MAYOR JONES' LATEST SCHEME.

Planning To Turn Over His Large Factory To Ells Employees.

Tolebo, O. July 18.-Mayor Jones i now planning to turn over his large sucker rod factory, which has made him a fortune, to the men who are associated with him as employees. He has been working on this plan for some time, and, although all the details are not complete, the announcement may be expected in the near future. Mayor Jones said that while he was oppostar | ed to charity, because it did no good in the ing long run, he proposed to demonstrate that uor co-operation on the part of the employer not and employee would tend to right existing who evils. It is not the plan of the mayor to allow his men to get rich out of the fac tory, but, in his words, "to furnish them a comfortable living and something for their the children," not allowing them to accumulate five | so as to ride over others. The plant and runk | the patents will go together and are valued ening at over \$100,000. Each man will be a racks sharer in the interests of the concern acarmy cording to his ability to produce. The DEATH OF HON. MR. GEOFFRION. "but men of the factory are now receiving five per cent. of their yearly wages for a Christ. A Member of the Dominion Cabinet Passed or the mas present, but when the co operative plan is put in force no wages will be paid, per saw but dividends will go to each employee. Could There are 300 persons employed at the er to the factory.

A GRACEFUL TRIBUTE.

Join in Doing Honor To The Memory Of Mr. Ives.

OTTAWA, July 17. -- For the second time Sir Charles Tupper was called upon to What Comes to Us From refer to the death of one of his colleagues on the opposition front benches. He spoke with deep emotion of the lose to the country, the house and the conservative party caused by Mr. Ives' servative party caused by Mr. Ives' CONDENSED barely audible. Sir Wilfrid Laurier in interbarely audible. Bir Wilfrid Laurier joined his sympathy to that of Sir Charles, speak. ing of Mr. Ivee as an old personal friend Both leaders also referred to the sudden death of senator Sanford.

The public works estimates were then baken up and good progress made. The opposition vigorously cricicised the government for the employment of city labor in the construction of a dredge at the Sorel workshops.

This afternoon the first minister gave notice of motion of the long expected senate reform resolution. It read as follows:

That an humble address be presented to her mejesby the queen, setting forth that the provisions of the British North Am. dent for several days, but he erica act, 1867, respecting the powers of the senate of Canada in the making of laws, are unsatisfactory, and should be brought more into harmony with the principle of popular government, and praying that her majesty may be pleased to recommend to the imperial parliament measure for the amendment of the said act, in such terms as will ally make provision as follows: If eghty-seventh year. the house of commone passes any bill which the senate rejects, or fails to pass, or amends in a way not accepted by the house of commons, then if the house of commons, at the next following session, again passes such bill, and the senateagain rejects or fails to pass it, and amends the same in a way not accepted by the commons, the governorgeneral may, by proclamation convene one or more joint sittings of the members of the two houses for the further consideration of such bill or amendments, and a question whether such bill or amendments shall pass shall be decided by a majority of the mem. bers of the two houses present and voting, and the vote of any such joint sitting shall as respects such bill or amendments, have the same force and effect as a vote of the senate under the existing constitution.
