AMERICAN BARBERS.

The Awful Roast They Get From an English Dramatic Critic.

Take the harmless, necessary operation of shaving, says William Archer, in a letter to the New York Times. In a good English barber's shop it is a brief and not unpleasant process. In an American "tonsorial parlor" it is a lingering and costly torture. One of the many reasons which lead me to regard the American of hustlers, is the patience with which they submit to the long drawn tyrann from 4d to 6d. In America one can hard- spring. HORSE CHOSE HIS DOCTOR.

Knew Where to Turn For Help When

"One reads so many stories about animal intelligence that it would be hazardous for a doubter to express his disbelief in almost any gathering of men at the ed in looking like a tramp. He told me present day," remarked a well known western physician. "A little instance came within my own observation a number of years ago, when I was studying and wound up by asking me to help him medicine, that convinced me that the get back to the coast. 'Give me any old members of the horse family should at | ticket that calls for Texas,' he pleaded. least be credited with the possession of 'I don't care if it was issued in the year a very considerable amount of reasoning one.

"It was the custom for the students at the medical institution at which I pursued my studies to wear a small badge upon their coats to distinguish them from others at the college. A horse belonging to the establishment was used a great the animal seemed to have a special preference for the embryo doctors. Well, one day, while a number of us were gathered in a little circle upon the lawn in the rear of the college, the autmal in question, which used to be turned loose to nip the grass in the location, came toward Misses Edith and Eshel Reid, Princess the group limping very badly. He came to a stop a dozen or more feet away from the crowd, and, carefully surveying the lot of us, finally made up his mind what he wanted to do, and without any hesitaheld up his left foreleg. Looking down, discovered a large nail imbedded in the frog of his boof. This had evidently caused the lameness, and I soon realized the interesting fact that the animal desired me to attend to his foot. I extracted the Not one of the group had his medical

nail with some difficulty, and the horse whimpered with relief and walked away. "Being curious to know why the beast had picked me out to attend to his Washington Star.

A MEAN TICKET SCALPER.

He Worked Off a Dead Ticket on a Deaf Mute.

"About two months ago," said a ticket scalper, "a good looking chap with a big roll of money came into my place and bought a pasteboard to Frisco. He was such as attractive, clever fellow that I took an instant liking to him, and I was rather shocked last week when he walka fantastic hard luck story, declared he had lost all his money, admitted he had beaten his way into town on a freight

"In hunting through my stock I found | an expired ticket to Dallas, and he pounced on it like a cat. 'Will you let me have this?' he asked eagerly. "'I will if you'll tell me how you are

going to ride on it,' I replied. " 'Why, it's dead easy,' says he. 'You see, I had a partner once who was deaf guage. When the conductor comes along, I'll give him this ticket, and when he kicks I'll reply with my hands. Then he'll kick some more, and I'll give him another dose of signs. He won't be able to make me understand at all, and the deuce a bit will be understand himself. By that time the passengers will get interested, and a howl will go up against putting off a poor deaf and dumb man. The upshot of the affair will be that he'll lack the moral courage to fire me, and I'll i

get my ride to Dallas.' "I was so amused that I let him take the ticket and kept on chuckling until a friend from Texas dropped in a few days later to have a chat. 'Did y' hear about that deaf and dumb man who was swindled by some scalper?' says he.

"'No, says I, beginning to feel chilly down the back. " 'Well, it was an outrage,' he went on. 'Some infernal rascal sold him a dead ticket to Dallas, but the conductor was kind enough to carry him after he got the facts. I didn't hear the scoundrel's

name, but the passengers have it, and they are going to show him up. "That's tough, isn't it? If I ever see that smooth gent again, I'm going to have some of his gore."-New Orleans

Times-De poerat.

The Bose Found tath factory. The fire and water committee met at No. I fire station this afternoon to witness test of the Keystone hose which rent back some weeks ago, couplings not being satisfac

bory. The hose was guaranteed to stand 500 pounds pressure, and two lengths were ted to this pressure, and one to 495 pounds without a leak of any kind. The remainder of the hose was tested to near the end. At a fire, the pressure with a steam engine is from 200 to 250 pounds. All the couplings were found firm, new ones having been put on.

Brought To The Prison. Sheriff Smith and constable Beardsley Barrie, arrived in the city to day with Andrew Rankin, who, for the crime of bur A Pliable Line.
