's motion was adopted.

Petitions Presented.

Ald. Wright—W. H. Godwin, re surety for contractor for street watering. Board of works.

Ald. Knapp—Walter Geddings, re remission of taxes for 1899. Court of revision.

Ald. McFarlane—W. Green and others, asking for passage of early closing by-law. City property committee.

Ald. Walkem—A. Urquhart, re remission of taxes for 1899. Finance committee.

Ald. Walkem—J. W. Oldfin and others, petitioning that a license be granted the Palace Cafe company for permission to operate a lunch waggon on the market square. City property committee.

Finance Committee Report.

Ald. Webster presented the report of the committee on finance, recommending payment of these accounts: W. S. Gordon, $1; Cataraqui cemetery company, $4; G. N. W. telegraph company, $6.60; A. E. Smythe, $4.25; Annie Clarke, $3.20; city property pay roll, $3; Monetary Times, $3; F. C. Ireland, $1; D. M. McIntyre, $17; Canadian Freeman, $11.50; J. P. The committee made these additional recommendations: That W. G. Strange's dog tax for 1899 be remitted; that Thomas Harrison's dog tax for 1900 be remitted; that $53.40 be remitted from Mamie and Mary Mills' taxes for 1899. This amount, which included the tax upon the part used by the city as a pound, was remitted by the council of 1898 when the property was divided into streets and lots, and the same circumstances prevailed in 1899; that no action be taken on the request of Mamie and Mary Mills to have certain properties assessed to other parties as the rolls cannot now be changed; that the tax charged against Mrs. Bates, on income, be remitted, as said income is derived from rents; that no action be taken on the communication of S. S. Scobell, re dog tax for 1897 and 1898; that no action be taken on the communication of R. S. Dobbs, asking for a further grant to the public library; that the council of 1901 be requested to grant the sum of $50 for an illustrated descriptive article advertising Kingston as a summer resort, in the 1901 edition of the booklet of the Bay of Quinte and Lake Ontario navigation company; that no action be taken on the application of Wormwith and company for exemption from taxation.

Alds. Webster and White moved that the report be received and adopted, Carried.

Ald. Kent presented the report of the committee on water works, already published. Adopted on motion of Alds. Kent and Toye.

Ald. McLeod presented the report of the committee on city property, which was amended by the withdrawal of the clause refusing permission to the palace cafe company to operate a lunch waggon on the market square, and the elimination of the clause granting permission to W. Armstrong to sell wares on the market square at a license fee to the city of $1 a day. This last clause was removed on the call for yeas and nays, eleven voting against granting the permission and eight for it.

Seeley's Bay I.O.F. Officers.

Seeley's Bay, Dec. 17.—The concert and oyster supper given by the Sons of temperance on Wednesday evening, Dec. 12th, in the Select Knights' hall, was fairly well attended, although the evening was a stormy one. The programme was excellent, those taking part acquitting themselves creditably and satisfactorily to all present. The receipts were about $25. William Moore, Elkton, Michigan, is visiting friends here and vicinity. This is Mr. Moore's first visit for twenty-four years, and he finds many changes have taken place since his last visit. He is a son of Thomas Moore, and brother to H. Moore and George Moore, of this place. The mumps are very prevalent here. The members of the Methodist Sunday-school are busy practising for their annual Christmas tree entertainment, in the Select Knights' hall on Christmas night. At the last meeting of court Arlington, No. 3,842, the following were elected officers for the ensuing year: Court deputy, A. E. Putman; chief ranger, Dr. H. H. Elliott; vice chief ranger, C. Centreton Sayings.

Centreton, Dec. 15.—We have lost lately one of our respected citizens, T. Leney, who died a few days ago at the advanced age of sixty-eight. The funeral service was conducted by Rev. Mr. French, Grafton, in the Anglican church. The interment took place in Centreton cemetery. Harry Minifie, aged nineteen, eldest son of George Minifie, died of typhoid fever after an illness of a fortnight. The funeral took place at Bowmanton. Preparations are being made for a splendid Christmas entertainment in the Methodist church Sunday school hall on Christmas eve. Rev. Thomas Snowdon, Roseneath, will preach anniversary sermons in the Methodist church on Dec. 23rd. Our sick list at present is Mrs. Macaulay, Mr. Holland, Mrs. Frank Masters and Walter Richardson. George McKenzie has gone to Toronto city hospital to undergo treatment for throat trouble. The oyster supper at Bowmanton church on evening of Dec. 11th was well attended. The Baltimore choir contributed much to make the evening's entertainment a success.

REMARKABLE EXPERIENCE.

Indian Mother Found By Wealthy Woman.

Kansas City, Mo., Dec. 17.—Mrs. Mary Greenleaf, wife of William Greenleaf, a wealthy Kansas City architect, has returned from a most remarkable experience. A week ago she saw her mother on a farm near Vinita, I.T. Before she saw her she did not know she had a mother living. Mrs. Greenleaf is forty-six years old now, and she was told that her father took her from home and put her among strangers.

After forty-three years of separation mother and daughter, each of whom thought the other dead, were permitted to look into one another's faces again, to be kissed and to be embraced. They nearly died of joy at the reunion. The meeting was made dramatic by the circumstances that led up to it and by the past history of the family.

Col. Amos Williamson, then of Sacramento, Cal., married Margaret Merrell, a part Cherokee girl, in San Francisco in 1852, and shortly afterward went to Fort Gibson, Ind. T., to live with her people. Col. Williamson was so rabid a northerner that the Cherokees, who were southern sympathizers, and many of them slaveholders, drove him out of the territory. His wife, whose sympathies were all for the south, refused to accompany him, but permitted him to take their baby girl, Mary.

Catarrh Assurance.

That's what you want. This is how you get it. Snuffs won't give it to you, neither will ointments or washes, they simply reach the door of the disease. Catarrhozone unlike all these reaches the very root, and the branches cannot escape its power. It is bound to cure for it is carried by the air you breathe; now isn't this common sense. Here's proof for you: C. M. Raney writes, Sept. 1900: "I feel assured there is only one treatment for catarrh and that is Catarrhozone." Catarrhozone is pleasant—acts quickly—cures absolutely—money back if you don't find it so. Druggists sell it at $1 or direct by mail from N. C. Polson & Co., Kingston, Ont., Hartford, Conn.

Kaladar Catches.

Kaladar, Dec. 17.—Mr. and Mrs. Geo. Wood, Harlowe, were visiting their daughter, Mrs. Ira Forbes. Mr. and Mrs. Alex. Forbes were in Tweed on Wednesday. B. F. Carley, night operator has returned after two weeks at Central Ontario junction. Mrs. Emma, Sidon, Mich., is visiting her sister, Mrs. John Fox. C. Keller and wife were in Tweed one day last week. Joseph Martin on the sick list, is quite poorly. Mrs. O. H. Dunn and her sister, Edna, were the guests of Mrs. H. Head, Cloyne, on Sunday. Charles Marten has returned from New York state, where he has been engaged in the lumber camps.

A "Hello" Service.

Hartington, Dec. 17.—The poles are up for a telephone service; the office will be at the post-office. We expect to be able to answer "hello" in a few days. H. Reynolds has sold the cheese factory here to Mr. De Wolf, of Westport. Mr. Thompson, stopping with her daughter, Mrs. Eben Revell, has gone to the hospital to have his eyes treated. Mrs. Yumiltee, Burton, Michigan, is visiting her father, J. M. Babcock. C. Moore is building the station at Glenvale. The merchants here are having a good Christmas trade.
