A MYSTERIOUS DROWNING. CHARLES GREAVES MET DEATH AT CLAYTON.

The Young Lad Was Missed Off the Steamer Islander—Body Found at the Wharf on Saturday Night—No One Saw the Accident—Probably Was Stunned in Falling Off the Wharf. A very mysterious drowning accident occurred at Clayton on Saturday, the victim being Charles Greaves, the fourteen-year-old son of W. D. Greaves, customs landing-waiter in this city. The young lad had charge of the candy booth on the steamer Islander all season, being in the employ of Nash Bros., who have the contract on the white squadron fleet. The steamer Islander was due to leave Clayton about 8:45 on Saturday morning, and the last seen of the unfortunate boy was some time before that when he was standing on the gang plank talking to Miss Nash. When the steamer left on her daily route he was missed and his whereabouts could not be accounted for. During the day nothing was heard about him, and his friends grew very anxious.

On Saturday night about half-past nine some young men were fishing at the lower end of the railway wharf where the steamers take on coal. One of their hooks caught something on the bottom, and it came to the surface. It proved to be the body of the missing boy. It had been in the water for many hours. The body was taken charge of by undertaker Porter, of Clayton, who prepared it for burial. News of the affair was telegraphed to the deceased's parents here. At one o'clock yesterday afternoon the steamer Jessie Bain brought the remains to the city. How the accident occurred nobody knows, and only a surmise can be given. The crew of the steamer Islander are quite positive that the boy did not fall off the boat, but must have fallen off the wharf and sunk at once. No cries were heard. It falling the deceased lad may have struck his head against the side of the steamer and been stunned. There are two bruises on the face, one on the left temple and another on the cheek. The deceased's parents say that their son was not well on Friday, and felt somewhat dizzy.

CHURCH PARAGRAPHS.

What Occurred in the Various Sanctuaries On Sunday. Robert Meek preached in Portsmouth Methodist church last evening. Archbishop Gaucher was in Tweed on Sunday conducting confirmation. Rev. Father Feeney, St. John, N.B., celebrated early mass in St. Mary's cathedral yesterday.

Rev. J. G. Tibb, Eglington, has been appointed corresponding secretary of the Ontario Sunday school association. He will assume his duties on September 1st. Rev. Dr. Smith again occupied the pulpit of Chalmers' church yesterday. The pastor, Rev. M. Macgillivray, will be home from his holidays at the end of the week.

Twenty-six years ago sermons were preached in one of the city churches which won for the preacher the pastorate thereof. Yesterday the same sermons were preached by the same minister. Rev. Mr. Elliott in his sermon yesterday told of the inspiration he had received during the week by the generosity of leading members of Queen street church who readily promised good sums of money to aid the young people of the church to get books for the reading circle and for prizes for the best essays.

There was a very fair attendance at the Free Methodist mission on Queen street yesterday afternoon. The Rev. Mr. Burnham conducted the service and preached an excellent sermon from Ephesians vi. 16: "Put on the armour of God." Conference begins in Toronto on August 30th. The Rev. Mr. Sims, formerly of this circuit, will be in attendance and may shortly visit Kingston.

Rev. J. B. Saunders, D.D., of Dundas street Methodist church, London, occupied the pulpit in Sydenham street Methodist church yesterday during both services. He delivered two beautiful discourses, which were listened to by fairly large audiences. In the morning he spoke from First Peter ii. 5: "Ye also as lively stones are built up a spiritual house, an holy priesthood, to offer up spiritual sacrifices acceptable to God by Jesus Christ." He dwelt on the necessity of us all being living members, not dead stones. We should be Christians, and thus be built into this spiritual edifice. We should all be living stones doing something for humanity and for Christ. In every church we could be that. In the evening the learned doctor chose his text from John viii. part of the 31st verse and all of the 32nd, part of which reads: "Ye shall know the truth, and the truth shall make you free." The sermon was a fine exposition of truth and the freedom thereof.

Should Go in for Prayer. KINGSTON, Aug. 28.—(To the Editor): Do we believe in prayer? Is the service to the sanctuary enough for seven days? Is an hour in the week and that in the cool summer evenings not well spent if we meet for prayer? Would our organizations for work not be much more fruitful if we all met once a month for mutual prayer and conferring together? If so, the first day of the month would be a suitable day inasmuch also as thousands are that day praying for the holy spirit. Do we Christians need an outpouring of the holy spirit? Do we keep striving after our early ideals? Or is not the time spent in play, business, dress, intellectual pleasures, a thousand times more than that spent in spiritual exercises?—FATH.

TWELVE INNINGS GAME.

Baseball Match on Saturday Afternoon—Some Close Playing. Although the Beavers and Princess streets did not play ball at Lake Ontario park on Saturday, yet an interesting game was witnessed by the crowd in attendance. The Kingston baseball team required practice, and the majority of them went out. Two teams were picked, captained by "Colt" Metcalfe, and "Chaucer" Elliott. The players were: Elliott's team—Christmas, c.; Carson, p.; Dehoney, lb.; Elliott, 2b.; W. Wilson, 3b.; Kennedy, s.; Ryan, lf.; Evor, cf.; Fowler, rf. Metcalfe's team—Hunt, c.; Torcott, p.; Metcalfe, lb.; Wilson, 2b.; Robinson, 3b.; Young, s.; Easton, cf.; Laird, rf.; McCaig, lf.

The play by both teams was very close, very few errors being made. At the end of the ninth innings the score stood four to four. It took twelve innings to decide the game, and only for a brilliant catch made by centre fielder Evor in the twelfth when two men were out and two on bases, Metcalfe's team would have tied the score, as two men would have crossed the plate. "Wicky" Wilson's wild throw to third in the eleventh innings lost the game for "Colts" team. The score by innings was: Elliott's.....2 1 0 0 0 1 0 0 0 0 2-6 Metcalfe's.....0 2 0 0 0 0 2 0 0 0 1-4

Sporting Notes. The Dominion rifle association matches opened at Ottawa to-day, and continue until Friday. Capt. Cunningham, Sergt. Oreggson, Toner and Milligan, and Pta. Swaine, 14th, P.W.O. rifles, are the Kingston marksmen in attendance. It seems that the whole blame for the breaking up of the junior baseball league cannot be placed on the shoulders of the Beavers. Perhaps the executive might bear some of the blame. The Beavers claim that their captain did not receive word until Saturday morning that Elliott had been allowed by the executive to play, and further the action in allowing this was not fair to their team, without sufficient notice. When the captain was informed that the Princess Streets would not play the Kingston catcher, he tried to have the game played but it was too late to do so. Good time among the players as they came out. The Beavers...

STEAMER AMERICA'S TRIP.

A DELIGHTFUL SAIL AMONG THE THOUSAND ISLANDS. Capt. Carnegie a Popular and Believable Officer—Points Passed on the Route—Searchlight Revealed Very Many New Beauties.

To this popular steamer, placed in charge of Capt. Carnegie, was assigned the duty, on Saturday afternoon, of doing the regular excursion among the river islands. She had a very large passenger list, which was composed almost entirely of Kingstonians and a respectable and appreciative party belonging to the Methodist church at Ojdesa who thoroughly enjoyed the splendid trip, which consisted of a passage down the commonly used south channel past Clayton, Round Island, Murray Hill, Thousand Islands and St. Lawrence Parks, Point Vivian, Edgewood and the other well-known fine sites, to Alexandria Bay; after passing which the able and careful captain took those entrusted to his care through Deer Island channel, towards Rockport on the Canadian shore, along which channel are to be found some of the very best scenery and most expensive and attractive structures to be found on the river, with which the tourists were highly delighted. The steamer wandered her way steadily up the Canadian channel past Rockport and Echo Lodge, when the boat's whistle was opened and its varying sounds were heard to reverberate through the wooded hills, vales and nearby rocky cliff-tops distinctly, and amused and interested the passengers very much, especially those whose first experience it was to hear those echoing sounds. Proceeding on his course towards home, Capt. Carnegie shortly afterwards took his guests into the beautiful "Lost Channel" and the "Fiddler's Elbow," whose unique and romantic scenery delighted all on board. To many it was a surprise to learn that such well-schooled beauty could be found so near and convenient to our city. It required great care, rare skill and knowledge of these intricate windings and narrow passages to take a vessel through them safely, but to Capt. Carnegie they were all quite familiar, for he and his capable helmsman took his craft along as calmly and as surely as if they were sailing about our own harbor of Kingston. A cut was now made into the main channel again, taking in Horseblock point and Hasted bay, soon getting into the Admiral group of islands opposite Gananoque, whose beauties were vividly brought out by the boat's searchlight, which greatly delighted those on board. Home was reached at the early hour of nine o'clock after one of the most delightful trips of the season.

At the beautiful "Lost Channel" and the "Fiddler's Elbow," whose unique and romantic scenery delighted all on board. To many it was a surprise to learn that such well-schooled beauty could be found so near and convenient to our city. It required great care, rare skill and knowledge of these intricate windings and narrow passages to take a vessel through them safely, but to Capt. Carnegie they were all quite familiar, for he and his capable helmsman took his craft along as calmly and as surely as if they were sailing about our own harbor of Kingston. A cut was now made into the main channel again, taking in Horseblock point and Hasted bay, soon getting into the Admiral group of islands opposite Gananoque, whose beauties were vividly brought out by the boat's searchlight, which greatly delighted those on board. Home was reached at the early hour of nine o'clock after one of the most delightful trips of the season.
