Bad Water One of the Most Ferti'e Sources of Diarrhoca. Dysenters and Cholera Mo bus.

disease germs and impurities now than at any other season.

People who suspect the water they drink to be bad, can prevent disease

by adding about fifteen drops of Dr. Fowler's Extract of Wild Strawberry to every glass. It does not impart any perceptible

taste to the water, or render it un-It does, however, destroy those germs and microbes which produce the severest and most dangerous

types of bowel complaint, Those who have neglected this simple precaution and are suffering from diarrhoea, dysentery, cholera morbus, or any bowel trouble through drinking impure water, will find this remedy give them prompt relief from pain, and effect a speedy

There is just one word of caution we would give. See that the full name, Dr. Fowler's Extract of Wild of friends and relatives to Sheldon's Strawberry is on every bottle.

TORONTO, CANADA. HEAD OFFICE. \$500,000 of the Preference Stock has already been subscribed for by certain of the Directors, and will be allotted to them; for cash.

\$500,000 of the Preserence Stock is retained in the Treasury of the Company for purposes of its future operations. THE NATIONAL TRUST COMPANY, LIMITED, offer for public subscription the balance, viz.:

\$2,000,000

7 PER CENT. CUMULATIVE PREFERENCE STOCK AT PAR.

THE CANADA CYCLE AND MOTOR COMPANY, Limited,

is to be incorporated under the Ontario Companies' Act to acquire as going concerns the businesses, as manufacturers and dealers in Bicycles and Bicycle Parts, now carried on by the following well known Companies:

MASSEY-HARRIS COMPANY, Limited, H. A. LOZIER & COMPANY (Cleveland Bioyoles), WELLAND VALE MANUFACTURING COMPANY, Limited, COOLD BICYCLE COMPANY, Limited, CENDRON MANUFACTURING COMPANY, Limited,

including t' Plant, Machinery, Tools, Stock-in-Trade, Fixtures, Patent Rights, Trade Marks, Trade Names, Copyrights, Good-will and Leaseholds of the above med Companies in connection with their said business; and including also all the real property of H. A. Lozier & Company, and The

Goold Bicycle company, Limited. THE COMPANIES. The bicycle industry is one of great importance and magnitude in Canada. The constituent Companies are the leaders in the trade. Their

Trade Marks and Brands are everywhere popularly known, and by reason of their world-wide reputation for unrivalled excellence some of the Companies enjoy a large and growing foreign trade which offers a favourable field for development, and which this Company proposes to extend. The Companies give employment to about 1,700 men. Their outputs for the past year aggregated about 38,500 bicycles. The plant and machinery are of the latest and best equipment, and capable of twice that production with but small additional outlay in tools. The factory sites to be acquired by the Company are especially adapted for manufacturing purposes; have advantageous shipping facilities, and will permit of ample

extensions to the existing buildings. Each of the above-named Companies has covenanted not to engage for long periods of years in any business competing with the bicycle business of this Company.

NET EARNINGS. The steadily progressive character of the business of the constituent Companies is shown by the following Accountants' certificate:

We certify that the combined net profits in the business of Bicycles and Bicycle Parts of the Massey-Harris Co., Limited, H. A. Lozier & Co. (Cleveland Bicycles). Welland Valo Manufacturing Co., Limited, Goold Bicycle Co., Limited, and Gendron Manufacturing Co., Limited, for the past three years, are as follows :-

1896-7 - - - \$190,914.02 1897-8 - - - \$304,907.03 1898-9 - - - -\$330,115.35

Toronto, Canada, August 28th, 1899.

GEO. EDWARDS, F.C.A. ALEX. HART-SMITH, C.A. Auditors.

ADVANTAGES.

Amongst the advantages to be gained by this amalgamation of interests, the following may be enumerated:— FIRSTLY-Reduction in selling and distribution expenses and advertising. SECONDLY-The economies and improvements in production arising from the practical knowledge of the members forming the Board of Directors, which will be available for each branch of the business. THIRDLY-The economies due to consolidation of management, manufactories, office work, and of buying, distributing, and financial

The Directors are fully alive to the desirability of conserving the individuality and initiative of the various businesses, and will not allow consolidation to act detrimentally in these matters, but there are obvious advantages to be gained, as, for example, in buying in large quantities in the best markets, in the supply of ample capital, and in the manufacture of a large output of high-grade wheels at prices to meet the demands of the public. MANAGEMENT.

The Management of the Company will be in the hands of experienced manufacturers, who have been identified with the leading bicycle companies of Canada in the past, and have made a success of the business.

WORKING CAPITAL.

The Company will commence business without any bonded or mortgage debt and with a working capital in excess of \$1,000,000, exclusive of the additional capital available from the issue of the Preference Stock in the treasury (\$500,000).

DIVIDENDS

The Preference Shares shall confer the right to a fixed cumulative preferential dividend of 7 per cent. per annum accruing from the date of payment by subscribers, to be provided tor out of the net earnings of the Company before any dividends are paid upon the common stock, and the further right to repayment of capital in priority to the common stock, but they will not be entitled to further participation in profits or assets. If in any one year dividends amounting to 7 per cent. are not paid on the preference stock the deficiency shall be a first charge upon the net carnings of the Company and shall be paid subsequently before any dividend is paid upon or set apart for the common stock.

Dividends will be payable half-yearly on the 1st days of May and November, or such other half-yearly dates as the Directors may determine.

RESERVE ACCOUNT.

The Charter of the Company will provide that 25 per cent, of the balance of the net earnings, after payment of the 7 per cent. dividend on the Preference Stock, shall be annually transferred to a reserve account in the books of the Company, the better to secure to the Preferred Shareholders the payment of the 7 per cent. dividend on their preferred shares, and such annual transfers shall be continued until the amount of said account reaches \$500,000, at which sum it is to be maintained, and if it is at any time drawn upon it is to be in like manner restored and maintained.

The amount required to pay 7 per cent. on the preference stock already taken by the Directors and that now offered to the public being \$175,000, it is considered that such dividends are amply assured, and the above reserve account of \$500,000 has been stipulated for in order that the position of the preferred shares may be rendered independent of any possible contingency.

AUTOMOBILES.

It is intended that an important part of the Company's undertaking will be the manufacture and sale of motors and motor vehicles. This branch of business is a natural outgrowth of the Bicycle industry, and is believed to offer a profitable investment for the capital and the large and successful experience in manufacturing which this Company will command.

Arrangements have been made to have the books of the Company regularly audited by Chartered Accountants. Application will be made in due course to have the stock of the Company listed upon the Toronto and Montreal Stock Exchanges.

\$2,000,000 7 per cent. Preference Stock in the above Company will be offered for public subscription at PAR on WEDNESDAY, the 6TH DAY OF SEPTEMBER, 1899, payable as follows: 5 per cent. on application and the balance of 95 per cent. on allotment. The right

is reserved to reject or reduce any application, and subscription carries with it an agreement to accept such reduced amount. The failure to make payment when due forfeits the previous payment. In case no allotment is made the amount deposited on application will be returned. Subscription Lists will open at the chief offices of the National Trust Company, Limited, Toronto and Montreal, and at the Head Office and Branches of the Canadian Bank of Commerce, at 10 a.m. on Wednesday, the 6th Septer
