PILGRIMS KILLED ON A TRAIN. Father and Daughter Dead and Ten Other Passengers Injured. MONTREAL, Aug. 10.—The fast express from Montreal to Ottawa on the Canada Atlantic, jumped the track near St. Poly-carpe yesterday and seven people were killed and many injured. The cause of the accident is unknown. The identified dead so far are: Joseph Rocheleau and daughter, Champlain street, Montreal. Ned Stairs, Ottawa. Wilson O'Connor, Ottawa. The fatally injured are: Nellie Ryan, Bridges Ryan, and Elton McDougall, Maniwaki, and Mrs. Joseph Rocheleau, Montreal. Most of the dead and injured were pilgrims returning from the shrine at St. Anne de Beaupre. The locomotive is dented and the baggage and second-class cars are smashed. The fireman McLaugh was killed and lies buried underneath the engine. The engineer is hurt, but not seriously. The first-class cars remained on the track and some of the passengers in them were taken to the hospital. The Sunday school class reached the place twenty minutes after the accident, and a special sent west as far as Alexandria for medical assistance arrived back at the scene of the accident in one hour and twenty minutes.

A KIPLING BOYCOTT. One of His Books Thrown Out By An Indiana Sunday School. CRAWFORDVILLE, Indiana, Aug. 10.—Rudyard Kipling has been boycotted by the Sunday school of the First Methodist church, Crawfordville. The Sunday school purchased a number of new books for the library from the Methodist publisher of Cincinnati, and so these books come from what was regarded the fountainhead of pure literature little attention was paid to several volumes thrown in for good measure. Among these was Kipling's "Drama of Rudyard Kipling" which they consider to be the work of a man who showed in it was "filthy reading with profanity, and most outrageous things." Fortifying himself with numerous quotations, he went before the Sunday school authorities and as a result the book was thrown out of the library. William's Youth Was One. Ryan, Aug. 10.—Engineer Will Ryan's youth was one of the chief prizes in the Royal Victoria regatta here yesterday. The Sunday school of the First Methodist church, Crawfordville, has ordered a gun boat to proceed to Great Canada from Niagara.

KELLERT ASSAULTED. Bell Of Carranza Letter Fame Hit Kellert. HE WAS JAILED TO COOL OFF THE DETECTIVE HAD DENIED HE KNEW PRISONER. Bell Acquitted of Stealing The Letter But Held on Charge of Assaulting Kellert—He Was Fined For His Attack on The Officer. MONTREAL, Aug. 10.—George Frederick Bell, the man who alleges that he stole the now famous Carranza letter, was tried yesterday on a charge of assault preferred by detective Kellert. When the case against Bell re the Carranza letter was called for the deliverance of judgment the magistrate said that he would have to hear the evidence of Kellert before he delivered his judgment. Kellert went on the stand and proceeded to deny all knowledge of Bell previously to the second publication of his alleged confession. He had only been on the stand a minute when Bell, who claimed Kellert had, arose from his seat and said a rash at him, landing a heavy blow on his neck. Kellert asked for the protection of the court, and Bell was locked up to cool off. Kellert then finished his evidence, and judgment was rendered acquitting Bell of the charge of stealing the letter. The charge was preferred by a local newspaper proprietor. The judge held that no evidence of a letter having been stolen was adduced. For the assault on detective Kellert he was fined \$10 and costs, or two months' imprisonment, and also to furnish security to keep the peace for one year. On the charge of contempt of court he was let off after making an apology.

ISLAND OF ANTICOSTI. Mr. Wallace Brings up Member's Treatment of Fox Bay Settlers. OTTAWA, Aug. 8.—The whole of today's session was spent by the house in supply of public works supplementary. Only fair progress was made, the opposition speakers, Messrs. Foster, Taylor, Clarke Wallace and Bergeron, objecting to the votes for public works in the ocean and river branch. The vote for dredging a Toronto harbor and diverting the Don was among the items passed. The afternoon and evening sessions were also spent in supply of public works supplementary estimates. On a vote for the renewal of a telegraph line on Anticosti island, Mr. Clarke Wallace made a lengthy speech, and then Mr. Tarte for, as he said, insulting the Methodist body. He argued that Mr. Menier was acting in an arbitrary manner claiming absolute rights over the island. He had attempted to evict the inhabitants in an arbitrary and harsh manner. The premier, in reply to Mr. Wallace, said that Mr. Menier claimed the ownership of the island, and the court would have to decide that. It was true that Mr. Menier was a foreigner, but he purchased the island from a British subject, who bought it at a mortgage sale and had paid for it. It was true he had given to his manager the title of governor, a somewhat bombastic title, but he recognized the laws of the country; he paid the customs and other duties, and had never claimed any rights, except as a subject of her majesty. As to the fishermen whom Mr. Menier attempted to eject, it was only fair to say an attempt at compromise was made between these men, and the attempt failed, and then the matter was referred to the courts. Mr. Menier was a millionaire; these men were poor and could not meet him in the courts on equal terms, so the government of Quebec had to counsel for them. These men, however, French-Canadians, Protestants, and some Protestants, Mr. Tarte to attach any importance to this. Mr. Sifton said that he happened to be a member of the Methodist church and was very close to the minister of public works when he made the speech referred to so often and he was bound to say that he utterly failed to see the slightest indication that Mr. Tarte intended in any way to reflect on the members of the Methodist church, who had expressed the idea that he intended to reflect on the church, were altogether mistaken and had taken an altogether erroneous meaning from the remarks. Mr. Bourassa said that the name of governor was often given to managers of large properties in Europe and in France. Mr. Menier had given instructions to his manager to encourage the settlements of Canadians on the island. All goods landed on the island were entered for customs at Quebec, and the 7,000,000 francs already spent on the island had been expended in Quebec and Montreal, or was for goods on which duty was paid.

Wants Better Sidewalks. Alderman McLeod holds the opinion that the present system of laying sidewalks is wrong. Only one or two men find employment at the work, whereas there should be at least two men in each ward. Under the present system walks that are not put down until the fall. The contractor should be compelled to put a larger force of men at work early in the spring and finish up the task. Alderman McLeod goes further and maintains that the system of having board walks is wrong. The city would be money ahead in the long run by laying either gravel or asphalt walks. If more of these walks were laid the general health of the people would be better, as the nauseating odor of decaying vegetable matter, so prevalent where board walks exist, would be entirely removed. There are many places around the city where board walks exist, but positively the worst of the sort are those on the west side of King street, between Gore and West streets, and on the south side of Ordnance street, between Montreal and Rideau streets.

The Band Appreciated. The 14th battalion band returned to day from Coatsville, N.Y., where yesterday they furnished music at a German sausagefest. The bandmen say they were handsomely treated, and on the other hand the people were delighted with the excellence of the music rendered by the celebrated band. It cost the society a very heavy price to get the band, and the band was well satisfied, as the band was a strong attraction. At the game \$1,450 was taken in. Secured The Contract. Mitchell & Wilson, Gananoque, have secured the contract for the erection of a large summer cottage for Edward Leferre, M. D., New York. The location is on the main shore, one-half mile above Rockport. The design calls for a very attractive cottage. A large and handsome boat house will also be erected. The cottage is to be completed and ready for occupancy by June 1st, 1900. Women as House Painters. Berlin has added house painting to the daily increasing list of trades followed by women. The women have secured a regular apprenticeship, including gymnastic training, so that they will not lose their nerve while working on scaffolds or ladders. They wear the gray linen frock and cap that are the house painter's badge, as well as his shield from paint.

A Terrible Business. ST. THOMAS, D.F.W., Aug. 10.—The island of Montserrat, West Indies, was completely devastated by a hurricane Monday. Churches, estates and villages were destroyed and nearly a hundred persons were killed. In addition many were injured and rendered homeless and terrible distress exists among the sufferers. A Request To Notre Dame Hospital. MONTREAL, Que., Aug. 10.—The late Ephraim Chagnon lies beneath the stone dome of Notre Dame hospital and \$2,000 to the Royal Dues. The estate is estimated at \$20,000. William K. Thornhill, Alexandria, Bay, was in the city this morning on his way up the St. Lawrence.

SPORTING PARAGRAPHS. The Various Events Which Have Occurred During the Week. A new spar has been fitted in the yacht Keestrel which is expected to add to her sailing qualities. The Frontenac and the Ponies will play baseball match at Father Spratt's picnic, Wolfe Island, on August 24th. The Beaver, designed by Mr. Payne, Southampton, Eng., will likely be the yacht selected to defend the Canada cup. Yesterday "Chaouar" Elliott and George Sullivan went over to Clinton Falls, N.Y., to pitch and catch respectively for the baseball team of that place against a Syracuse team. This morning the secretary of the Kingston lacrosse club received an invitation from the Trenton club for a match there on the 22nd inst. The local club was offered \$25, but that amount is not sufficient to cover expenses. The Montreal yacht Keestrel left for Toronto where on Monday next the annual regatta there will open. The Keestrel will enter the twenty-seven foot class. Her crew consists of Capt. H. Cunningham, Southampton, Eng., and Mr. Arthur Dalton, Dr. Black, H. Riekey and Capt. B. Leslie. Robinson Got The Links. There is a little dissatisfaction over the manner in which the bicycle club distributed some of the prizes for the recent road race. For instance, mayor Ryan offered a pair of gold cuff links to the first Kingston bicycle club rider to finish. Hunter is not a member of the club, neither is Beasance, but the mayor presented them to a member by placing them on the club team. He was the second Kingston rider to finish, but the cuff links went to Robinson, who is a member of the club, and the third Kingston rider to finish.

MADE A MISTAKE. The Old Market Tolls Should Not Have Been Lowered. It looks as though the city council was a little hazy in lowering the market tolls in keeping with the schedule arranged by the Ontario government. Apparently the city property and markets committee of 1897, of which mayor Ryan was chairman, did not fully look into the new act, or having done so, failed to comprehend all its clauses. Clause ten provides that in the event of any municipality existing and maintaining a by-law providing for the sale of produce on the streets, outside the markets, free of toll, the council shall have the right to enact and put into force a schedule of market tolls irrespective of the one adopted by legislature. Section No. 559, subsection No. 10, of the revised statutes, 1897, deals with the question at issue: "The preceding nine subsections shall not apply to any municipality which passes and so long as it keeps in force a by-law providing that the vendors of any articles in respect of which a market fee may under this act be lawfully imposed, may, without paying market fees, offer for sale and sell or otherwise dispose of any such articles at any place within the municipality, excepting the toll upon the market place and place thereof." Kingston has always had such a by-law in force—No. 492. Clause Nos 5 and 6 give farmers just such rights to sell their produce on the roads as the Ontario statutes have reference to. It seems strange that wide awake aldermen should have overlooked the clause in question. If they told that they must lower the market toll, but they had access to the by-law and statutes, by which they should have been governed.

At the request of the governor of Natal the British government has decided to send several regiments of infantry to the border of the Transvaal, as a precautionary measure. A London despatch says that nothing but war will settle the Transvaal question. The war office has notified shipping companies to hold their transports in readiness for use at any moment. E. W. Kalk, agent of the Hamilton & Dundas railway, has been engaged by R. G. Reid, the Newfoundland millionaire, to establish an express business on his system of railways and to take charge of the telegraph business. After many months of surveying and the expenditure of much money, the C.P.R. engineers have at last discovered a feasible route for a railway over the divide between the Kettle and Okanagan river valleys, and to the south of camp McKinley. Mrs. Edward Tacheer, of Lachine, has taken action against the lacqueus "Vile Marie" for \$200, which she says she deposited on Monday afternoon, after it had been decided to close the bank Tuesday morning. The khafia is organizing his forces with the intention of opening an offensive campaign after the rainy season, and the desperado who were disbanded after the battle of Ouderman have been ordered to reassemble under arms. Major Girouard, the Egyptian hero, was dined at the hotel Victoria, Aylmer, Que. The major has received an invitation from one of the big American monthly magazines to write an article on his work in the Sudan, and to fix his own terms. F. Wolfertson Thomas, general manager of the Mohawk bank, says that all but two thousand dollars of the \$82,000 stolen from the bank at Winnipeg has been recovered, and the reward of \$10,000 paid, less the percentage on the proportion not recovered.

There is Little Prospect. So far there seems no prospect of government aid for getting up an exhibit of minerals from this district, as desired by the Kingston board of trade. It is claimed that the available exhibit space is taken up, and that there is no room for any exhibit in addition to those already secured. The local promoters thought it might do to risk this and by private means secure exhibit room at another quarter than that assigned to Canada. Probably they would have succeeded. Baseball Yesterday. A TERRIBLE FLOOD. Hundreds of Homeless—The Work of a Hobbar Hand. CHICAGO, Aug. 10.—A special to the Tribune from Vancouver, B.C., says: "The following mail advices were received by the Empress of Japan: A terrible flood has swept over the sub-prefecture of Wa Chow, where 1,850 houses were destroyed, and thousands of poor people rendered homeless. A band of thousands of robbers is ravaging the country. Two junks full of soldiers, to head them off, were captured, arms taken from the soldiers and the junks burned. Hundreds of the soldiers were drowned. Seven hundred natives who resisted the onward march of the enemy were killed while 2,000 saved their lives by joining the robbers. An agreement has been arrived at between the British and Chinese governments that the United States shall have an exclusive settlement at Han Kow. There is a good deal of speculation as to what the British government will demand by way of reparation for the massacre of Chinese christian converts of the church missionary societies' mission at Kinning, in Fokien province. There are indications that the gentry of Kinning were in thorough sympathy with the ruffians who effected the massacre, and issued violent anti foreign proclamations. ODDFELLOWS IN SESSION. Nearly Four Hundred Delegates Present—Review of The Order. TORONTO, Ont., Aug. 10.—The grand lodge of Ontario I.O.O.F., in Victoria hall, opened its forty-fifth annual convention yesterday. Upwards of 400 delegates were present. Reports of the year's work show an increase in membership of nearly 500. There were over 200 deaths during the year, the largest number in the history of the order. The membership table for twenty-five years shows an increase from 10,188 in 1875 to 23,052 in the last return. There are now 278 subordinate lodges under the jurisdiction of the grand lodge. The total receipts for the year amounted to \$248,463, and the aggregate assets of grand lodge amounted to \$976,365. INHABITED BY THE DEAD. Neighbors of a Canton, Ohio, Family Find Ghastly Evidence of Crime. CANTON, Ohio, Aug. 10.—The dead bodies of Edward Rakinger, his wife and their three-year old daughter, were found by neighbors lying on a bed in the Rakinger dwelling, three miles from here, yesterday. Mrs. Rakinger had seemingly shot her husband and daughter with a shotgun and then tried to commit suicide by gassing the veins in her wrist with a knife. The latter apparently proved too slow or else too painful, for the woman put a third charge in the gun and sent it through her heart. He was twenty five, she twenty-three. They had quarreled frequently and had agreed to separation. Two Hundred Drowned. PONCE, Aug. 10.—A hurricane struck here at eight o'clock Tuesday morning and flooded until 3 p.m. The rivers overflowed, flooding the town. It is estimated that two hundred persons were drowned. The town and port are total wrecks. It is believed the damage done will amount to over \$500,000. No news has been received from the interior since the storm broke. Two Arrests Made. WATERTOWN, N.Y., Aug. 10.—William B. and Minnie Sharp were arrested for giving an alleged indecent exhibition. The woman pleaded guilty and paid a fine of \$10. The man pleaded not guilty, but afterward changed his plea to guilty. He cannot pay his fine of \$15 and will probably spend twenty days in the county jail. Dr. Mitchell's Promotion. BARRIE, Aug. 10.—George A. Mitchell, efficient master of bridges and buildings on the northern division, G.T.R., with headquarters here, has left for Toronto to assume his new duties as master of bridges and buildings on the middle division. His successor is Edward Brown, promoted from Lindsay. Harvesting Commenced. WINNIPEG, Aug. 10.—Wheat cutting has started at Cartwright, in southern Manitoba. The general harvest is two weeks off yet. The yield in nearly every district promises to be exceptionally heavy. Another Lethal Man Lying. AMHERST, Ont., Aug. 10.—Adolphus, alias "Echo" Brown, colored, was shot and killed last night and Edgar and Edward Bart severely flayed by a gang of armed men. The colored men were charged with numerous crimes. Jealousy the Cause. NORTH CONWAY, N.H., Aug. 10.—Charles Bennett, Windham, Me., shot and killed Ida Miller, Standish, Me., in the highway near Conway Corner last night. The murderer then committed suicide. Jealousy was the cause. Total Wave Sweeps Fairport. VALPARAISO, Chile, Aug. 10.—A tidal wave burst into the bay yesterday evening, tearing down the embankment and sweeping off a number of cars, locomotives and tons of merchandise. The loss is estimated at \$1,000,000. Fast Passage To Dawson. VICTORIA, Aug. 10.—The Canadian development company has delivered passengers in Dawson in six days from Vancouver and ten and a half from Ottawa. William and Peace Conference. BURLINGAME, Aug. 10.—Emperor William, it is said, has decided to consent to the resolutions of the peace conference.
