At Victoria Hall.

A packed house greeted the Whitcher and Machan company at the Victoria playhouse last evening. "Passion's Slave" was the play pressured, and it was one of the finest in the company's [repertoire. The piece delineated the grand passion in the most marked manner, and must have given eatisfaction to the audience if applause is any criterion. The members of the company are well up in their several parts. The lady actresses displayed much ability and are general favorites with their patrons. Gracie Whitcher was a little gem and deserved the warm reception she received. The company is a good one and well deserve the patronage they have earned from the theatre going public.

He Called Them Down. Mr. Bellport, a member of the theatrical company playing in Victoria hall, undertook last night to "call down" a few Individuals in the audience who were reading newspapers while he was giving his specialty. He thought it very rude for people to act in such a manner. But when Mr. Bellport gets a little more experience of the ways of the world, be will not talk in that strain. Even ministers have continu

LONDON, Nov. 10 -Gan. Buller's forces will soon arrive at Durban and will probably begin the advance to the relief of

They have only about a week in which to do this. The fact that they are rather inactive indicates that they are

waiting for something which they feel sure will justify their delay. The Boor artillery is regarded as slight ly experior to Gen. White's command, but the British forces are defending thema. Ives with greatest vigor, constantly harassing
