INCIDENTS HAPPENING IN THE SPORTING ARENA.

Kingston Losing Its Clever Young Athletes -Loss to the Hockey and Football Backs-The Recent Misunderstanding Between the Princess Streets and Fonies -General Tips From the Turf.

On Saturday next the Toronto Globe will publish a group photograph of the Kingston bowling club, second prize winnerest the recent tournament there. While playing baseball at Lake Ontario

park last evening a lad named Arnold, better known as "Redney," received an incurable injury, one that will trouble him throughout life.

The absence from the city of Murray and Reyner decimates the amateur sporting ranks. Both were members of the same teams; good men that Kingston can

Il afford to lose. The Hamilton Spectator endorses the left last evening to spend some time down ormation of city football clubs into a the river. league, as suggested by the Whig, and adds: 'Such a union would doubtless be popular and should be prolific of an ex

cellent quality of football." It is hardly likely that any weekly gacht races will take place be tion of the Kingston clu A lack of interest seems to be displayed by the members, but perhaps this is accounted for by

prize money not being forthcoming. The members of the Ponice, baseball bsam, claim they are prepared at any time to defeat the Princess Screets, either for the fun of the thing or for money. They claim last Saturday's match was fairly won by them, as they had another innings to their credit when the game was called.

By the departure from the city of "Mac" Murray Kingston sporting circles lose another good all round athlete. "Mac" has been a leading figure in lacrosse, football and hockey for a number of years past and always acquitted himself with credit in every instance. Last year he captained the Fronter ac hookey team and led them to victory so often that their progress all through the season was marked by a series not help you we would not make this honest of brilliant wins until the end came by the capture of the intermediate trophy. On the lacrosee field he also gave a good account of himself and was one of the surest players the city possessed in recent years. He played on the wing of the famous Granite football team and was a strong outside man, a sure tackler and a fleet runner. Hie departure from the city will leave a gap in amateur sporting ranks that it will be difficult to fill. He has the assurance that a

host of Kingston friends will be pleased to hear of his future success. It was a queer muddle the members of the executive committee of the local baseball union had to unravel yesterday, arieing out of last Saturday's Princess Streets. Ponies match. In the ninth innings with two men out and two men on bases, the Princess Streets sent the wrong man to the bat. When umpire Elliott made this discovery he called the batter out, retiring C.P.R'e, Brandon division, with headquar. one to the citizens. the side. He afterwards realized his mistake, and stated to the executive commit-J. R. C. DOBBS & CO., tee that he was in error; since last year the rule governing the matter was altered and Mr. Ellioss was not aware of the General Repair Shop, 83 fact. The Princess Streets should have filed their protest at once, before leaving the field, but neglected doing so, although

the rules of the local league demand that such be done. The batter whose act caused the whole trouble, acknowledged to the executive committee that he knew he was batting out of place and told his colleagues so, but they told him to go ahead, that it would not make any difference. Such being the case, and all things considered the Oht., to enter the office of Lieut. Col. strong in both arms than are men. executive committee could not do other wise than disallow the protest. It is un fortunate that the incident happened, but it is hoped it will not deter good ball being played nor good feeling existing between the different teams, body regrets the occurrence more so than umpire Elliott, than whom there is no more conscientions or reliable official to be found, shown by the fact that as soon as he found himself in error he at once

acknowledged it.

A Congregational Meeting. A meeting of the congregation of Cooke's Presbyterian church was beld last night. M. H. Claxton occupied the chair, and The report of the collecting committee was received, and found to be very favorable. Some descussion followed and then the meeting adjourned to meet again on the 28:h inet.

A dose of Miller's Worm Powders occasionally will keep the children healthy.

THE NIGHT CLERK'S STORY.

A FACE LIKE CHALK.

A very bad attack of the Grippe one year ago last winter left my system in a very weak state and my nervous system completely unstrung. After getting over the dangerous stage of the disease I naturally expected to gain strength, but, unfortunately, did not do so. On the contrary, my blood became weaker. daily lost strength and vitality, and my nervous system became so weak that if was a constant source of suffering both day and night. I lost appetite, the sight of food nauseated me, the weak state of my system caused shortness of breath and unnatural action of the heart, such as fluttering and violent palpitation, and my face was like chalk. I was in this condition and constantly getting weaker when I began taking Dr. Ward's Blood and Nerve Pills. I had read the books they distributed and their advertisements in the papers, and thought, "Well, have taken so much medicine without benefit it is useless to spend any more However, I finally made up my mind. It is a forlorn hope: I can but try. If I am not benefited I will not be hurt. So I bought one box and received great benefit therefrom, so continued their use, and to-day am a well man in consequence; my blood is strong, my face has the ruddy hue of health, my appetite has returned, I sleep well, I have not the slightest indications of nervousness or heart trouble,

and strength." I am yours very truly, (Signed) WILLIAM WILLARD, Night Clerk Grand Central Hotel, Dr. Ward's Blocd and Nerve Pills are sold at 500, per box, 5-boxes for \$2.00 at druggists, or mailed on receipt of price

The Cause Removed.

The death occurred on June 30th at Wil mur of Mrs. Peter Brooks and daughter of Syracuse in August The western the late T. J. McKinley, Parham. Death sky last evening presented a picturwas due to heart failure A husband and five children survive Deceased was a Methodist and a church worker. She was a sister of Thomas R. McKinley, Sharpton; Mrs. Thomas Turner, Westbrook ; Mrs. George O'Neil, Spaffordton; and Mrs. D L. Brooke, Wilmur.

A Pangerous Hole Filled In. A large and dangerous hole, which had long existed on top of the hill at the head of Ordnance street, has been filled in and levelled off. It was only last week that a horse stumbled there and sustained s fracture of ite leg. It appears as though the streets department is determined not to repair bad places until some injury has been caused by them. The repairs just completed on Ordnance street make the road very passable now.

Christian Endeavor Excursionists.

Two hundred christian endeavorers arrived from Detroit last night, and stopped at the outer station for a short time. While on the platform the endeavorers sang in a very touching manner "My Country, Tie of Thee." The train proceeded to Ganano quo, where the passengers disembarked, and this morning boarded the steamer Columbian for Montreal. Many were also taken on at Clayton and Alexandria Bay.

What Is Proposed.

It has been suggested by a well known western Ontario railway contractor, who is familiar with the dangerous crossing of the Grand Trunk railroad tracks at Cataragui, that the toll gate be moved up close to the tracks and the toll gate keeper be also installed as gate keeper for the railroad, the les the whart at nine or lock, havcompany and county each allowing admian I the ren board fully 400 excursionists. equal half of a fixed sum as salary in addito his toll gate privilege. If this plan is adopted, and it seems a reasonable one, ar good if not preferable to the gong system proposed, the railroad company would have to place gates over the road, which would be lowered at the approach of each passing train, ensuring safety to the public. There s not a road anywhere in this part of the country more travelled than the one in question and it is the least protected.

A Beautiful Life Ended l'assed away to eternal reward Katie, beloved daughter of Mr. and Mre. I'. Mc Street car No. 6 left the rails at the church and surrounded by her devoted parents, sisters and brothers. She had been ill for over a year, every moment of her time being occupied in preparation for the final summons, and when death came it found her fully prepared. As she lived so did she die, calmly, peacefully; her last sigh accompanied by a prayer to Jesus, her goutle spirit passed into eternity. She was a member of the Schality of the Children of Mary, was an earnest worker, never tiring when she could render a ser vice, and in recognition of her many good acts the nuns, with the Children of Mary. were present in the church to assist at the last solemn rites, and to offer fervant prayers for the departed. The funeral pervices were held on Sunday morning, June 25th, at St. Edward's church, West-

A Norded Walk Laid At Last. "Keeping everlastingly at it brings succees" is a wise old proverb that has been given a recent verification. Time and again has the Whig noted the u gent need of a sidewalk on Bagot street next the artillery park, and the raising out of the mud that portion of the sidewalk fronting the Salvation army barracks. At last the streets department raw the wisdom of the rrouget, though their blindness hitherto has been wonderful. Now a new sidewalk has been laid on Bagot street near the army barracks, and has been raised con siderably above the level of the former one Also a new walk has been put down on the opposite side of that street from Bay street half way to Queen. It is strange that the walk was not continued to Queen street; that of nature's own making is generally ound in a bad state of repair, and therewould be much troffic over that portion. The greatly needed crossing from Chap

man street to Queen street has not yel been laid. The residents thereabouts "won't be happy till they get it." Bight Bring Their Beds Along.

Last year the excursionists brought to the city on the boats of the Folger line reached here about moon, and were given until three o'c'ock to stay in the city. During those three hours the Americans parted with a good deal of their filthy lucre, and the Kingston murchants, rail way company, etc., benefited to a prodelicious Grape Nuts, lately placed on sale | portional extent. But this season the ex-2:30 p m., instead of 3 p m., and merbhants are complaining of the change. One of them stated last night that the It is an undentable fact that more hard people were not given a long enough time in the city, and that the d fforence, from work, physical or mental, can be done on the merchants' points of view, was very perceptible. He contended that if it were not absolutely necessary to have the boats at some down the river point leave at a cortain early hour, that they be allowed to remain at the wharf here until three o'clock, thus enabling the excursionists an extra half hour in which to view the city and put their coin into from efreniation.

PORTER TO DEFEND

FORMALLY REMANDED FOR AN-OTHER WEEK.

Pare and Holden are "Mum"-Gone to Michigan on a Visit - Visitors About Town-To Uelebrate the 13th.

Napanee, July 12. - Yesterday morning "Jack" Roach was brought before police magistrate Daly and formally remanded for another week, Roach has retained E. Gus Porter, of Belleville, to defend him. It will also be remembered that Porter has defended Ponton throughout his trial. Roach is very reticent and says he will talk when the time comes. The other two prisoners, Pare and Holden, are also very 'mum' and are quite cross over their confinement. Roach spends a great deal of his time in reading, but Pare and Holden just sit and sulk. It is thought that the four, Pare, Holden, Roach and Ponton, will be put on for trial at the same time, but this as yet is a mere conjecture. No further developments have come to light in the case,
