FREDE BICKSBURGH, Aug. 27 .- Great danger from fire constantly exists as a spark anywhere immediately ignites and spreads with lightning rapidity. Sparks from passing locomovives are a constant source of danger as evidenced by the many fires along the railway where fences have been burned for a considerable distance, the crops destroyed or damaged. In some saved. Many farmers have lost hundreds of rails by such fires. Will the company deal reasonably with them and make good naming the amount. the damage, or will they dispute the George I Perry shipped two car loads of course, I did not count it until a little been granted his discharge from the Royal A. N. Lindsay, St. Catharines, spent sion would ever induce him to accept a fantry—To be captair, second lieutenant sion of the county council held here George Jimmy" Ryan at the end of a twenty. from Chicago, to spend two weeks at home at P. Hunt's. Stanley Smith spent a few days in Belloville last week, returning Sunday. A little girl has gladdened the land by the Normans and were adopted home of Luke Young. Miss A. German, by the nobility about 1100.

Water Supply Growing Short. The extremely dry weather that has there; hence Prys. Pritchard, etc. prevailed to the surrounding country for so long has greatly affected the water supply. Creeks, wells and springs are go. Many of the most common surnames, ing dry, and villagers and farmers are put wuch as Johnson, Wilson, Dyson, Nicholeven a scane supply of nature's nectar. doores of wells are being sunk deeper ; she hope of striking a fresh rein of water. | tian Advocate. Wells that hitherto yielded up from earth's hidden recesses a cool, sweet liquid, when cepened only a few feet often produce water strongly sulphuric in its taste and odor. It seems atronge that there should the refusal to appear as a hero. To rebe two veine of water only a few inches | sist a temptation to make a display of apart and yet so different in their com- energy, courage or whatever is likely to bis city. ounds. Yet the farmers roundahout the show itself conspicuously in that which city have proved the truth of this.
