BOOK WORK, PRESS WORK, ANY HEAVY WORK.

The WHIG Office is noted for Clear, Clean Printing. It Will Execute work for all, in or out of the Trade, with Promptness and Economy.

BEFORE YOU START

On your shooting trip we would like you to inspect our stock of Guns, Rifles, Revolvers, Shot, Shells, Ammunition and Hunter's outfits. The quantity and quality will surprise you. CORBETT'S HARDWARE, Cor. Princess and Wellington Streets.

House Cleaning SEASON HAS OPENED. At Strachan's

THE 5 P. M. EDITION.

Second Edition Matter also on Page Five.

COMMERCIAL MATTERS.

What is Going on in the Business World—The Market News. The wholesale trade in Toronto last week showed a big improvement. In Montreal the wholesale trade continues good in all lines, and remittances are good all around. In the past thirty seven years the value of the corn output in the United States has been \$16,900,000,000. The corn yield of the United States for 1899 is estimated at 2,060,730,000 bushels, the number of acres planted being 81,560,000. Last year (1898) a corn farm of 6,000 acres in Iowa yielded a net profit of \$80,000. About 3,800 acres of corn were actually planted. In October the trade of the United States reached its highest mark. Failures were smaller than in any month for the past six years. Cheese sales: Perth, 865 boxes at 11c.; Brantford, 410 boxes at 11c. to 11 1/2c.; Kemptville, 900 boxes at 11 1/2c.; Iroquois, 1,150 boxes at 11c. Canadian piano factories are now working at night in order to keep up with the demand, which is altogether unprecedented in the history of the piano trade in Canada. In a report to the state department, consul McCook, at Dawson, under date of 14th September last, says that the gold shipments for the season aggregated \$9,274,745. In the nine completed months of 1899, Great Britain's export of coal increased 6,253,000 tons, or nearly twenty per cent, as compared with 1898. By far the largest increase has been in exports to Russia, which expanded 1,208,000 tons. France took nearly a million tons more than in 1898. The labor bureau of the British board of trade reports that in September wages of 189,033 English workpeople were advanced. Of these people, 130,088 were coal-miners and 47,177 iron and steel makers. Only 3,560 obtained advances through strikes; 169,899 gained higher wages through the operation of "sliding scales"; 2,549 obtained better pay through arbitration, and 13,035 by direct negotiation with employers.

DEATH ENDS HER ROMANCE

AGED WOMAN EXPIRES BREATHING NAME OF FIRST LOVE. She was killed at Waterloo—Faithful to her Memory for Forty Years, His Sweetheart Finally Married and Came to America—But she Could not Forget Her Lover and Her Last Thought Was of Him. CHICAGO, Nov. 6.—Laden with the weight of 101 years and with nearly all things save the recollection of a love affair of her youth blotted out of her memory, Mrs. Maria Salkovska, a native of Bohemia, died early yesterday morning. Almost with her last breath she had whispered to her attendants the name of her first love, a gallant cavalry sergeant, whom she met when she was one of the non-commissioned staff of Blucher at the Waterloo battle. She was then on a visit with the family of a wealthy uncle in Belgium. Though only a girl of fifteen her imagination was fired and her affections captivated by the dashing dragon and she vowed she would marry him. But the lover was fated never to return from the famous battlefield. He fell mortally wounded in the last charge of Napoleon's old guard. He was borne from the field in the hope of marrying his sweetheart before his death, but he died on the way and the captives never took place. The bereaved sweetheart was a strikingly beautiful girl and in the course of time she had numerous other admirers. But out of tribute to the memory of her soldier lover she remained forlorn and unwedded for nearly forty years. Then at last, fifty-three years ago, she married James Salkovska, who was ten years her junior. They came to America and finally located in Chicago, where they have since lived.

FATAL SHOOTING ACCIDENT.

Shot in the Leg—Died Under the Operation. CORNER, Ont., Nov. 6.—F. Chauvin, of Tilbury North township, about twenty years of age and a school teacher, with two other young men, went into the woods on Saturday for a day's shooting. While one of the young men was in the act of loading his gun the hammer slipped and the gun discharged. The contents entered one of Chauvin's legs above the knee. The young man was taken home where the leg was amputated yesterday. Chauvin, however, died while undergoing the operation. The bone of his leg was badly shattered.

WAS INSTANTLY KILLED.

Son of Capt. St. Dennis Killed—Collision Near Cornwall. CORNWALL, Nov. 6.—The barge Laura, in tow of the tug Nellie Reid, was run into by barges A. and D. in tow of the tug St. George near St. Dennis island at five o'clock this morning, and one man, the son of Capt. St. Dennis, of the barge Laura, was instantly killed. He was coming up the forecastle hatchway and the force of the collision drove the hatch together, cutting the young man almost in two. The vessel is now lying aground near Stanley Island.

A FIRE AT ESSEX.

A Hotel and Contents Destroyed—Other Losses. ESSEX, Nov. 6.—A bad fire took place at Colman's village five miles from here, early yesterday morning. It started in the hotel owned by J. D. Anderson, banker of Essex, and occupied by David Hess. The hotel with all its contents was destroyed. William B. Kellett, general merchant, lost his brick store and dwelling and all the contents of both. Two frame buildings were also burned. The origin of the fire is unknown. Mr. Kellett's loss is estimated at \$6,000, with \$3,000 insurance in the Northern Atlas and Economical. Hess's loss is completely covered by \$800 insurance.

CARBIDE EXPLODED.

And Injured Many Men, Some Quite Seriously. OTTAWA, Ont., Nov. 6.—While the fire brigade was engaged to day in putting out a fire which started in the Ottawa carbide works at Chaudiere, the carbide exploded and injured some ten or fifteen men. Chief Proves of the fire brigade was badly injured. A number of parties are seriously injured and one man is not expected to live.

Death Caused By A Hairpin.

NEEDHAM, Mass., Nov. 6.—Mrs. Robert L. Webb, wife of the pastor of the First Baptist church, met death through a hairpin penetrating her brain. While cooking Mrs. Webb was taken with an epileptic fit and fell, striking the back of her head against a stove. A large bone hairpin which she was wearing inflicted a severe wound near the base of the brain and death resulted within a few minutes.

Victims of A Jealous Man's Rage.

ST. LOUIS, Mo., Nov. 6.—George H. Barshel, assistant manager of the Simmons sporting goods company, attempted to kill his wife and her parents yesterday afternoon. After the assault he committed suicide over the prostrate body of his mortally wounded wife. Jealousy is believed to be the cause of his action. He had been separated from his wife for some time.

As Alderman Dead.

QUEREC, Nov. 6.—The death is announced of L. A. Boisvert, alderman for St. Peter's ward for several years past, and well known proprietor for more than twenty five years of the Commercial restaurant on St. Peter street. He had been ailing for some time and death was not unexpected by his numerous friends. His funeral will be held Wednesday morning.

A Confessed Murderer.

VICTORIA, B.C., Nov. 6.—John Saji, who was sentenced to the murder of Lewis Baker on July 2nd, was brought here yesterday, coming here without the formality of extradition papers. He says he killed the man through a quarrel over the amount to be paid Saji by his victim for his share in a claim. The authorities believe that Saji's object was robbery.

A Church Burned Down.

BONACAYON, Nov. 6.—The Presbyterian church and contents were totally destroyed by fire about two o'clock on Sunday morning. When the fire was discovered it had gained such headway that it was impossible to save anything. Insured for \$1,200. The origin of the fire is not known.

Death of A Sport.

WINDSOR, Ont., Nov. 6.—Holly Chapman, one of the most widely known sportswomen in the country, is dead at his brother Henry's hotel in this city after being ill with a complication of diseases.

Football Games On Saturday.

Brookville, 34; Ottawa College, 6; Brantford, 11; Hamilton, 1; Brockville II 19; Ottawa Coll II, 11.

LEYDS HAS NO NEWS.

Denies He Has Direct Communication With The Transvaal. BRUSSELS, Nov. 6.—Dr. Leyds, the agent of the Transvaal in Europe, denies that he is receiving news from the Transvaal through Germany or any other medium. He says he has no direct news from his country. It is reported that he will shortly go to St. Petersburg.

Yellow Paper's Spectral.

New York, Nov. 6.—The Journal to day prints the following copyright telegram: "LONDON, Nov. 6.—Reports of Boers' victories, coupled with the evacuation of Colenso, indicate that a battle has been fought south of Ladysmith, which the government is keeping secret and leads to a belief of the rumors of another victory for Joubert's column."

Advice From Watching.

LONDON, Nov. 6.—Attention is momentarily transferred to the northern frontier, where the Boers are advancing and the small British detachments are retreating. Despatches from Cape Colony point to the extreme dissatisfaction of the Cape Dutch, who are exulting over the Boer successes in Natal, and are verging on outbreak.

MR. SCOTT'S CONTENTION.

The New Log Case is Being Heard at Osgoode Hall. TORONTO, Nov. 6.—At Osgoode hall, today, justice Street began the hearing of the "Sawlog" case in which the Michigan lumbermen seek to have the act of the province requiring the sawing in Canada of logs cut in Ontario lands declared unconstitutional, or in the alternative to obtain damages from the province for breach of agreement.

ARRESTED AT WINDSOR.

No Intention of Evading Any Just Obligation. TORONTO, Nov. 6.—Application is being made to the divisional court to quash an order by the county judge of Essex under which A. Davies, a United States horseman, was arrested at the instance of Sol White on a capias, charging that he was leaving Canada to escape payment of a debt of \$200. It seems that White gave Davies the right to run a horse of his named Sidney Bender, at the Oakley track, in the state of Ohio. The horse was seized and sold on judgment, and White demands that Davies make good his loss. Davies failed to do so and was arrested at Windsor. He is now out on bail, and claim he had no intention of evading any just obligation.

News From Winnipeg.

WINDSOR, Man., Nov. 6.—About twenty farmers gave evidence at Malita before the grain transportation commission on Saturday. Charging of short weight, unfair dockage, combination to depress prices and even of boycotting farmers who stood out for what they believed to be their rights, were made by several. The others seemed perfectly satisfied.

Where Hold-Ups Occur.

Of late several hold-ups have occurred at Frontenac park. The other evening a young man was accosted by two disguised fellows, who carried away his watch and liquid refreshments to enforce their demands for money. It is reported that an old gentleman residing on York street, was held up last night and robbed of \$37. The police, however, have heard nothing of the case, but they should give this park, which is gaining a bad name, a little more attention.

Queen's Alma Mater Society.

At the meeting of Queen's alma mater society on Saturday night, N. R. Carmichael on behalf of the athletic committee has decided to canvass Kingston and all outside places for subscriptions to the new gymnasium. The society will ask the different years in all the faculties to canvass the students.

Wounded By A Revolver.

CALARY, N.W.T., Nov. 6.—On Saturday George Gouin was probably fatally wounded with a revolver. It is not known who fired the shot but warrants have been issued for the arrest of Mr. Harris, Mr. Gouin's partner, and Mrs. Harris has been bound to appear before a magistrate. The latter case here a while a few months ago. Harris gave himself up to the police.

Get Ahead of Time.

Kid gloves for Christmas presents, 1,000 pairs on Wednesday. 50c the pair. Regular \$1 and \$1.25 kinds. New goods. All sizes. Hardy & Co.

Kron's Footwear & Co. Of Chateaufort.

Ladies' fine footwear, see them at Abernethy's, 127 Princess street.

Patrick O'Hara, aged seventy years; Robert W. Barnet, aged thirty years, and W. G. Henderson, aged fifty-five years, all well known Belleville citizens, died there Sunday.

E. H. Gildersleeve returned this morning from Rochester where he attended the annual meeting of the lake yacht racing association, on behalf of the Kingston club. Rev. John O'Connell, B.A., a graduate of Queen's, will be inducted into the charge of Kemptville and Oxford Mills parishes on November 14th.

INCIDENTS OF THE DAY.

The Spice of Every Day Life—What the People Are Talking About—Nothing escapes the Attention of Those Who Are Talking Spices.

Rev. H. B. Rowe and wife, of Wilton, are in the city to-day. Dr. Dreyfus is confined to his bed by illness, the result of a cold. J. M. Horns, Wolf Island, was in the city to-day on a business trip. P. G. Barry, Watertown, N.Y., is the guest of friends on Colborne street. Mrs. William Wells, Roshay, dropped dead while talking to a neighbor. The Poison medicine company received an order for Castor Oil from England. Brantford, Queen's heavy wing, did not play on Saturday on account of illness. The committees of Ontario dioceses will meet November 20th, 21st, 22nd, and 23rd. It is said that chief Adams, Nanapan, has been recommended for chief of Brockville police. A farmer named Smith, London township, was killed by a falling brick while working in a well. Mrs. Langry pronounces reports that she and her husband, Hugo de Batha, had separated, preposterous. The marquis of Dufferin and Ava has been elected lord rector of Edinburgh university over H. H. Arquith, the former secretary of state. J. B. Cookran, clerk at the post office, has returned from a week's holiday spent with friends in Toronto. His mother accompanied him on the visit. Archbishop O'Connor was presented with an address at St. John's church, Whistby, at the conclusion of a confirmation service. The countess of Aberdeen arrived in New York from Montreal on Friday evening, and sailed on the Campana on Saturday. Should Granite and Ottawa city tie for the Ontario championship, the final game will certainly be played in Toronto. Granite would be well satisfied with such an arrangement. At Kansas City half a million dollars' worth of property was destroyed by a fire on Sunday that started in Jones Bros' big department store in Main and Sixth streets. The Farmers' binder twine company, of Brantford has just declared a dividend of 100 per cent on its paid up capital stock for the last year. The last dividend was sixty per cent. Floods have occurred in Nimes, in the department of Gard, and Privas, in the department of Ardèche, roads being cut through and several bridges and houses swept away. Four burglars blew up the safe of J. H. McKewen's confectionery store in Montreal. Three policemen heard the explosion and went after the thieves, who shot one officer in the arm and got away. The transport Thomas, with the 47th regiment on board, bound for Manila, has sailed from New York. Twenty-five young women belonging to the United States hospital service went out as nurses. R. H. Toys is moving from the store south of the Whig building to the store north of it. "You may break, you may scatter, R. Toys, if you will, but the rent of the Whig will cling to him still." The modus vivendi established with France expires in January, and a member of the Newfoundland government is quoted as saying it will not be renewed, adding that definite imperial action must be taken by the new parliament. Because Hon. J. Tarte left the privy council chamber on Friday shortly after the cabinet met, in order to make a trip to Montreal, the conservative news-mongers sent out the utterly false report that he had resigned. Lying has become a regular thing with these people. James Smart, deputy minister of the Interior, says there are in Great Britain and Ireland, and also on the continent, agriculturalists who will avail themselves of the advantages offered to settlers in Canada, but who are not in possession of sufficient means to warrant their leaving their old homes and coming to this country. A. H. St. Germain, of North Toronto, is visiting with an only sister and two nieces in Paris, Ill., near St. Louis, Mo. Mr. Germain's sister has been ill and he has gone to see her prior to his leaving for Paris, France, to visit relatives there, and in Paisley, in Darnleyshire, England. Mr. Germain's grandfather on his mother's side sailed from London with Sir Richard Cartwright's grandfather, for Quebec, in 1792, and came directly to Kingston. The people will be kind enough to discriminate and not blame all papers. The Whig bulletin boards did not contain on Friday, Saturday and Monday reports of the capture of Lady Smith, nor did they announce Hon. J. Tarte's resignation. When the first report came about the fall of Ladysmith it was repudiated on the bulletin. The Whig is the only paper receiving the telegraphic service of the Great North Western company, the most extended and most expensive of the services available in Kingston.

Some Football Players.

Capt. Young, of McGill, thinks his team can defeat Varsity next Saturday. It is doubtful if any team in Ontario can defeat the Rough Riders on a wet field. The annual meeting of the Kingston general hospital governors was held this afternoon. The Granites' share of the gate receipts at Ottawa on Saturday amounted to \$80. The teams cleared \$125 by running the race. Granites are well off financially. "Tiny" Conwell's decisions in the Ottawa-Granite game, were generally considered impartial, but those of umpire Fitzgibbon were decidedly in favor of Rough Riders. Manager Elliott and secretary Goughgan, of the Granites, are adept at handling a team. Nothing which led to the conflicts of the players was overlooked. A sleeper on the return trip was one of the symptoms. "The Rough Riders played their best on Saturday," said a Kingston sport who saw the game on Saturday, "but the Granites could have played twenty times better. They were badly generated. I will wager anything that the Granites can defeat them on neutral grounds and a dry field." An endeavor should be made by the Granite management to have every player on the field for the next three afternoons. There are only half a dozen of the players who would have to leave their work, and the employers of those could be prevailed upon to let the men off. A general stirring up is needed. Here is how the O.R.F.U. teams stand:
