A FAMILY'S MISFORTUNE.

Husband Dead and Widow and Child Ill.

Toronto, Dec. 28.—A special from Pittsburg, Pa., says that James McIntosh, Braddock, who came to that place from London, Ont., a year ago with his young wife, was attacked on Christmas eve with acute laryngitis, and he feared he would not get well, although the doctor, who attended him told him there was no danger. He worried continually and in forty-eight hours was a corpse. His excessive worry is said to have affected his heart. His wife is prostrated over the shock of her husband's death and her condition is said to be critical. The four months old babe is also seriously ill. The body was forwarded to London.

KILLED GOING TO DANCE.

Youths Struck by Train—Mother Dies of Shock.

Bryan, Ohio, Dec. 28.—Wayne Crowell, aged twenty-four, and Charles Conan, aged twenty-one, left here for Blakeslee, where they were to attend a Christmas dance. In crossing the Wabash railroad tracks they were struck by a passenger train and both instantly killed. When Mrs. Conan, mother of one of the boys, was notified of the accident, the shock caused her death.

Took Wife's Life; Then His Own.

Los Angeles, Cal., Dec. 28.—John W. Tinsley shot and killed his wife, Anna P. Tinsley, on the street yesterday and then fired a bullet into his own head, dying instantly. Mrs. Tinsley had filed suit against her husband in the superior court to recover $1,100 fradulently obtained from her and bitterness over this suit and the troubles leading up to it evidently caused the double tragedy.

NO CAUSE FOR ALARM.

Boers Too Few To Be A Menace.

KITCHENER AT PRETORIA.

BOER MOVEMENT ON CAPE COLONY CHECKED.

Colonial Dutch Have Not Joined the Boers—London Daily Mail Will Demand a Cessation of the War—Invaders Are Mostly Rebels.

London, Dec. 28.—Gen. Kitchener returned to Pretoria on Wednesday.

The general view here is that the alarm, caused by the Boer invasion of the Cape Colony has proved causeless, all the reports indicating that the colonial Dutch have not joined the Boers, and that the invaders, besides being too few in numbers to cause a serious menace, have been successfully checked. There is, however, little definite news and Gen. Kitchener's reports are most cautiously worded.

A report from Bloemfontein states that the Boers who invaded Cape Colony, east of Bethulie, are mostly colonial rebels, who, according to a prisoner's statement, believed that if they surrendered in the colony they could be punished only under the Treason act, whereas if they surrendered in the field they would be executed.

A despatch sent from Vryburg on Dec. 19th, states that two large bodies of Boers, one having 170 waggons, have crossed the railroad between the Vaal river and Mafeking, moving west. A guess is hazarded here that they are trekking into Namaqualand.

A number of more or less belated despatches from the Transvaal and Orange River Colony show that the Boers are active in all directions.

Daily Mail Changes Front.

London, Dec. 28. — A journalistic change of much significance will soon be announced. The Daily News, the oldest liberal paper here, will cease supporting the government's South African policy, and will virtually demand the cessation of the war and the giving of terms to the Boers. The paper has been strongly imperialistic since the beginning of hostilities. Arnold Morley, one of its principal proprietors, was chiefly responsible for its change of policy. E. T. Cook, one of the ablest journalists of London, will probably retire from the editorship. It is interesting to note a change of this nature, as early in the war the Chronicle was compelled, owing to its unpopularity, to abandon the attitude which the News now takes up.

Still In Active Service.

Cape Town, Dec. 27.—Gen. Kitchener is informing the officers who brought their families and established homes in the Orange River and Vaal River Colonies that they are still in active service, and that their families must not be stationed within the fighting zone.

Their Power Broken.

London, Dec. 28.—Col. Grenfell, who commanded the British in the skirmish at Plaisterheuval, reports that the invaders under commandant Kruitzinger numbered 700. They were hard pressed by the British and abandoned Maxim guns and carts. They made a long detour which made their pursuit difficult, but Col. Grenfell got in front of them. It may be perhaps assumed that their power for mischief is broken unless Gen. Dewet succeeds in joining them.

Boers Are Trekking.

Vryburg, Cape Colony, Dec. 24.—(Delayed). Two large Boer commandoes with many waggons are trekking westward. It is believed they are on their way to German West Africa.

Killed At Elocalan.

Ottawa, Dec. 27.—A cable from Sir Alfred Milner announces that Pte. W. H. Ingram, of Grand Prairie, B.C., was killed, and that Corpl. C. R. McDonnell, Kingston, was wounded at Elocalan, on Dec. 22nd. Both were members of Strathcona's horse

Notes Of The War.

At Standerton, Transvaal, the explosion of a gun killed three men and wounded two.

The London Standard says it understands that the squadron of yeomanry, entrapped and captured by the Boers whom they were following from Britstown, was released after the men had been relieved of their horses and other equipment. Ten of the yeomanry, the paper says, were wounded.

Lord Strathcona knows nothing of the report that Strathcona's horse have offered to remain in South Africa if required, after the expiry of their period of service in February.

The queen will shortly institute a new order of knighthood for services in South Africa. It will probably be called the star of Africa and will be analagous to the star of India.

The Boers celebrated Christmas in the district between Standerton and Ingogo by more or less determined attacks upon the British garrison along the lines of communication. They, however, were, in all cases, successfully subdued. At Utrecht the Boer commandant sent in a demand for whiskey, cigars and Christmas luxuries, failing which he threatened to attack the town. His demand was ignored, and the Boers attacked Utrecht in strong force Christmas morning. They were repulsed with loss, the British casualties being but slight.

WOMEN ASSAULT KEEPERS.

Prisoners Turn on Matron and Warden.

New York, Dec. 28.—Twenty maddened female prisoners in the Raymond street jail, Brooklyn, rioted yesterday and so badly assaulted matron Fannie Handy and warden McGrath that they will for a long time bear marks of the assault.

There was no attempt to escape. The riot was the consequence of nothing but ill-feeling. Miss Handy was transferring the prisoners from one corridor to another in the woman's section, when she was attacked by Nellie Jones, a powerfully built woman, who had been sentenced to fifteen days for intoxication. Miss Handy was felled. Nineteen other prisoners then assaulted her. While the blows rained thick upon her head and body she managed to reach a push button that rang a bell in the warden's office.

Warden McGrath rushed to the woman's department, without waiting to call for assistance. As he entered the corridor he diverted the attention of the infuriated amazons and they jumped on him. Hat pins were brought into play and his face, head and neck were gouged.

Miss Handy made her way through the crowd and again rang the alarm. Sheriff Burgin, under sheriff Wilson and five deputies replied. They had much trouble in subduing the women, but succeeded, and two of them, Nellie Jones and Teresa White, were placed in straitjackets. The others were put in separate cells and then the prison physician was called to attend the wounded warden and the matron.

A CATHOLIC CHAPLAIN.

Father O'Leary May Open the Senate—Manual Training.

Ottawa, Dec. 28.— There is talk here making Fr. O'Leary, the Irish chaplain of the senate. The late dean Lauder, as chaplain, had a stipend of $600. He was a Protestant.

Prof. Robertson, dominion commissioner of dairying and agriculture, expressed himself as thoroughly satisfied with the success of the manual training which he was the means of introducing into the educational system of Canada. It is now practised as part of the public school system in every province of the dominion and the territories, and has been adopted by the school boards in sixteen towns and cities. By Jan. 10th, Prof. Robertson estimates there will be at work in Canada, twenty-six instructors, thoroughly trained and competent men of experience, and about 5,800 school children receiving instructions.

DIED TO SAVE CHILDREN.

Rescued Two Sons and an Infant, Then Perished.

Du Bois, Pa., Dec. 28.—In the little village of Sigel, ten miles from Brookville, yesterday, the house of John Hariger was burned and Mrs. Hariger and her two little daughters, aged five and seven years, perished. Mr. Hariger was away from home. When Mrs. Hariger arose this morning she discovered the house to be on fire, and called her two sons, who escaped.

Mrs. Hariger ran upstairs to where her little children were sleeping, and catching her three-months-old baby in her arms, threw it from the window. It sustained no injury. She then directed her attention to the two little daughters, who were overcome by fire and the smoke, and perished with them.

SHOT BY A WOMAN.

The Grand Secretary of Indiana Masons the Victim.

Indianapolis, Ind., Dec. 28.—William H. Smythe, grand secretary of the masonic order of Indiana, was shot and probably wounded yesterday in his office in the masonic temple. The shooting is a mystery. The story told by Mr. Smythe, who retained consciousness for several minutes after the shooting, is that a blonde woman entered his office and asked to be allowed to use the telephone. As he was busy he told her he could not be bothered at the time. Without further words, he declares the woman drew a revolver and fired at him. He felt the sting of the bullet, but did not realize what had happened until after the woman had escaped.

Corpl. Peart and Pte. Graham, of the first contingent at the front, received a gold medal from the St. Mary's, Ont., citizens and a gold watch and chain from the council.

WANT THEM TO RETURN

A Request From A Chinese Viceroy.

WORKING NIGHT AND DAY.

IN THE PRODUCTION OF SMALL ARMS.

The Americans Set Up the Claim of First Entering the Forbidden City—China Very Strenuously Objects to Reduce the Forts.

London, Dec. 28.—A despatch to the Morning Post from Hankow says that viceroy Chang Chih Tung has personally requested the missionaries to return to their posts in the province of Hunan and Hupeh. The despatch adds that the viceroy is exceedingly anxious about the demand of the powers that arms and munitions of war shall not be imported into China. His arsenal at Hanyang is working day and night producing small arms.

Objects To Reduce The Forts.

Pekin, Dec. 27.—Li Hung Chang and prince Ching, the Chinese peace commissioners, have heard from emperor Kwang Su.

The court objects strenuously to reducing the forts and also to allowing permanent legation guards, which it seems to think could be made sufficiently large at any time desired in order to menace the court itself.

After a conference earl Li and prince Ching decided to hold further communication with the court before seeing the ministers.

Entry Into Pekin.

Washington, Dec. 26.—Brigadier-general Heywood, commandant of the marine corps, has forwarded to the navy department a letter from Capt. Charles D. Long, serving with the marines in China, stating that the American marines were the first to enter the forbidden city. There has been much controversy as to whether the Russians, British, Germans or Americans were first inside the sacred precincts, and this letter is regarded as establishing the claims of the Americans to having been first on the ground.

To Clear Up The Country.

Pekin, Dec. 27.—The continued receipts of reports in the province of Chi Li have resulted in sending of military forces to the country east of Pekin. Two companies of Germans from Tung Chow, 150 cavalry, 100 infantry and some artillery under command of Lieut.-Col. Theodore Wint, U.S.A., from Pekin, and several companies of British troops from Tien Tsin, will start to-morrow to clear up the country. The objective of the expeditions is Lanhow, where, last week, it was reported that twenty-one native Catholics were killed. Four of them being burned to death in a temple. This is the neighborhood where the Catholics have been collecting indemnities for damages sustained during the Boxer troubles. In addition to a money indemnity they have demanded the head of a native for every christian Chinaman killed. It is not known whether there is any connection between the collection of indemnity and the murders recently reported. The reports of trouble there are all from native sources, which are seldom reliable. Mr. Ragsdale, the American consul at Tien Tsin, has sent a note to minister Conger informing him that a small party of Japanese were attacked by Chinese in a village near Taku. Two of the Japanese were killed and several wounded. The Japanese are sending a punitive expedition to the place.

A British subject, named Carriney, keeper of a canteen and grocery here, was shot in the British district to-day by a German soldier. The latter had no right to be in the district armed. The affair is creating a stir.

A force of 1,100 British troops with two guns and a Maxim gun, has gone to Yang Tsun, to attack the Boxers in that vicinity and protect the railroad. The Germans and Japanese are clearing the river of pirates to Tien Tsin.

Col. Tullock's regiment will return to destroy the towns he recently held. This action is owing to the fact that it has been discovered that a number of Boxers unquestionably made them their headquarters.

British soldiers have been found dead outside the temple of heaven with bullets in their heads. The murders are believed to have been committed by Chinese.

Remembered Their Teacher.

Parham, Dec. 24.—A Christmas tree entertainment was held in I.O.O.F. hall, here on Saturday evening for the benefit of the public school children. The programme was given by the children in a most admirable manner assisted by Miss Laura Brown, as organist, and Miss Flossie Bertram, as soloist. The teacher, Miss Morris, was presented by the pupils with a handsome ebony and gilt mantel clock with several other useful and ornamental gifts, testifying to the esteem in which she is held. The hall was well filled and the evening a decided success.

TOOK HER LIFE.

Girl in Detroit Swallows Morphine and Carbolic Acid.

Detroit, Mich., Dec. 28.—Flora Duncan, a pretty young woman of twenty-nine years, died last evening from the combined effets of morphine and carbolic acid, administered by her own hand. With little question the fatal drugs were taken with suicidal intent. Coroner Forth will hold an inquest on Wednesday.

Flora Duncan roomed at 247 Randolph street. Marie Kile, the landlady, states that Miss Duncan had been living at her place for over a year. Jerome Duncan, London, Ont., is thought to be the girl's brother, and she is said to have friends in Petrolea, Ont. Since Christmas she has been despondent.

COMMITTED FOR TRIAL.

The Defaulting Agent, Dean, Tried At Sherbrooke.

Sherbrooke, Que., Dec. 28.—This morning the preliminary hearing came off in the case of the defaulting agent Dean, alias Carr, late of Hinton, Iowa. In court documents he signs himself as W. L. Dean. He was committed to stand trial at next court of queen's bench, with the option of a speedy trial before the district magistrate. His counsel is now considering the subject. The case is one which, it is claimed, does not come under the punishable laws of the United States, which hold that the express money orders have no value when abstracted. The committment here is for issuing forged papers.

LOTTERY OUT WITH CENTURY.

Montreal Men Cannot Escape Its Workings.

Montreal, Que., Dec. 28.—The indications to-day are that the lottery proprietors have decided to accept the inevitable, and that they will close down their business after the first of the new century, when the sweeping amendments to the criminal code come into effect. There was some talk a little while ago of defying the law and continuing the plundering of the people, but consultation with eminent lawyers has shown the lottery men that Mr. Mills has drawn the new clauses so closely that there is no means of escape.

RUSSIAN CONSUL AT BOMBAY.

Britain Was Slow to Admit That One Was Necessary.

St. Petersburg, Dec. 28.—To occupy the post of first Russian consul at Bombay, the government has appointed M. Klemm.

Russia secured the right of consular representation at Bombay after long and difficult negotiations, the British government being slow to admit that the commercial interests of Russia justified the departure. The real objection, naturally, was fear that the consulate would serve for political instead of commercial purposes.

Sequel To Toronto Wedding.

Toronto, Dec. 28.—On Nov. 5th last, at St. Ann's, Toronto, the marriage took place of commander Robert Burton Rodney, United States navy, to his cousin, Margaret Edith, third daughter of the late George Rodney Owen, Esq., and grand-daughter of the late Sir Hugh Owen, bart., A.D.C., formerly M.P. for the county of Pembroke, Wales. The couple went to Washington, and were accompanied by Miss Isabel M. Cole, who was Mrs. Rodney's companion. Now Mrs. Rodney is suing for separation, because of neglect and ill-treatment by her husband. The latter says his wife's affections have been alienated by her companion whom he wants shipped back to Canada. He loves his wife, but cannot stand Miss Cole.

'Twas A Gruesome Joke.

Des Moines, Iowa, Dec. 28.—Investigation to-day disclosed the falsity of the reports to the effect that forty-nine school children had been drowned in a skating pond either at Watcheer or Foster, Ia. The story was started as a joke by railroad trainmen.

PRICE OF KISS, $375.

Affirms Judgment in a Case of Forcible Osculation.

Des Moines, Iowa, Dec. 28.—Miss Mae Brenner's judgment of $375 damages against R. W. Boeger for forcibly hugging and kissing her at Leon, Iowa, was affirmed by the supreme court in an opinion in which the court declares that there was no reason why she should not receive this amount, as the hugging and kissing were forcible and against her will. One of the reasons given by Boeger's lawyers why judgment should not be affirmed was that the young woman had led Boeger to think that the kisses would not be unacceptable.
