### THE COOKBOOK.

A nourishing dish may be made from cooked meat by stewing it very slowly in really good stock or gravy for 134 hours. An Italian way to give the touch of garlie to the salad is to rub a piece of bread with it and put it in the salad dish, where it lends its flavor through the dish as the

salad is tossed. Cook twice as much hominy as you want for a meal and pack what is left in a square dish. Next day cut in slices, fry Rice is good fried in the same way, and

children are very fond of both. For baking, the banana should be green but neither too green nor too ripe. It may be made most delicious by peelin and rolling in brown sugar and baking in a buttered pan in a very hot oven.
