Had to be Put Under Opiates.

Bather Gives Up Utterly Discour-Road CUTICURA Testimonial and Got CUTICURA Remedies. Cured in Seven Weeks.

My infant boy was afflicted with a terrible skin disease. The upper part of his body was one mass of bleeding sores which extended to his head, and one of his ears was so affected that we thought it would drop off. His sufferings were beyond description, and he had to be kept constantly under the influence of opintes. Our physician did everything for his relief; but instead of the child gotting better, the disease seemed to become more aggravated every day, until I became utterly discouraged. I could find nothing that would even relieve my child till one day my attention was called to a CUTICUBA testimonial published by you. I bought the CUTICURA remedies, using the CUTICURA, CUTICURA SOAP, and CUTICURA RESOLVENT. The result was simply marvellous. After the third day the opiates were discontinue the child was free from pain and the terrible itching sensation. From day to day improvement progressed, and in seven weeks from the day we started on the CUTICURA remedies the child was cured, the scabs falling off, leaving a clean, smooth baby skin in their place.
